PROXY STATEMENT FOR SPECIAL MEETING OF STOCKHOLDERS

In this proxy statement (“Proxy Statement”), WISA Technologies, Inc., a Delaware corporation, is referred to as “WISA,” the “Company,” “we,” “us” and “our.”

We are an “emerging growth company” under applicable federal securities laws and therefore permitted to conform with certain reduced public company reporting requirements. As an emerging growth company, we provide in this Proxy Statement the scaled disclosure permitted under the Jumpstart Our Business Startups Act of 2012, including the compensation disclosures required of a “smaller reporting company,” as that term is defined in Rule 12b-2 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). In addition, as an emerging growth company, we are not required to conduct votes seeking approval, on an advisory basis, of the compensation of our named executive officers or the frequency with which such votes must be conducted. We will remain an “emerging growth company” until the earliest of (i) the last day of the fiscal year following the fifth anniversary of our initial public offering (“IPO”) in July 2018; (ii) the last day of the fiscal year in which our annual revenue is equal to or greater than \$1.235 billion; (iii) the date on which we have issued more than \$1 billion in nonconvertible debt during the previous three years; or (iv) the date on which we are deemed to be a large accelerated filer under the rules of the U.S. Securities and Exchange Commission (the “SEC”). Even after we are no longer an “emerging growth company,” we may remain a “smaller reporting company.”

Information Concerning the Proxy Materials and the Special Meeting

Proxies in the form enclosed with this Proxy Statement are being solicited by our board of directors (the “Board”) for use at our Special Meeting of Stockholders (the “Special Meeting”) to be held at 1:00 p.m., Pacific Time, on January 17, 2023 at the Company’s offices at 15268 NW Greenbrier Pkwy, Beaverton, Oregon 97006, and at any adjournment thereof. Your vote is very important. For this reason, our Board is requesting that you permit your shares of common stock, par value \$0.0001 per share (the “Common Stock”), to be represented at the Special Meeting by the proxies named on the enclosed proxy card. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Special Meeting. Please read it carefully.

Voting materials, which include this Proxy Statement and the enclosed proxy card, will be first mailed to stockholders on or about _____, 2022.

Only stockholders of record of our shares of Common Stock as of the close of business on _____, 2022 (the “Record Date”) will be entitled to notice of, and to vote at, the Special Meeting. As of the Record Date, _____ shares of Common Stock were issued and outstanding. Holders of Common Stock are entitled to one (1) vote per share of Common Stock held by them. Stockholders may vote in person or by proxy, by (i) using the instructions provided in the enclosed proxy card to vote online via the Internet or by telephone or (ii) completing, signing, dating and returning the enclosed proxy card in the enclosed postage-paid envelope; however, granting a proxy does not in any way affect a stockholder’s right to attend the Special Meeting and vote in person. Any stockholder giving a proxy has the right to revoke that proxy by (i) filing a later-dated proxy or a written notice of revocation with us at our principal office at any time before the original proxy is exercised or (ii) attending the Special Meeting and voting in person. Notwithstanding the foregoing or anything to the contrary contained herein, due to ongoing public health concerns relating to the COVID-19 pandemic and for the health and well-being of our stockholders, directors, management and associates, we are planning for the possibility that there may be limitations on attending the Special Meeting in person, or we may decide to hold the Special Meeting on a different date, at a different location or by means of remote communication (*i.e.*, a “virtual meeting”).

Brett Moyer is named as attorney-in-fact in the proxy. Mr. Moyer is our Chairman of the Board, President and Chief Executive Officer. Mr. Moyer will vote all shares represented by properly executed proxies returned in time to be counted at the Special Meeting, as described below under “*Voting Procedures and Vote Required.*” Where a vote has been specified in the proxy with respect to the matters identified in the Notice of the Special Meeting, the shares represented by the proxy will be voted in accordance with those voting specifications. If no voting instructions are indicated, your shares will be voted as recommended by our Board on all matters, and as the proxy holder may determine in his discretion with respect to any other matters properly presented for a vote before the Special Meeting.

The stockholders will consider and vote upon (i) a proposal to authorize the Board to amend the Company’s certificate of incorporation, as amended (the “Certificate of Incorporation”), to effect a reverse stock split of all outstanding shares of Common Stock by a ratio in the range of one-for-five to one-for-one hundred, to be determined in the Board’s sole discretion (the “Reverse Stock Split” and such proposal, “Proposal No. 1”); (ii) a proposal to approve certain amendments to the Company’s 2018 Long-Term Stock Incentive Plan (the “LTIP”), to (1) increase the annual share limit of Common Stock that may be issued in any single fiscal year only for the 2023 fiscal year under the LTIP from 8% of the shares of Common Stock outstanding to 15% of the shares of Common Stock outstanding (which amount equates to the maximum amount that may be issued in the aggregate under the LTIP), and (2) permit immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year (“Proposal No. 2”); and (iii) a proposal to approve all of the transactions contemplated by that certain securities purchase agreement, entered into as of August 15, 2022, by and between the Company and the institutional investor party thereto (the “Purchase Agreement”), and the transaction documents related thereto, including, without limitation, for purposes of The Nasdaq Stock Market LLC Rule 5635(d) (“Nasdaq Listing Rule 5635(d)”), the issuance of 20% or more of our outstanding shares of Common Stock upon the (i) conversion of the senior secured convertible note due August 15, 2024, as

amended (the “Convertible Note”), (ii) the exercise of the common stock purchase warrant, dated August 15, 2022 (the “Warrant”), issued to such investor by the Company pursuant to the Purchase Agreement, and (iii) the exercise of certain warrants, dated November 28, 2022 (the “Waiver Warrants”), issued in connection with a waiver received from certain provisions of the Purchase Agreement (“Proposal No. 3”).

Voting Procedures and Vote Required

Mr. Moyer will vote all shares represented by properly executed proxies returned in time to be counted at the Special Meeting. The presence, in person or by proxy, of a majority of the issued and outstanding shares of Common Stock entitled to vote at the Special Meeting is necessary to establish a quorum for the transaction of business. Your shares will be counted for purposes of determining if there is a quorum if (i) you are entitled to vote and you are present in person at the Special Meeting; or (ii) you are entitled to vote and you have properly voted by proxy online, by telephone, or by submitting a proxy card by mail. Shares represented by proxies which contain an abstention and “broker non-vote” shares (described below) are counted as present for purposes of determining the presence of a quorum for the Special Meeting.

All properly executed proxies delivered pursuant to this solicitation and not revoked will be voted at the Special Meeting as specified in such proxies.

Vote Required for Authorization of the Board to Amend the Certificate of Incorporation to Effect the Reverse Stock Split (Proposal No. 1). Delaware law provides that the affirmative vote of the holders of a majority of the shares of Common Stock outstanding is required to give effect to the Reverse Stock Split.

Vote Required for to Approve the Amendments to the LTIP (Proposal No. 2). Our bylaws (“Bylaws”) provide that all matters (other than the election of directors and except to the extent otherwise required by applicable Delaware law) shall be determined by a majority of the votes cast affirmatively or negatively. Accordingly, the affirmative vote of a majority of the shares of Common present at the Special Meeting, in person or by proxy, and voting on the matter, will be required to approve the amendments to the LTIP.

Vote Required for Approval of the Issuance of Shares of Common Stock Issuable Upon the Conversion of the Convertible Note and the Exercise of the Warrant and the Waiver Warrants (Proposal No. 3). Our Bylaws provide that all matters (other than the election of directors and except to the extent otherwise required by applicable Delaware law) shall be determined by a majority of the votes cast affirmatively or negatively. Accordingly, the affirmative vote of a majority of the shares of Common Stock present at the Special Meeting, in person or by proxy, and voting on the matter, will be required to approve the issuance of shares of Common Stock issuable upon the conversion of the Convertible Note and the exercise of the Warrant and the Waiver Warrants.

2

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Brokers that have not received voting instructions from their clients cannot vote on their clients’ behalf on “non-routine” proposals. Broker non-votes are not counted in tabulating the voting result for any particular proposal where the voting standard calls for the approval of “a majority of the votes cast” and such shares that constitute broker non-votes are not considered entitled to vote; however, broker non-votes are counted in tabulating the voting result for any particular proposal where the voting standard calls for the approval of “a majority of the outstanding shares,” and such shares that constitute broker non-votes are counted as a vote against such proposals.

The following Proposals are “non-routine” and thus a broker discretionary vote is not allowed:

Proposal No. 2, “Amendments to the LTIP;” and

Proposal No. 3, “Approval of the transactions contemplated by the Purchase Agreement, and the transaction documents related thereto, including, without limitation, for purposes of Nasdaq Listing Rule 5635(d), the issuance of 20% or more of our outstanding shares of Common Stock upon the conversion of the Convertible Note and the exercise of the Warrant and the Waiver Warrants.”

The following Proposal is “routine” and thus a broker discretionary vote is allowed:

Proposal No. 1, “Authorization of the Board to amend the Certificate of Incorporation to effect the Reverse Stock Split.”

Abstentions are counted as “shares present” at the Special Meeting for purposes of determining the presence of a quorum. Abstentions only have an effect on the outcome of any matter being voted on that requires a certain level of approval based on our total voting stock outstanding. Thus, abstentions by holders of Common Stock will have no effect on any of the proposals except for Proposal No. 1, in which case, abstentions by holders of Common Stock are counted as a vote against such proposal.

Votes at the Special Meeting will be tabulated by one or more inspectors of election.

Stockholders will not be entitled to dissenter’s rights with respect to any matter to be considered at the Special Meeting.

Delivery of Documents to Stockholders Sharing an Address

We will send only one set of Special Meeting materials and other corporate mailings to stockholders who share a single address unless we received contrary instructions from any stockholder at that address. This practice, known as “householding,” is designed to reduce our printing and postage costs. However, the Company will deliver promptly upon written or oral request a separate copy of the Special Meeting or other corporate materials to a stockholder at a shared address to which a single copy of the Special Meeting materials was delivered. Additionally, if current stockholders with a shared address received multiple copies of the Special Meeting materials or other corporate mailings and would prefer the Company to mail one copy of future mailings to stockholders at the shared address, notification of such request may also be made by mail or by calling the Company’s principal executive offices. You may make such a written or oral request by sending a written notification stating (i) your name, (ii) your shared address and (iii) the address to which the Company should direct the additional copy of the Special Meeting materials to the Company at Corporate Secretary, 15268 NW Greenbrier Pkwy, Beaverton, Oregon 97006, telephone: (408) 627-4716.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of November 25, 2022, information regarding beneficial ownership of our capital stock by:

· each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our Common Stock;

- each of our named executive officers;
- each of our directors; and
- all of our executive officers and directors as a group.

The percentage ownership information shown in the table is based upon 17,121,519 shares of Common Stock outstanding as of November 25, 2022. The percentage ownership information shown in the table excludes the following as of such date: (a) up to an aggregate of 6,673,910 shares of Common Stock issuable upon exercise of our outstanding warrants, (b) up to an aggregate of 20,722 shares of Common Stock issuable upon exercise of our outstanding pre-funded warrants, (c) up to 7,200,000 shares of Common Stock issuable upon exchange of the Convertible Note (assuming conversion at a conversion price equal to \$0.50), (d) 471,460 shares of Common Stock reserved for future issuance under the LTIP, the 2020 Stock Incentive Plan (the “2020 Plan”) and the Technical Team Retention Plan of 2022 (“2022 Plan”), (e) an aggregate of 729,461 shares of Common Stock issuable upon vesting of restricted stock units (“RSUs”) that were issued pursuant to the 2020 Plan and 2022 Plan.

Beneficial ownership is determined according to the rules of the SEC and generally means that a holder has beneficial ownership of a security if such holder possesses sole or shared voting or investment power of that security, including securities that are exercisable for shares of Common Stock within sixty (60) days of November 25, 2022. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the holders named in the table below have sole voting and investment power with respect to all shares of Common Stock shown that they beneficially own, subject to community property laws where applicable.

For purposes of computing the percentage of outstanding shares of our Common Stock held by each holder or group of holders named above, any shares of Common Stock that such holder or holders has the right to acquire within sixty (60) days of November 25, 2022 is deemed to be outstanding, but is not deemed to be outstanding for the purpose of computing the percentage ownership of any other holder. The inclusion herein of any shares of Common Stock listed as beneficially owned does not constitute an admission of beneficial ownership. Unless otherwise identified, the address of each beneficial owner listed in the table is c/o WiSA Technologies, Inc., 15268 NW Greenbrier Pkwy, Beaverton, Oregon 97006.

AUTHORIZATION OF THE BOARD TO AMEND THE CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF ALL OUTSTANDING SHARES OF COMMON STOCK

(Proposal No. 1)

Summary

Our Board has unanimously approved a proposal to amend the Certificate of Incorporation to effect a reverse stock split of all of our outstanding shares of Common Stock by a ratio in the range of one-for-five to one-for-one hundred, to be determined in the Board's sole discretion (the "Reverse Stock Split"). The proposal provides that if the Reverse Stock Split is approved by stockholders, the Board will implement the Reverse Stock Split, as soon as practicable or as otherwise required after such approval, for the purposes of (i) maintaining the listing of our Common Stock on The Nasdaq Capital Market, (ii) to satisfy our obligations under the Purchase Agreement to obtain approval by the Company's stockholders of a Reverse Split (as defined below), and (iii) to assure that there are a sufficient number of authorized shares of Common Stock available to reserve for issuance upon exercise and conversion of all other outstanding warrants and convertible securities. The Purchase Agreement requires that if at any time the last closing trade price for the Common Stock on the Trading Market as reported by the Trading Market is less than \$1.00, the Company shall promptly call a meeting of the stockholders of the Company for purposes of approving a reverse stock split of the shares of Common Stock such that the trade price of the Common Stock will be at least \$2.00 (a "Reverse Split").

As previously disclosed by the Company's Current Report on Form 8-K filed with the SEC on June 24, 2022, on June 23, 2022, the Company received a written notification (the "Nasdaq Notice") from the Listing Qualifications Department of Nasdaq notifying the Company that it was not in compliance with the minimum bid price requirement for continued listing on The Nasdaq Capital Market, as set forth under Nasdaq Listing Rule 5550(a)(2) (the "Minimum Bid Price Requirement"), because the closing bid price of the Common Stock was below \$1.00 per share for the previous thirty (30) consecutive business days. Pursuant to Nasdaq Listing Rule 5810(c)(3)(A), the Company has been granted 180 calendar days from the date of the Nasdaq Notice, or until December 20, 2022 (the "Compliance Period"), to regain compliance with the Minimum Bid Price Requirement. If at any time during the Compliance Period, the bid price of the Common Stock closes at or above \$1.00 per share for a minimum of ten (10) consecutive business days, Nasdaq will provide the Company with written confirmation of compliance with the Minimum Bid Price Requirement and the matter will be closed.

The Board has elected to approve this Reverse Stock Split and Proposal 1 in order to allow the Company to regain compliance with the Minimum Bid Price Requirement and enable the Company to (i) satisfy its obligations under the Purchase Agreement to obtain stockholder approval of a Reverse Split and (ii) reserve a sufficient number of authorized shares of Common Stock for issuance upon exercise or conversion of all outstanding warrants and other convertible securities, including the Convertible Note and the Warrant.

The exact ratio of the Reverse Stock Split shall be set at a whole number within the above range as determined by our Board in its sole discretion. Our Board believes that the availability of alternative reverse stock split ratios will provide it with the flexibility to implement the Reverse Stock Split in a manner designed to maximize the anticipated benefits for the Company and its stockholders. In determining how to implement the Reverse Stock Split following the receipt of stockholder approval, our Board may consider, among other things, factors such as:

- the historical trading price and trading volume of our Common Stock;
- the then prevailing trading price and trading volume of our Common Stock and the anticipated impact of the Reverse Stock Split on the trading market for our Common Stock;
- our ability to have our shares of Common Stock remain listed on The Nasdaq Capital Market;
- the number of shares of Common Stock needed to reserve for issuance upon exercise and conversion of all outstanding warrants and other convertible securities, including the Convertible Note and the Warrant;
- the anticipated impact of the Reverse Stock Split on our ability to raise additional financing; and
- prevailing general market and economic conditions.

The Reverse Stock Split will become effective upon filing of an amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware. The amendment filed thereby will set forth the number of shares of Common Stock to be combined into one share of our Common Stock, within the limits set forth in this proposal. Except for adjustments that may result from the treatment of fractional shares as described below, each holder of our shares of Common Stock will hold the same percentage of our outstanding Common Stock immediately following the Reverse Stock Split as such stockholder holds immediately prior to the Reverse Stock Split.

The form of the certificate of amendment to the Certificate of Incorporation, pursuant to which the Reverse Stock Split would be effected, in the event Proposal 1 is approved by stockholders, is attached to this Proxy Statement as Appendix A. The text of the form of amendment accompanying this Proxy Statement is, however, subject to amendment to reflect the exact ratio for the Reverse Stock Split and any changes that may be required by the office of the Secretary of State of the State of Delaware or that the Board may determine to be necessary or advisable ultimately to comply with applicable law and to effect the Reverse Stock Split.

Our Board believes that approval of the amendment to the Certificate of Incorporation to effect the Reverse Stock Split is in the best interests of the Company and our stockholders and has unanimously recommended that the proposed amendment be presented to our stockholders for approval.

Board Requirement to Implement the Reverse Stock Split

If this Proposal No. 1 and the Reverse Stock Split is approved, the Reverse Stock Split will be effected as soon as practicable or otherwise required after approved (with an exchange ratio determined by our Board as described above) in order (i) to maintain the listing of our Common Stock on The Nasdaq Capital Market, (ii) to satisfy our obligations under the Purchase Agreement to obtain stockholder approval of a Reverse Split, and (iii) to assure that there are a sufficient number of authorized shares of Common Stock available to reserve for issuance upon exercise and conversion of all other outstanding warrants and convertible securities, and that it is also in the best interests of the Company and its stockholders. Such determination shall be based upon certain factors, including, but not limited to, the historical trading price and trading volume of our Common Stock, the then prevailing trading price and trading volume of our Common Stock and the anticipated impact of the Reverse Stock Split on the trading market for our Common Stock, our ability to have our shares of Common Stock remain listed on The Nasdaq Capital Market, the number of authorized and unissued shares of Common Stock available, the anticipated impact of the Reverse Stock Split on our ability to raise additional financing, and prevailing general market and economic conditions. No further action on the part of stockholders would be required to either implement or not implement the Reverse Stock Split. If our stockholders approve the proposal, we would communicate to the public, prior to the Effective Date (as defined below), additional details regarding the Reverse Stock Split, including the specific ratio selected by the Board.

Effective Date

If the proposed amendment to the Certificate of Incorporation to give effect to the Reverse Stock Split is approved at the Special Meeting, subject to the conditions set out in this Proposal No. 1, then the Reverse Stock Split will become effective, as of 5:30 p.m. Eastern Time on the effective date of the certificate of amendment to our Certificate of Incorporation with the office of the Secretary of State of the State of Delaware, which we would expect to be the date of filing (the “Effective Date”). Except as explained below with respect to fractional shares, each issued share of Common Stock immediately prior to the Effective Date will automatically be changed, as of the Effective Date, into a fraction of a share of Common Stock, based on the exchange ratio within the approved range determined by the Board.

Purposes of the Reverse Stock Split

The primary purpose for the Reverse Stock Split is based on the Board’s belief that the Reverse Stock Split will be necessary to maintain the listing of our Common Stock on The Nasdaq Capital Market. In addition, the Company has an obligation under the Purchase Agreement to obtain stockholder approval of a Reverse Split at any time the last closing trade price for the shares of Common Stock on Nasdaq as reported by Nasdaq is less than \$1.00. The Company also needs to assure that there are a sufficient number of authorized shares available for any future issuance of Common Stock upon the exercise or conversion of outstanding warrants and other convertible securities, including the Convertible Note and the Warrant. The Board believes that the Reverse Stock Split could also improve the marketability and liquidity of the Common Stock.

Maintain our listing on The Nasdaq Capital Market. Our Common Stock is traded on The Nasdaq Capital Market. On June 23, 2022, the Company received notice from Nasdaq that it no longer satisfied the Minimum Bid Price Requirement and had 180 calendar days from the date therein to regain compliance. The Board has considered the potential harm to the Company and its stockholders should Nasdaq delist our Common Stock from The Nasdaq Capital Market. Delisting our Common Stock could adversely affect the liquidity of our Common Stock because alternatives, such as the OTC Bulletin Board, OTC Markets, and the Pink Sheets, are generally considered to be less efficient markets. An investor likely would find it less convenient to sell, or to obtain accurate quotations in seeking to buy our Common Stock on an over-the-counter market. Many investors likely would not buy or sell our Common Stock due to difficulty in accessing over-the-counter markets, policies preventing them from trading in securities not listed on a national exchange or other reasons. The Board believes that the Reverse Stock Split is an effective means for us to maintain compliance with the rules of Nasdaq and to avoid, or at least mitigate, the likely adverse consequences of our Common Stock being delisted from The Nasdaq Capital Market by producing the immediate effect of increasing the bid price of our Common Stock.

Improve the marketability and liquidity of the Common Stock. If this proposal is approved by the stockholders at the Special Meeting and the Reverse Stock Split is implemented, we also believe that the increased market price of our Common Stock expected as a result of implementing the Reverse Stock Split will improve the marketability and liquidity of our Common Stock and will encourage interest and trading in our Common Stock. The Reverse Stock Split could allow a broader range of institutions to invest in our Common Stock (namely, funds that are prohibited from buying stocks whose price is below a certain threshold), potentially increasing the liquidity of our Common Stock. The Reverse Stock Split could also help increase analyst and broker interest in our stock as their policies can discourage them from following or recommending companies with low stock prices. Because of the trading volatility often associated with low-priced stocks, many brokerage houses and institutional investors have internal policies and practices that either prohibit them from investing in low-priced stocks or tend to discourage individual brokers from recommending low-priced stocks to their customers. Some of those policies and practices may function to make the processing of trades in low-priced stocks economically unattractive to brokers. Additionally, because brokers’ commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current average price per share of our Common Stock can result in individual stockholders paying transaction costs representing a higher percentage of their total share value than would be the case if the share price were substantially higher. It should be noted, however, that the liquidity of our Common Stock may in fact be adversely affected by the proposed Reverse Stock Split given the reduced number of shares of Common Stock that would be outstanding after the Reverse Stock Split.

For the above reasons, we believe that the Reverse Stock Split will help us regain and maintain compliance with the Nasdaq listing requirements and, as a result, could also improve the marketability and liquidity of our Common Stock, is in the best interests of the Company and our stockholders.

Risks of the Reverse Stock Split

We cannot assure you that the proposed Reverse Stock Split will increase our stock price and have the desired effect of maintaining compliance with the rules of Nasdaq. The Board expects that the Reverse Stock Split will increase the market price of our Common Stock so that we are able to regain and maintain compliance with the Minimum Bid Price Requirement. However, the effect of the Reverse Stock Split upon the market price of our Common Stock cannot be predicted with any certainty, and the history of similar reverse stock splits for companies in like circumstances is varied.

It is possible that the per share price of our Common Stock after the Reverse Stock Split will not rise in proportion to the reduction in the number of shares of our Common Stock outstanding resulting from the Reverse Stock Split, and the market price per post-Reverse Stock Split share may not exceed or remain in excess of the \$1.00 minimum bid price for a sustained period of time, and the Reverse Stock Split may not result in a per share price that would attract brokers and investors who do not trade in lower priced stocks. Even if we effect the Reverse Stock Split, the market price of our Common Stock may decrease due to factors unrelated to the Reverse Stock Split. In any case, the market price of our Common Stock may also be based on other factors which may be unrelated to the number of shares outstanding, including our future performance. If the Reverse Stock Split is consummated and the trading price of the Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of the Reverse Stock Split. Even if the market price per post-Reverse Stock Split share of our Common Stock remains in excess of \$1.00 per share, we may be delisted due to a failure to meet other continued listing requirements, including Nasdaq requirements related to the minimum stockholders' equity, the minimum number of shares that must be in the public float, the minimum market value of the public float and the minimum number of round lot holders.

The Reverse Stock Split may decrease the liquidity of our Common Stock. The liquidity of our Common Stock may be harmed by the Reverse Stock Split given the reduced number of shares of Common Stock that would be outstanding after the Reverse Stock Split, particularly if the stock price does not increase as a result of the Reverse Stock Split. In addition, investors might consider the increased proportion of unissued authorized shares of Common Stock to issued shares to have an anti-takeover effect under certain circumstances, because the proportion allows for dilutive issuances which could prevent certain stockholders from changing the composition of the Board or tender offers for a combination with another entity more difficult to successfully complete. The Board does not intend for the Reverse Stock Split to have any anti-takeover effects.

Principal Effects of the Reverse Stock Split

Common Stock. If this proposal is approved by the stockholders at the Special Meeting and the Reverse Stock Split is implemented, subject to the conditions set out in this Proposal No. 1, and thus amend the Certificate of Incorporation, the Company will file a certificate of amendment to the Certificate of Incorporation with the Secretary of State of the State of Delaware. Except for adjustments that may result from the treatment of fractional shares as described below, each issued share of Common Stock immediately prior to the Effective Date will automatically be changed, as of the Effective Date, into a fraction of a share of Common Stock based on the exchange ratio within the approved range determined by the Board. In addition, proportional adjustments will be made to the maximum number of shares of Common Stock issuable under, and other terms of, (i) our stock plans, and (ii) the number of shares of Common Stock issuable under the Convertible Note, and the exercise price of our warrants.

Except for adjustments that may result from the treatment of fractional shares of Common Stock as described below, because the Reverse Stock Split would apply to all issued shares of our Common Stock, the Reverse Stock Split would not alter the relative rights and preferences of our existing stockholders nor affect any stockholder's proportionate equity interest in the Company. For example, a holder of two percent (2%) of the voting power of our outstanding securities immediately prior to the effectiveness of the Reverse Stock Split will generally continue to hold two percent (2%) of the voting power of our outstanding securities immediately after the Reverse Stock Split. Moreover, the number of stockholders of record of the Company's Common Stock will not be affected by the Reverse Stock Split. The amendment to the Certificate of Incorporation itself would not change the number of authorized shares of our Common Stock. The Reverse Stock Split will have the effect of creating additional unreserved shares of our authorized Common Stock. Although at present we have no current arrangements or understandings providing for the issuance of the additional shares of Common Stock that would be made available for issuance upon effectiveness of the Reverse Stock Split, other than those shares needed to satisfy the exercise of the Company's outstanding warrants, preferred stock and options, these additional shares of Common Stock may be used by us for various purposes in the future without further stockholder approval, including, among other things:

- raising capital to fund our operations and to continue as a going concern;
- establishing strategic relationships with other companies;
- providing equity incentives to our employees, officers or directors; and
- expanding our business or product lines through the acquisition of other businesses or products.

While the Reverse Stock Split will make additional shares of Common Stock available for the Company to use in connection with the foregoing, the primary purpose of the Reverse Stock Split is to increase our stock price in order to regain and maintain compliance with the Minimum Bid Price Requirement. In addition, the additional shares of Common Stock available for the Company to use in connection with the foregoing, will also provide for a sufficient number of authorized shares of Common Stock available for any future issuance of Common Stock upon the exercise of the Company's outstanding warrants and other convertible securities, which will be considered in determining the ratio of the Reverse Stock Split.

Effect on Employee Plans, Restricted Stock Awards and Convertible or Exchangeable Securities. Pursuant to the terms of the Plans (as defined below), the Board or a committee thereof, as applicable, will adjust the number of shares of Common Stock available for future grant under the Plans, the number of shares of Common Stock underlying outstanding awards, and other terms of outstanding awards issued pursuant to the Plans to equitably reflect the effects of the Reverse Stock Split. Based upon the Reverse Stock Split ratio determined by the Board, proportionate adjustments are also generally required to be made to the per share exercise or conversion prices, as applicable, and the number of shares of Common Stock issuable upon the exercise or conversion, as applicable, of outstanding preferred stock and warrants, and any other convertible or exchangeable securities that may entitle the holders thereof to purchase, exchange for, or convert into, shares of Common Stock. This would result in approximately the same aggregate price being required to be paid under such preferred stock, warrants and other then outstanding convertible or exchangeable securities upon exercise or conversion, as applicable, and approximately the same value of shares of Common Stock being delivered upon such exercise, exchange or conversion, immediately following the Reverse Stock Split as was the case immediately preceding the Reverse Stock Split. The number of shares of Common Stock subject to restricted stock awards will be similarly adjusted, subject to our treatment of fractional shares of Common Stock. The number of shares of Common Stock reserved for issuance pursuant to these securities and our Plans will be adjusted proportionately based upon the Reverse Stock Split ratio determined by the Board, subject to our treatment of fractional shares of Common Stock.

Listing. Our shares of Common Stock currently trade on The Nasdaq Capital Market. The Reverse Stock Split will directly affect the listing of our Common Stock on The Nasdaq Capital Market, and we believe that the Reverse Stock Split could potentially increase our stock price, facilitating compliance with the Minimum Bid Price Requirement. Following the Reverse Stock Split, we intend for our Common Stock to continue to be listed on The Nasdaq Capital Market under the symbol "WISA," subject to our ability to continue to comply with Nasdaq rules, although our Common Stock would have a new committee on uniform securities identification procedures ("CUSIP") number, a number used to identify our Common Stock.

"Public Company" Status. Our Common Stock is currently registered under Section 12(b) of the Exchange Act, and we are subject to the "public company" periodic reporting and other requirements of the Exchange Act. The proposed Reverse Stock Split will not affect our status as a public company or this registration under the Exchange Act. The Reverse Stock Split is not intended as, and will not have the effect of, a "going private transaction" covered by Rule 13e-3 under the Exchange Act.

Odd Lot Transactions. It is likely that some of our stockholders will own "odd-lots" of less than 100 shares of Common Stock following the Reverse Stock Split. A purchase or sale of less than 100 shares of Common Stock (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service"

brokers, and generally may be more difficult than a “round lot” sale. Therefore, those stockholders who own less than 100 shares of Common Stock following the Reverse Stock Split may be required to pay somewhat higher transaction costs and may experience some difficulties or delays should they then determine to sell their shares of Common Stock.

Authorized but Unissued Shares; Potential Anti-Takeover Effects. Our Certificate of Incorporation presently authorizes 200,000,000 shares of Common Stock and 20,000,000 shares of blank check preferred stock, par value \$0.0001 per share. The Reverse Stock Split would not change the number of authorized shares of Common Stock or the par value per share of the Common Stock, although the Reverse Stock Split would decrease the number of issued and outstanding shares of Common Stock. Therefore, because the number of issued and outstanding shares of Common Stock would decrease, the number of shares of Common Stock remaining available for issuance by us in the future would increase.

Such additional shares of Common Stock would be available for issuance from time to time for corporate purposes such as issuances of Common Stock in connection with capital-raising transactions and acquisitions of companies or other assets, as well as for issuance upon conversion or exercise of securities such as convertible preferred stock, convertible debt, warrants or options convertible into or exercisable for Common Stock. We believe that the availability of the additional shares of Common Stock will provide us with the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond effectively in a changing corporate environment. For example, we may elect to issue shares of Common Stock to raise equity capital, to make acquisitions through the use of stock, to establish strategic relationships with other companies, to adopt additional employee benefit plans or reserve additional shares of Common Stock for issuance under such plans, where the Board determines it advisable to do so, without the necessity of soliciting further stockholder approval, subject to applicable stockholder vote requirements under Delaware law and Nasdaq rules. If we issue additional shares of Common Stock for any of these purposes, the aggregate ownership interest of our current stockholders, and the interest of each such existing stockholder, would be diluted, possibly substantially.

The additional shares of our Common Stock that would become available for issuance upon an effective Reverse Stock Split could also be used by us to oppose a hostile takeover attempt or delay or prevent a change of control or changes in or removal of our management, including any transaction that may be favored by a majority of our stockholders or in which our stockholders might otherwise receive a premium for their shares of Common Stock over then-current market prices or benefit in some other manner. Although the increased proportion of authorized but unissued shares of Common Stock to issued shares of Common Stock could, under certain circumstances, have an anti-takeover effect, the Reverse Stock Split is not being proposed in order to respond to a hostile takeover attempt or to an attempt to obtain control of the Company.

Fractional Shares

We will not issue fractional certificates for post-Reverse Stock Split shares of Common Stock in connection with the Reverse Stock Split. To the extent any holders of pre-Reverse Stock Split shares of Common Stock are entitled to fractional shares of Common Stock as a result of the Reverse Stock Split, the Company will issue an additional share to all holders of fractional shares of Common Stock.

No Dissenters’ Rights

Under Delaware law, our stockholders would not be entitled to dissenters’ rights or rights of appraisal in connection with the implementation of the Reverse Stock Split, and we will not independently provide our stockholders with any such rights.

Certain United States Federal Income Tax Consequences

The following is a summary of certain United States federal income tax consequences of the Reverse Stock Split. It does not address any state, local or foreign income or other tax consequences, which, depending upon the jurisdiction and the status of the stockholder/taxpayer, may vary from the United States federal income tax consequences. It applies to you only if you held pre-Reverse Stock Split shares of Common Stock as capital assets for United States federal income tax purposes. This discussion does not apply to you if you are a member of a class of our stockholders subject to special rules, such as (a) a dealer in securities or currencies, (b) a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings, (c) a bank, (d) a life insurance company, (e) a tax-exempt organization, (f) a person that owns shares of Common Stock that are a hedge, or that are hedged, against interest rate risks, (g) a person who owns shares of Common Stock as part of a straddle or conversion transaction for tax purposes, or (h) a person whose functional currency for tax purposes is not the U.S. dollar. The discussion is based on the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”), its legislative history, existing, temporary and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as of the date hereof. These laws, regulations and other guidance are subject to change, possibly on a retroactive basis. We have not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the United States federal income tax consequences of the Reverse Stock Split.

PLEASE CONSULT YOUR OWN TAX ADVISOR CONCERNING THE CONSEQUENCES OF THE REVERSE STOCK SPLIT IN YOUR PARTICULAR CIRCUMSTANCES UNDER THE INTERNAL REVENUE CODE AND THE LAWS OF ANY OTHER TAXING JURISDICTION.

Tax Consequences to United States Holders of Common Stock. A United States holder, as used herein, is a stockholder who or that is, for United States federal income tax purposes: (a) a citizen or individual resident of the United States, (b) a domestic corporation, (c) an estate whose income is subject to United States federal income tax regardless of its source, or (d) a trust, if a United States court can exercise primary supervision over the trust’s administration and one or more United States persons are authorized to control all substantial decisions of the trust. This discussion applies only to United States holders.

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of our Common Stock, the tax treatment of a partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partnerships and partners of a partnership holding our Common Stock are urged to consult their tax advisors regarding the U.S. tax consequences of this Reverse Stock Split.

The Company intends for the transaction to qualify as a “reorganization” within the meaning of Section 368(a) of the Code for U.S. federal income tax purposes, and the remainder of the disclosure assumes it will so qualify. However, the Company has not sought and will not seek any ruling from the IRS regarding any matters relating to the transaction, and as a result, there can be no assurance that the IRS will not assert, or that a court would not sustain, a contrary position, in which case the consequences of the transaction could be materially different from those described herein.

Provided that the Reverse Stock Split qualifies as a “reorganization,” and except for adjustments that may result from the treatment of fractional shares of Common Stock as described above, no gain or loss should be recognized by a stockholder upon such stockholder’s exchange of pre-Reverse Stock Split shares of Common Stock for post-Reverse Stock Split shares of Common Stock pursuant to the Reverse Stock Split. The aggregate adjusted basis of the post-Reverse Stock Split shares of Common Stock received will be the same as the aggregate adjusted basis of the Common Stock exchanged for such new shares. The stockholder’s holding period for the post-Reverse Stock Split shares of Common Stock will include the period during which the stockholder held the pre-Reverse Stock Split shares of Common Stock surrendered.

Accounting Consequences

Following the Effective Date, if any, the net income or loss and net book value per share of Common Stock will be increased because there will be fewer shares of Common Stock outstanding. We do not anticipate that any other accounting consequences would arise as a result of the Reverse Stock Split.

Exchange of Stock Certificates

As of the Effective Date, each certificate representing shares of our Common Stock outstanding before the Reverse Stock Split will be deemed, for all corporate purposes, to evidence ownership of the reduced number of shares of our Common Stock resulting from the Reverse Stock Split. All shares of Common Stock underlying options, warrants, preferred stock and other securities exchangeable or exercisable for or convertible into Common Stock also automatically will be adjusted on the Effective Date.

Our transfer agent, VStock Transfer, LLC, will act as the exchange agent for purposes of exchanging stock certificates subsequent to the Reverse Stock Split. Shortly after the Effective Date, stockholders of record will receive written instructions requesting them to complete and return a letter of transmittal and surrender their old stock certificates for new stock certificates reflecting the adjusted number of shares as a result of the Reverse Stock Split. Certificates representing shares of Common Stock issued in connection with the Reverse Stock Split will continue to bear the same restrictive legends, if any, that were borne by the surrendered certificates representing the shares of Common Stock outstanding prior to the Reverse Stock Split. No new certificates will be issued until such stockholder has surrendered any outstanding certificates, together with the properly completed and executed letter of transmittal, to the exchange agent. Until surrendered, each certificate representing shares of Common Stock outstanding before the Reverse Stock Split would continue to be valid and would represent the adjusted number of shares of Common Stock, based on the ratio of the Reverse Stock Split.

Any stockholder whose stock certificates are lost, destroyed or stolen will be entitled to a new certificate or certificates representing post-Reverse Stock Split shares of Common Stock upon compliance with the requirements that we and our transfer agent customarily apply in connection with lost, destroyed or stolen certificates. Instructions as to lost, destroyed or stolen certificates will be included in the letter of instructions from the exchange agent.

Upon the Reverse Stock Split, we intend to treat stockholders holding our Common Stock in “street name,” through a bank, broker or other nominee, in the same manner as registered stockholders whose shares of Common Stock are registered in their names. Banks, brokers and other nominees will be instructed to effect the Reverse Stock Split for their beneficial holders holding our Common Stock in “street name.” However, such banks, brokers and other nominees may have different procedures than registered stockholders for processing the Reverse Stock Split. If you hold your shares in “street name” with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your bank, broker or nominee.

YOU SHOULD NOT DESTROY YOUR STOCK CERTIFICATES AND YOU SHOULD NOT SEND THEM NOW. YOU SHOULD SEND YOUR STOCK CERTIFICATES ONLY AFTER YOU HAVE RECEIVED INSTRUCTIONS FROM THE EXCHANGE AGENT AND IN ACCORDANCE WITH THOSE INSTRUCTIONS.

If any certificates for shares of Common Stock are to be issued in a name other than that in which the certificates for shares of Common Stock surrendered are registered, the stockholder requesting the reissuance will be required to pay to us any transfer taxes or establish to our satisfaction that such taxes have been paid or are not payable and, in addition, (a) the transfer must comply with all applicable federal and state securities laws, and (b) the surrendered certificate must be properly endorsed and otherwise be in proper form for transfer.

Book-Entry

The Company’s registered stockholders may hold some or all of their shares of Common Stock electronically in book-entry form with our transfer agent. These stockholders do not have stock certificates evidencing their ownership of Common Stock. They are, however, provided with a statement reflecting the number of shares of Common Stock registered in their accounts.

- If you hold registered shares of Common Stock in book-entry form, you do not need to take any action to receive your post-Reverse Stock Split shares of Common Stock in registered book-entry form.
- If you are entitled to post-Reverse Stock Split shares of Common Stock, a transaction statement will automatically be sent to your address of record by our transfer agent as soon as practicable after the Effective Date indicating the number of shares of Common Stock that you hold.

Interests of Directors and Executive Officers

Our directors and executive officers have no substantial interests, directly or indirectly, in the matters set forth in this proposal except to the extent of their ownership of shares of our Common Stock and equity awards granted to them under our equity incentive plans.

Vote Required and Recommendation

Delaware law provides that the affirmative vote of the holders of a majority of shares of our Common Stock outstanding is required to approve the Reverse Stock Split. Accordingly, the affirmative vote of a majority of the shares of Common Stock outstanding on the Record Date will be required to approve the Reverse Stock Split.

The Board recommends that stockholders approve the Reverse Stock Split. Abstentions from voting on this proposal will have the same effect as a vote against this Proposal No. 1. There will be no broker non-votes on this Proposal No. 1.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE TO AUTHORIZE THE BOARD TO AMEND THE CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF ALL OUTSTANDING SHARES OF COMMON STOCK.

APPROVAL OF AMENDMENTS TO THE LTIP

(Proposal No. 2)

We are asking our stockholders to approve two amendments to the LTIP (the “Amendment”). The Amendment reflects two changes. First, the Amendment increases the annual share limit of shares of Common Stock that may be issued in any single fiscal year only for the 2023 fiscal year from 8% of the shares of Common Stock outstanding to 15% of the shares of Common Stock outstanding (which amount equates to the maximum amount that may be issued in the aggregate under the LTIP). The Company’s ability to utilize

this increased annual limit will sunset on December 31, 2023; provided, however, that the overall limit of 15% of shares of Common Stock outstanding issuable under the LTIP will remain intact. Second, the Amendment permits immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year. Beginning with fiscal year 2024, the limit on Awards that may be issued under the LTIP for the fiscal year returns to the original 8% of the shares of Common Stock in any fiscal year, but will continue to be calculated as of the first trading day of each fiscal quarter of the fiscal year. No other changes are proposed.

The purpose of the LTIP is to promote the best interests of the Company and its stockholders by (i) assisting the Company and its affiliates in the recruitment and retention of persons with ability and initiative (“Eligible Persons”), (ii) providing an incentive to such Eligible Persons to contribute to the growth and success of the Company’s businesses by affording such Eligible Persons equity participation in the Company and (iii) associating the interests of such Eligible Persons with those of the Company and its affiliates and stockholders. The LTIP provides for awards of stock bonus, restricted stock, stock appreciation rights, deferred shares, performance shares and stock options to purchase shares of Common Stock (collectively, the “Awards”).

The Company has a policy of awarding restricted stock to the Company’s directors, officers, employees and consultants on a quarterly as well as an annual basis under its stock incentive plans currently in effect. When the LTIP was initially approved by the Board and our stockholders, the number of shares of Common Stock issuable in any given year under the LTIP was targeted at 8% of the number of shares of Common Stock outstanding. In order to continue, as well as enhance, the effectiveness of the LTIP, on _____, 2022, the Board approved the Amendment to the LTIP, (i) to increase the annual share limit of Common Stock that may be issued in any single fiscal year only for the 2023 fiscal year under the LTIP from 8% of the shares of Common Stock outstanding to 15% of the shares of Common Stock outstanding (which amount equates to the maximum amount that may be issued in the aggregate under the LTIP), and (ii) to permit immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year. The Amendment will not take effect without stockholder approval. The current overall limit of shares issuable under the LTIP, which is of 15% of the shares of Common Stock outstanding, will not be changed.

The Amendment is intended to provide the Board with additional flexibility to make awards throughout a fiscal year. When originally implemented the target percentage available for awards was based on the outstanding shares at the beginning of each fiscal year. The changes in the marketplace in which the Company operates in the post-Covid environment, has forced the Company to become more competitive and nimble in the manner in which it recruits, retains, and incentivizes employees. The Amendment to the LTIP will, if approved, base that percentage on shares of Common Stock actually issued and outstanding as of the beginning of each calendar quarter (i.e., January 1, April 1, July 1, and October 1) rather than at the beginning of each fiscal year to provide the Company with flexibility to continue to operate the LTIP for the benefit of new participants (including new hires or employees of acquired companies), as well as to allow additional awards to current participants. The number of shares of Common Stock that are the subject of awards under the LTIP, as and if amended, which expire unexercised or unvested or are forfeited, terminated, surrendered, or cancelled without the delivery of shares of Common Stock, such that all or some of the shares covered by an Award are not issued to a participant or are exchanged for awards that do not involve shares, will again immediately become available to be issued pursuant to Awards granted. If shares of Common Stock are withheld from payment of an award to satisfy tax or exercise price obligations with respect to the Award, those shares of Common Stock will continue to be treated as shares of Common Stock that have been issued under the LTIP and will not again be available for issuance. Except with respect to the 8% to 15% annual limit increase for fiscal year 2023 only, the Amendment is not intended to result in a greater percentage of the outstanding shares being available for grant annually; rather it is intended to facilitate the Company’s recruiting and incentives by permitting shares to become available throughout the year, rather than once annually.

The Board believes the approval of the Amendment is necessary in order to make shares available for future awards in any given year, in part, due to the following:

(i) We anticipate that in order to meet the objectives and requirements of the LTIP, we will likely utilize all the shares presently available for awards under the LTIP in 2022; and

(ii) There are relatively few shares available for grant under the LTIP. Further, previous long-term restricted stock awards have, in large part, become fully vested. We face increasing competition from industry to retain our talented and experienced staff and add staff as appropriate. We believe that new equity awards that vest over longer periods are effective for retention and incentive compensation.

In view of the limited number of shares remaining for grants under the LTIP in each given year, the continued need to attract and maintain individuals of the highest caliber to positions on the Board, in management and in our employment generally, the Board has concluded that it should be permitted immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year, to provide for more flexibility.

The Board approved the Amendment on _____, 2022, subject to stockholder approval at the Special Meeting.

The Board believes that it is in the best interests of us and our stockholders to approve the modifications to the LTIP made in the Amendment and described herein. The Board believes that equity awards assist in retaining, motivating and rewarding employees, executives and consultants by giving them an opportunity to obtain long-term equity participation in us. In addition, equity awards are an important contributor to aligning the incentives of our employees with the interests of our stockholders.

The Board also believes equity awards are essential to attracting new employees and retaining current employees. The Board of Directors believes that to remain competitive with other technology companies in our long-term incentive plans, we must continue to provide employees with the opportunity to obtain equity in us and that an inability to offer equity incentives to new and current employees would put us at a competitive disadvantage in attracting and retaining qualified personnel. Our named executive officers and directors have an interest in this proposal because they are expected to receive awards under the LTIP if the Amendment is approved at the Special Meeting.

The full text of the proposed Amendments is attached to this Proxy Statement as [Appendix B](#).

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE AMENDMENT TO THE LTIP.

Summary of the LTIP and Amendment

Our Board of Directors adopted the LTIP on January 30, 2018, and the LTIP was approved by our stockholders on January 31, 2018. At the Special Meeting, we are asking stockholders to approve the Amendment. The Amendment, if approved by stockholders: (i) increases the annual share limit of Common Stock that may be issued in any single fiscal year only for the 2023 fiscal year under the LTIP from 8% of the shares of Common Stock outstanding to 15% of the shares of Common Stock outstanding (which amount equates to the maximum amount that may be issued in the aggregate under the LTIP); and (ii) permits immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year. *The aggregate limit of shares issuable under the LTIP will not change in 2023 and will remain 15% of such outstanding shares.*

The following paragraphs provide a summary of the principal features of the LTIP and its operation. The following summary is qualified in its entirety by reference to the LTIP as previously filed as an exhibit with the Securities and Exchange Commission and the proposed Amendment as set forth in [Appendix B](#).

Objectives. The objective of the LTIP is to (i) assist the Company and its affiliates in the recruitment and retention of persons with ability and initiative, (ii) provide an incentive to such persons to contribute to the growth and success of the Company’s businesses by affording such persons equity participation in the Company and (iii) associate the interests of such persons with those of the Company and its affiliates and stockholders.

Oversight. The Board or a committee of the Board (the “Committee”) administers the LTIP by making determinations regarding the persons to whom the Awards should be granted and the amount, terms, conditions and restrictions of the Awards. The Committee also has the authority to interpret the provisions of the LTIP and to establish and amend rules for its administration subject to the LTIP’s limitations.

Number of Shares of Common Stock Available Under the LTIP. The maximum aggregate number of shares of Common Stock that may be issued under the LTIP is 15% of the shares of Common Stock outstanding, which calculation shall be made on the first trading day of a new fiscal year.

Number of Shares of Common Stock Issuable Under the LTIP for Any Given Year. The maximum aggregate number of shares of Common Stock that may be issued in any year under the LTIP is 8% of the shares of Common Stock outstanding in such fiscal year. If our stockholders approve the Amendment, the maximum aggregate number of shares of Common Stock that may be issued under the LTIP (i) for fiscal year 2023 only, will be 15% of the shares of Common Stock outstanding, calculated as of the first trading day of each fiscal quarter and (ii) for subsequent fiscal years, will revert back to 8% of the shares of Common Stock outstanding, but the calculation will be changed to be made as of the first trading day of each fiscal quarter.

Types of Awards. The LTIP allows for the direct awards of stock bonus, restricted stock, stock appreciation rights, deferred shares, performance shares of Common Stock (with and without restrictions), and for the grant of stock options to purchase shares of Common Stock.

Stock Option

- **Exercise Price.** Stock options granted under the LTIP must have an exercise price at least equal to 100% of the fair market value of the Common Stock as of the date of grant.

- **Expiration date.** The maximum period during which a stock option may be exercised is ten (10) years from the date such stock option was granted.

- **Exercisability.** The Committee may specify when a stock option becomes exercisable, but in the absence of such specification, the stock option will ordinarily be exercisable in whole or in part at any time during its term. However, the Committee may accelerate the exercisability of any option at its discretion.

- **Assignability.** Stock options are nontransferable except to the extent transferability of the stock option is provided for in a stock option agreement or is approved by the Committee.

- **No repricing.** A stock option may not be repriced without stockholder approval.

Payment upon Exercise of Stock Options. Unless otherwise provided by a stock option agreement, payment of the exercise price for a stock option shall be made in cash or a cash equivalent or if the Common Stock is traded on an established securities market, by payment of the exercise price by a broker-dealer or by the option holder with cash advanced by the broker-dealer if the exercise notice is accompanied by the stock option holder’s written irrevocable instructions to deliver the Common Stock acquired upon exercise of the stock option to the broker-dealer or by delivery of the Common Stock to the broker-dealer with an irrevocable commitment by the broker-dealer to forward the exercise price to the Company. With the consent of the Committee, payment of all or a part of the exercise price of an option may also be made (i) by surrender to the Company (or delivery to the Company of a properly executed form of attestation of ownership) of shares of Common Stock that have been held for such period prior to the date of exercise as is necessary to avoid adverse accounting treatment to the Company, or (ii) any other method acceptable to the Committee, including without limitation, the withholding of shares receivable upon settlement of the stock option in payment of the exercise price. If Common Stock is used to pay all or part of the exercise price, the sum of the cash or cash equivalent and the fair market value (determined as of the date of exercise) of the shares surrendered must not be less than the option price of the shares for which the stock option is being exercised.

Restricted Stock. The Committee is authorized to grant restricted stock awards. A restricted stock grant is a grant of shares of our Common Stock, which is subject to restrictions on transferability, risk of forfeiture and other restrictions and that may be forfeited in the event of certain terminations of employment or service prior to the end of a restricted period specified by the Committee. The recipient of a restricted stock award generally has all the rights of a stockholder, unless otherwise determined by the Committee.

Stock Bonus Awards. The Committee is authorized to grant stock bonus awards. A stock bonus award is an award of Common Stock, which is subject to terms and conditions as the Committee deems appropriate.

Stock Appreciation Rights. The Committee is authorized to grant stock appreciation rights. A stock appreciation right is an award of a right of the participant to receive a payment in cash or shares of Common Stock (or a combination thereof) based on the increase in fair market value of the shares of Common Stock covered by the award between the date of grant of such award and the fair market value of the Common Stock on the date of exercise of such stock appreciation right. A stock appreciation right under the LTIP must have an exercise price at least equal to 100% of the fair market value of the Common Stock as of the date of grant and the maximum period during which the stock appreciation right may be exercised is seven (7) years from the date of grant. A stock appreciation right may not be repriced without stockholder approval.

Deferred Shares. The Committee is authorized to grant deferred shares. An award of deferred shares provides the recipient the right to receive shares of Common Stock at the end of a specified deferral period. Deferred shares are referred to elsewhere in this document as RSUs.

Performance Shares. The Committee is authorized to grant performance shares. A performance shares is a bookkeeping entry that records the equivalent of one share of Common Stock.

Merger or Sale of Assets. If the Company is merged or consolidated with another entity or sells or otherwise disposes of substantially all of its assets to another company while Awards remain outstanding under the LTIP, unless provisions are made in connection with such transaction for the continuance of the LTIP and/or the assumption or substitution of such Awards with new Awards covering the stock of the successor company, or parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices, then all outstanding Awards that have not been continued, assumed or for which a substituted award has not been granted shall, whether or not vested or then exercisable, unless otherwise specified in a stock option agreement or stock award agreement, terminate immediately as of the effective date of any such merger, consolidation or sale.

Amendment and Termination of the LTIP. The Board has the authority to amend or terminate the LTIP, except that stockholder approval will be required for any amendment to the LTIP to the extent required by any applicable law or regulation or any applicable Nasdaq or stock exchange rule. Any amendment will not, without the consent of the holder of an outstanding LTIP Award, adversely affect any rights of such person with respect to an outstanding award at the time such amendment is made. Unless previously

terminated, new Awards may not be made under the LTIP after January 30, 2028.

Recent Restricted Stock Award and Restricted Stock Units Grants to Employees, Consultants, and Directors

On July 27, 2020, the Board approved the establishment of the 2020 Plan, and the 2020 Plan was approved by our stockholders at the annual meeting of the stockholders held on October 20, 2020. The 2020 Plan authorizes us to reserve 650,000 shares for future grants thereunder. At November 25, 2022, there were 12,595 shares reserved for awards available for issuance under the 2020 Plan.

On June 21, 2022, the Board approved the establishment of the Technical Team Retention Plan (the “2022 Plan”), and the 2022 Plan was approved by our stockholders at the annual meeting of the stockholders held on August 19, 2022. The 2022 Plan authorizes us to reserve 500,000 shares for future grants thereunder. At November 25, 2022, there were 370,000 shares reserved for awards available for issuance under the 2020 Plan.

The LTIP, the 2020 Plan and the 2022 Plan are referred to as the “Plans.”

19

We believe that awards under the Plans better align the interests of our employees, consultants and directors with those of our stockholders. A total of 471,460 shares (including equity awards convertible into shares of Common Stock) remained available for awards under the various Plans as of November 25, 2022.

The number of awards that an employee, director, or consultant may receive under our Plans is in the discretion of the administrator and therefore cannot be determined in advance.

The following table sets forth the aggregate number of shares subject to restricted stock and RSUs granted under the Plans during the year-ended December 31, 2021.

Federal Tax Aspects

The following summary is a brief discussion of certain federal income tax consequences to U.S. taxpayers and to the Company of Awards granted under the LTIP. This summary is not intended to be a complete discussion of all the federal income tax consequences of the LTIP or of all the requirements that must be met in order to qualify for the tax treatment described below. The following summary is based upon the provisions of U.S. federal tax law in effect on the date hereof, which is subject to change (perhaps with retroactive effect) and does not constitute tax advice. In addition, because tax consequences may vary, and certain exceptions to the general rules discussed in this summary may be applicable, Participants are encouraged to consult with their own advisors.

Tax consequences of nonqualified stock options and stock appreciation rights. In general, an employee, director or consultant will not recognize income at the time of the grant of nonqualified stock options or stock appreciation rights under the LTIP. When the holder exercises the stock option or stock appreciation right, he or she generally will recognize compensation income for federal income, Social Security, Medicare and Additional Medicare tax purposes equal to the excess, if any, of the fair market value (determined on the day of exercise) of the shares of the Common Stock received (or cash equivalent) over the exercise price. The tax basis of such shares will be equal to the exercise price paid plus the amount of compensation income recognized at the time of the exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a nonqualified stock option or stock appreciation right, the holder will have taxable capital gain or loss, measured by the difference between the amount realized on the sale or exchange and the tax basis of the shares. The capital gain or loss will be short-term or long-term depending on the holding period of the shares sold. If a stock appreciation right is settled in cash, the amount received will be taxed as compensation income.

Tax consequences of Stock Awards. In general, the recipient of an Award of our Common Stock without restrictions will recognize compensation income at the time the shares of Common Stock are awarded in an amount equal to the excess, if any, of the fair market value of the shares of Common Stock received over the amount, if any, the recipient paid in exchange for the shares of Common Stock. In the case of a restricted stock award (such that the shares are subject to vesting or other restrictions), the recipient generally will not recognize income until the shares of Common Stock become vested or the restrictions otherwise lapse, at which time the recipient will recognize compensation income equal to the excess, if any, of the fair market value of the shares of Common Stock on the date of vesting (or the date of the lapse of a restriction) less the amount, if any, that the recipient paid in exchange for the shares of Common Stock. If the shares of Common Stock are forfeited under the terms of the restricted stock award, the recipient will not recognize compensation income and will not be allowed an income tax deduction with respect to the forfeiture.

A recipient may file an election under Section 83(b) of the Internal Revenue Code with the Internal Revenue Service within thirty (30) days of the recipient's receipt of the restricted stock to recognize compensation income, as of the award date, equal to the excess, if any, of the fair market value of the shares of Common Stock on the award date less the amount, if any, that the recipient paid in exchange for the shares of Common Stock. If a recipient makes a Section 83(b) election, then the recipient will not otherwise be taxed in the year the vesting or restriction lapses, and, if the restricted stock award is forfeited, the recipient will not be allowed an income tax deduction for the compensation income recognized. (A loss is allowed with respect to any amount paid.) If the recipient does not make a Section 83(b) election, dividends paid to the recipient on the shares of Common Stock prior to the date the vesting or restrictions lapse will be treated as compensation income.

The recipient's tax basis for the determination of gain or loss upon the subsequent disposition of shares of Common Stock acquired as restricted stock awards will be the amount paid for the shares plus the amount of compensation income recognized in connection with the Award.

Tax consequences of RSUs. A recipient of an RSU is taxed when the shares are delivered (generally at vesting), rather than the date of grant. (Deferred delivery of shares after vesting may implicate Section 409A of the Internal Revenue Code.) The recipient is taxed on compensation income measured by the cash received or the difference between the amount paid (if any) and the fair market value of the Common Stock at settlement. If the recipient receives actual shares at settlement, the holding period will begin at settlement and the tax basis will be equal to the sum of the cash, if any, paid plus the amount of compensation income recognized at vesting. Dividend equivalents (if offered) will be taxed as additional compensation income at settlement.

Additional Federal Tax. A recipient may be required to pay a 3.8% Medicare tax with respect to net investment income, including dividends on and gains from the sale or other disposition of Common Stock, to the extent that total adjusted income exceeds applicable thresholds.

Withholding and other consequences. All compensation income of a recipient with respect to an Award will be subject to appropriate federal, state and local income and employment tax withholding.

Tax effect for the Company. We are generally entitled to an income tax deduction in connection with an Award under the LTIP in an amount equal to the compensation income recognized by a recipient at the time the recipient recognizes such income, subject to the limitation on the deduction of executive compensation under Section 162(m) of the

The recipient's tax basis for the determination of gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus the amount includible in his or her gross income as compensation in respect of such shares.

Withholding and other consequences. Any compensation includible in the gross income of a recipient will be subject to appropriate federal and state income tax withholding.

Tax effect for the Company. We are generally entitled to an income tax deduction in connection with a stock option or restricted stock award granted under the LTIP in an amount equal to the ordinary income realized by a recipient at the time the recipient recognizes such income (for example, the exercise of a nonqualified stock option). Special rules may limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated executive officers under Section 162(m) of the Internal Revenue Code to the extent that annual compensation paid to any of the foregoing individuals exceeds \$1,000,000.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON RECIPIENTS OF AWARDS UNDER THE LTIP. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A RECIPIENT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY STATE OR FOREIGN COUNTRY IN WHICH THE RECIPIENT MAY RESIDE. THE FOREGOING SUMMARY IS NOT INTENDED OR WRITTEN TO BE USED, AND IT CANNOT BE USED BY ANY TAXPAYER, TO AVOID PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER.

Vote Required and Recommendation

Our Bylaws provide that all matters (other than the election of directors and except to the extent otherwise required by applicable Delaware law) shall be determined by a majority of the votes cast affirmatively or negatively. Accordingly, the affirmative vote of a majority of the shares of the shares of Common Stock present at the Special Meeting, in person or by proxy, and voting on the matter, will be required to approve the Amendment to the LTIP.

The Board recommends that stockholders approve the Amendment.

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE TO APPROVE THE AMENDMENT TO THE LTIP.

APPROVAL OF THE TRANSACTIONS CONTEMPLATED BY THE TRANSACTION DOCUMENTS

(Proposal No. 3)

Summary

The purpose of Proposal No. 3 is to obtain the stockholder approval necessary under applicable rules of The Nasdaq Stock Market LLC ("Nasdaq") to ratify and approve all of the transactions contemplated by the Transaction Documents, including the full issuance of shares of Common Stock upon the conversion of the Convertible Note, exercise of the Warrant into shares of Common Stock and the Waiver Warrants issued in connection with a waiver received from certain provisions of the Purchase Agreement.

Background

On August 15, 2022, the Company entered into the Purchase Agreement with an institutional investor (the "Investor"), pursuant to which the Company agreed to issue to the Investor a senior secured convertible note in the principal amount of \$3,600,000 (the "Old Convertible Note") and a warrant (the "Warrant") to purchase up to 2,097,022 shares (the "Warrant Shares") of Common Stock, at an initial exercise price of \$0.997 per share (the "Exercise Price"), in consideration for \$3,000,000 (the "Private Placement"). The Old Convertible Note is convertible in whole or in part at the option of the Investor into shares of Common Stock (the "Conversion Shares") at the Conversion Price (as defined below) at any time following the date of issuance of the Old Convertible Note.

The Old Convertible Note defines "Conversion Price" as equal to the lesser of (a) 90% of the average of the five lowest daily VWAPs (as defined in the Old Convertible Note) during the previous twenty trading days prior to delivery to the Company of the Investor's applicable notice of conversion (the "Conversion Notice") and (b) \$0.926 (the "Base Conversion Price"). The Base Conversion Price is subject to full ratchet antidilution protection, subject to a floor conversion price of \$0.50 per share (the "Floor Price"), and certain exceptions upon any subsequent transaction at a price lower than the Base Conversion Price then in effect and standard adjustments in the event of stock dividends, stock splits, combinations or similar events; provided that in the event the Conversion Price equals the Floor Price, the Company is required to pay the Investor a cash amount determined pursuant to a formula in the Old Convertible Note, and provided further that the Floor Price will not apply in the event that the Company obtains the approval of such number of the holders of the outstanding shares of Company's voting Common Stock as required by the Bylaws and the Delaware General Corporation Law: (a) if and to the extent legally required, to amend the Certificate of Incorporation to increase the number of authorized shares of Common Stock by at least the number of shares of Common Stock equal to the number of shares issuable under the Purchase Agreement, (b) to ratify and approve all of the transactions contemplated by the Purchase Agreement, Old Convertible Note, the security agreement, the patent security agreement, the trademark security agreement, the pledge agreement, the guaranty in favor of the Investor, the security agreement with the Investor, the trademark security agreement and any other documents or agreements executed or delivered in connection with the transactions contemplated thereunder (the "Transaction Documents"), including the issuance of all of the shares of Common Stock issued and potentially issuable to the Investor thereunder, all as may be required by the applicable rules and regulations of Nasdaq in accordance with Nasdaq rules ("Stockholder Approval"). At any time after the closing date of the Private Placement, in the event that the Company issues or sells any shares of Common Stock or Common Stock Equivalents (as defined in the Old Convertible Note), subject to certain exceptions, at an effective price per share lower than the Base Conversion Price then in effect or without consideration, then the Base Conversion Price shall be reduced to the price per share paid for such shares of Common Stock or Common Stock Equivalents. Additionally, upon three days' written notice to the holder after receipt of a Conversion Notice, in lieu of delivering Conversion Shares, the Company has the right to pay the Investor in cash an amount equal to 105% of the portion of the outstanding principal amount stated in such Conversion Notice. Further, at the Investor's option, the Old Convertible Note is convertible into shares of Common Stock or redeemable for 103% of the portion of the outstanding principal amount to be converted in the event that any transaction causes the Conversion Price to be lower than the Floor Price. Subject to certain exceptions, commencing on the Conversion Trigger Date and for a nine-month period after such date, the Investor may convert only up to an aggregate of \$250,000 in outstanding principal amount during any calendar month, provided, that if Stockholder Approval has been obtained, the Old Convertible Note is in default at the time or the Company meets certain capitalization conditions, such conversion limitation would not apply.

At any time after issuance of the Old Convertible Note, the Company may repay all (but not less than all) of the outstanding principal amount of the Old Convertible Note upon ten days' written notice to the Investor (the "Prepayment Notice"). If the Company exercises its right to prepay the Old Convertible Note, the Investor shall have the right, upon five days' written notice to the Company after receipt of the Prepayment Notice, to convert up to 33% of the principal amount of the Old Convertible Note at the Conversion Price. The Investor also has the right to make the Company repay 105% of the outstanding principal amount of the Convertible Note in the event of a change of control.

The obligations and performance of the Company under the Old Convertible Note and the Purchase Agreement are secured by: (a) a senior lien granted pursuant to security agreements between the Investor and each of the Company and WiSA, LLC ("WiSA"), as applicable, on all of the assets of the Company and WiSA, respectively; (b) a senior lien granted pursuant to trademark security agreements between the Investor and each of the Company and WiSA, as applicable, on all of the trademark assets of the Company and WiSA, respectively; (c) a senior lien granted pursuant to a patent security agreement between the Investor and the Company on all of the patent assets of the Company; and (d) a pledge of certain securities pursuant to a pledge agreement between the Investor, the Company and WiSA (such agreements listed in (a)-(d) above, collectively, the "Security Agreements"). The payment and performance obligations of the Company under the Convertible Note and the Purchase Agreement are guaranteed pursuant to a guaranty by WiSA in favor of the Investor (the "Guaranty").

The Warrant is immediately exercisable for five years upon issuance, subject to applicable Nasdaq rules.

Effective August 24, 2022, the Company and the Investor agreed to amend Section 3.1(b) of the Old Convertible Note to provide that the Conversion Price could not be lower than the Floor Price of \$0.50 until Stockholder Approval has been obtained, after which Stockholder Approval the Floor Price may be reduced to no lower than \$0.25. The changes were effected by cancellation of the Old Convertible Note and the issuance of a replacement senior secured convertible note (the "Convertible Note") to the Investor. The Convertible Note contains identical terms as the Old Convertible Note, except for the amendment to the Section 3.1(b).

As of the date hereof, the Warrant is exercisable for an aggregate of 2,097,022 shares of Common Stock. On February 15, 2023, the Conversion Trigger Date, without stockholder approval of this Proposal No. 3, the Convertible Note will be convertible into up to 7,200,000 shares of Common Stock at a conversion price of \$0.50 per share of Common Stock.

On November 28, 2022, the Company and the Investor agreed to waive certain restrictions provided in the Purchase Agreement requiring consent of certain follow on securities offerings and restrictions on certain variable rate transactions. In consideration of the waiver, the Company granted to the Investor the Waiver Warrants exempt from registration under Rule 506 of Regulation D promulgated under the Securities Act of 1933, as amended. The Company's obligation to issue these waiver securities is expressly conditioned upon approval of this Proposal No. 3.

Effect of Issuance of Additional Securities

As of _____, 2022, we had _____ shares of Common Stock issued and outstanding (such amount not giving effect to the exercise of any outstanding options, warrants or any other rights to purchase our securities) (the "_____ Outstanding Share Amount"). Based on the _____ Outstanding Share Amount, if the Investor were to convert the Convertible Note into 7,200,000 shares of Conversion Shares (assuming the Note is convertible and no stockholder approval of this Proposal No. 3 is obtained), and exercise the Warrant in full to purchase 2,097,022 Warrant Shares, the Investor would be issued an aggregate of 9,297,022 shares of our Common Stock, equal to ____% of our issued and outstanding Common Stock on a pre-Private Placement basis, assuming the Investor waives the provisions in the Convertible Note and the Warrant limiting its beneficial ownership of shares of Common Stock to 4.99%.

As such, for so long as the Investor beneficially owns a significant amount of shares of Common Stock, it could significantly influence future Company decisions. Our stockholders will incur dilution of their percentage ownership to the extent that the Investor fully converts the Convertible Note or exercises the Warrant. Further, because of the possibility that the Conversion Price and Exercise Price may be further adjusted to a lower amount, stockholders may experience an even greater dilutive effect. If the Company is required to make additional adjustments to the Conversion Price in order to facilitate its conversion into Common Stock and avoid a repayment in cash, there will likely be additional dilution beyond the ____% currently anticipated by this proxy statement. In particular, as of the date hereof, the Conversion Price is higher than the closing price of the shares of Common Stock on The Nasdaq Capital Market. Stockholder approval of Proposal No. 3 will apply to all issuances of Common Stock pursuant to the Convertible Note and Warrant, including such potential issuance of additional shares.

Nasdaq Marketplace Requirements and the Necessity of Stockholder Approval

The Common Stock is currently listed on The Nasdaq Capital Market and, as such, the Company is subject to the Nasdaq rules. Nasdaq Marketplace Rule 5635(d) requires the Company to obtain stockholder approval prior to the issuance of shares of Common Stock in connection with certain non-public offerings involving the sale, issuance or potential issuance by the Company of shares of Common Stock (and/or securities convertible into or exercisable for shares of Common Stock) equal to 20% or more of the shares of Common Stock outstanding prior to such issuance where the price of the Common Stock to be issued is below the "Minimum Price." "Minimum Price" means a price that is the lower of: (i) the Nasdaq Official Closing Price (as reflected on Nasdaq.com) immediately preceding the signing of the binding agreement; or (ii) the average Nasdaq Official Closing Price of the common stock (as reflected on Nasdaq.com) for the five trading days immediately preceding the signing of the binding agreement. Shares of Common Stock issuable upon the exercise or conversion of warrants, options, debt instruments, preferred stock or other equity securities issued or granted in such non-public offerings will be considered shares issued in such a transaction in determining whether the 20% limit has been reached, except in certain circumstances such as issuing warrants that are not exercisable for a minimum of six months and have an exercise price that exceeds market value. The Company believes that the transactions contemplated by the Transaction Documents, including full issuance of shares of Common Stock upon the conversion of the Convertible Note and exercise of the Warrant and the Waiver Warrants (as described above) into shares of Common Stock, may require stockholder approval.

If our stockholders do not approve this Proposal No. 3, the Convertible Note will not be fully convertible and the Warrant will not be fully exercisable in a manner that complies with Nasdaq Marketplace Rule 5635(d). In addition, our failure to obtain approval of this Proposal No. 3 when such failure would prohibit us from satisfying our obligations under the Convertible Note and the Warrant might constitute an Event of Default under the Convertible Note and Warrant, and result in an obligation to immediately purchase back in cash any outstanding principal amount of the Convertible Note or unexercised Warrant or Waiver Warrants at the amounts as described in the Convertible Note, Warrant, and Waiver Warrants, as applicable.

Vote Required and Recommendation

Our Bylaws provide that all matters (other than the election of directors and except to the extent otherwise required by applicable Delaware law) shall be determined by a majority of the votes cast affirmatively or negatively. THE BOARD UNANIMOUSLY RECOMMENDS A VOTE TO APPROVE THE TRANSACTIONS CONTEMPLATED BY THE TRANSACTION DOCUMENTS, INCLUDING THE ISSUANCE OF SHARES OF COMMON STOCK ISSUABLE UPON THE CONVERSION OF THE CONVERTIBLE NOTE AND THE EXERCISE OF THE WARRANT AND THE WAIVER WARRANTS.
