## CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Annual Report on Form 10-K (this “Report”) contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Forward-looking statements discuss matters that are not historical facts. Because they discuss future events or conditions, forward-looking statements may include words such as “anticipate,” “believe,” “estimate,” “intend,” “could,” “should,” “would,” “may,” “seek,” “plan,” “might,” “will,” “expect,” “predict,” “project,” “forecast,” “potential,” “continue,” negatives thereof or similar expressions. These forward-looking statements are found at various places throughout this Report and include information concerning possible or assumed future results of WiSA Technologies, Inc.’s (“WiSA”, the “Company”, “our”, “us” or “we”) operations; business strategies; future cash flows; financing plans; plans and objectives of management; any other statements regarding future operations, future cash needs, business plans and future financial results, and any other statements that are not historical facts.

From time to time, forward-looking statements also are included in our other periodic reports on Forms 10-Q and 8-K, in our press releases, in our presentations, on our website and in other materials released to the public. Any or all of the forward-looking statements included in this Report and in any other reports or public statements made by us are not guarantees of future performance and may turn out to be inaccurate. These forward-looking statements represent our intentions, plans, expectations, assumptions and beliefs about future events and are subject to risks, uncertainties and other factors, including risks related to market, economic and other conditions; the ongoing economic and social consequences of the COVID-19 pandemic; WiSA’s ability to continue as a going concern; WiSA’s ability to manage costs and execute on its operational and budget plans; and, WiSA’s ability to achieve its financial goals. Many of those factors are outside of our control and could cause actual results to differ materially from the results expressed or implied by those forward-looking statements. In light of these risks, uncertainties and assumptions, the events described in the forward-looking statements might not occur or might occur to a different extent or at a different time than we have described. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Report. All subsequent written and oral forward-looking statements concerning other matters addressed in this Report and attributable to us or any person acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to in this Report.

Except to the extent required by law, we undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, a change in events, conditions, circumstances or assumptions underlying such statements, or otherwise.

## PART I

### Item 1. Business

#### Overview

We believe that the future of audio technology is in wireless devices and that WiSA is well positioned to deliver best-in-class immersive wireless sound technology for intelligent devices and next generation home entertainment systems. We currently sell modules which wirelessly transmit and receive audio directly to speakers. Additionally, we plan to license our proprietary software technology, currently embedded in our wireless modules, to other companies who can then embed our technology into other Wi-Fi enabled smart devices. The segment of the wireless audio market that WiSA focuses on is comprised of scalable multichannel solutions with levels of latency that are low enough to synchronize with video. The term multichannel refers to the use of multiple audio tracks to reconstruct a sound field using multiple speakers.

As part of the effort to grow the wireless multichannel home audio segment, WiSA Technologies, Inc (f/k/a Summit Wireless) was a founding member of the WiSA Association, an association dedicated to providing industry leadership and consumer choice through interoperability testing between brands. Products certified and marked with a WiSA Association logo have been tested to interoperate. This preserves consumer choice by enabling consumers to choose different wireless transmitting products across different brands where audio is decoded with speakers that have the WiSA Association logo displayed. Our marketing strategy focuses on, what we believe, are two emerging wireless audio market needs: immersive, multi-channel audio and lower signal latency. WiSA currently sells custom semiconductor chips and wireless modules to a growing list of consumer electronics customers, including major brands in the consumer electronics industry. We believe that a growing adoption of our technology by leaders in this industry will revolutionize the way people experience media content through their mobile devices, televisions (“TVs”), game consoles and personal computers (“PCs”).

#### Our Business Focus

Our primary business focus is to enable mainstream consumers and audio enthusiasts to experience high quality wireless immersive audio. We intend to continue selling our proprietary wireless modules to consumer electronics companies while also expanding our focus to implement a lower-cost solution by porting our software onto commercially available internet of things (“IoT”) modules with integrated Wi-Fi technology.

#### Industry Background

The primary growth segments for in-home entertainment have been “Bluetooth” stereo accessories which include single speakers, headsets, and more recently, “multi-room” stereo speakers that use your home’s Wi-Fi network to stream audio throughout house. Another market that continues to grow is the sound bar market. Sound bars are typically sold with wireless subwoofers and may also be sold with wireless rear speakers.

#### Our Technology

Our fundamental technology addresses some of the main issues that we perceive hinder the growth of immersive audio in the home: complexity of installation and setup, cost, interoperability between smart devices and the speakers or soundbars. We believe that consumers want to experience theater-quality immersive sound from the comfort of their homes. However, traditional immersive audio systems, commonly referred to as home theater surround sound systems, are wired and often require expensive audio-visual (“AV”) receivers to decode the audio stream, leaving the consumer with the burden of concealing the wires. Hiring a professional to hide the wires into the walls or floor is invasive, complicated, costly, and time consuming. Further, people who rent as opposed to own their home, may not be able to install these systems as the installation construction needed may not be permitted under a lease agreement. Our first-generation wireless technology addresses these problems by transmitting wireless audio to each speaker at Blu-ray quality (uncompressed 24 bit audio up to 96 kHz sample rates) and emphasizing ease of setup. To our knowledge, WiSA’s custom chips and modules technology is one of the only technologies available today that can stream up to eight (8) separate wireless audio channels with low latency, removing lip-sync issues between the audio and video sources. In addition, every speaker within a system that utilizes our technology can be synchronized to less than one microsecond, thus eliminating phase distortion between speakers. WiSA’s first-generation technology shows that wireless immersive audio systems are viable home audio solutions for the average consumer and audio enthusiast alike.

Having successfully developed wireless audio solutions for the high-end of the immersive audio market, WiSA is continuing its development of proprietary software targeted at bringing its best-of-class immersive audio technology to entry/mid-level audio systems. Noting the growth of the sound bar market, WiSA plans a low-cost, entry-level wireless audio solution designed to meet the needs of the consumer looking for a sound bar-based, value-driven immersive audio system. To address this market segment, WiSA is currently developing certain proprietary software for which patent applications have been submitted that will enable sound bars as well as smart devices that have Wi-Fi and video media to deliver immersive audio. A prototype version of our software technology has been demonstrated to select customers (pursuant to confidentiality agreements). Our goal is to commercialize a software based-solution, which other brands can integrate into their devices, that will (i) reduce integration costs for mass market use, (ii) utilize Wi-Fi for wireless connectivity, making it easy to integrate into today's high volume, low cost systems on a chip ("SOC") and modules, (iii) provide a low power consumption option to allow for use in battery-powered devices, and (iv) provide compatibility with popular consumer electronic operating systems.

## **WiSA Association**

Our wholly-owned subsidiary, WiSA, LLC, operates the WiSA Association, which is an association of brands, manufacturers, and influencers within the consumer electronics industry, with the purpose of promoting a standardized method of interoperability between wireless audio components using WiSA's technology. The WiSA Association creates, maintains and manages specifications for wireless interoperability that are available to all WiSA Association members. For products with a WiSA Association certification, the WiSA Association also creates, maintains, and manages testing criteria and specifications for all products to be listed, marketed and sold. WiSA-certification is an industry-wide "stamp of approval" certifying that a product is interoperable with other products in the WiSA ecosystem and has passed several high-performance tests ensuring interoperability and wireless performance standards are met. As the sole owner of WiSA, LLC, we certify all WiSA Association products.

In 2018, we introduced the WiSA Ready™ certification. The WiSA Ready™ certification identifies entertainment sources – such as TVs, gaming systems or computers – that are equipped to deliver up to eight (8) channels of HD audio to WiSA-certified speakers when connected with a WiSA Universal Serial Bus ("USB") transmitter. This program simplifies consumer setup and reduces costs by replacing AV receivers or wireless hubs with a low-cost USB accessory. We believe that using WiSA Ready™ products allows consumers to more simply and conveniently enjoy wireless multi-channel sound, eliminating the clutter, wires, and complicated installs generally required to create immersive audio experiences. LG Electronics and Hisense have introduced TV and projector product lines that have been certified WiSA Ready™. Additionally, TCL, Skyworth, and Bang & Olufsen have built WiSA's modules into some of their TVs.

Currently, WiSA-certified products are required to use WiSA modules in order to meet the standards set by the WiSA Association. As a result, WiSA Association members purchase modules from us in order to build their products to meet such standards.

Among WiSA-certified products, consumers will be able to outfit their home entertainment system with WiSA-certified speakers and components from any participating vendor with the assurance that the devices will interoperate and provide high quality wireless HD surround sound.

The WiSA Association manages logo usage and trademark guidelines, investigates alternative markets, connects brands to manufacturing resources, and, we believe, provides industry leadership in solving the challenges facing the home theater and commercial markets in the integration of wireless audio technology.

As part of building the category of immersive audio and driving consumer awareness, WiSA has created the WiSA Wave, which includes a number of online direct-to-consumer marketing programs. WiSA Association has dramatically increased consumer awareness, as measured by web traffic through WiSA's websites. There were approximately 1.4 million web visitors in 2022. WiSA utilizes Google analytics to identify and measure unique user web traffic. WiSA Wave activities have expanded to include joint marketing WiSA products with retailers, the creation of WiSA storefronts on retailer websites, retailer co-op ads, and multibrand ads supporting WiSA members. Additionally, WiSA uses the WiSA Wave to drive the promotion and sale of the Platin Audio line of immersive audio speaker systems, a brand of speakers designed to promote WiSA Certified functionality at new price points and product performance levels.

## **Modules**

WiSA has designed wireless modules that provide high performance wireless audio for our customers to integrate into their products, such as a speaker, TV, media hubs and USB or HDMI dongles. These modules include our custom semiconductors with our intellectual property (“IP”) built in as well as a Wi-Fi radio for communications. By designing and selling these modules, we believe that we can reduce our customers’ design expense, accelerate their time-to-market cycle, and reduce the cost of each module. WiSA offers both a “TX” module to transmit the audio from a host device like a media hub, TV or dongle to WiSA-enabled speakers and an “RX” model for speakers that receive the wireless audio signal and processes it for audio play out.

## **Modules for Consumer Products**

WiSA’s TX modules are targeted for integration into TVs, AV receivers, media hubs and USB or HDMI dongles. WiSA’s transmitter, with its integrated antenna, is designed to support rooms as large as 10 meters by 10 meters with uncompressed, 24 bit audio up to 96 kHz sample rate. The module supports a simple interface, with Inter-IC Sound (“I2S”) or USB audio and control. In addition, WiSA’s technology has been approved by Digital Content Protection, LLC, the licensing agency for High-bandwidth Digital Content Protection, as an audio-only output technology for retransmission of audio content.

WiSA’s receiver interfaces to a digital amplifier and is designed to be integrated directly into a home theater speaker. The four (4) printed circuit board (PCB) antennas simplify system integration while providing robust reception of 24 bit audio up to 96 kHz sample rates virtually anywhere within a 10 meter by 10 meter space. It supports one or two separate audio outputs via I2S. An optional interface on the receiver module can be enabled to configure the speaker type and provide volume/mute control at the speaker. Alternatively, the speaker type can be assigned at the factory for preconfigured Home Theater in a Box applications.

## **The WiSA Opportunity**

We believe that the following attributes: cost, mobility, video support, ease of installation and quality create a market opportunity for WiSA’s technologies to be adopted by the consumer electronics industry as described further below.

### Cost

We believe that the simplicity and cost structure of our current WiSA SoundSend transmitter and upcoming embedded software solution will make our prices competitive for a wider range of applications, allowing consumer electronics companies to integrate our technology, while also delivering high quality audio.

### Video Support

Wireless audio capable of supporting video has become a priority for consumers across a variety of high-volume multimedia platforms, including TV’s, smartphones, game consoles and set-top boxes. Video applications require audio and video to be perfectly synchronized in order to avoid lip-sync and speaker audio phase distortion issues. WiSA's technology prioritizes low latency and synchronization to less than one microsecond, thus practically eliminating phase distortion between speakers.

### Ease of Installation

We believe that the home entertainment market has moved toward simplicity in recent years. The costly and inconvenient home theaters of the past have left consumers with a desire for audio systems that provide a simplified installation process. We believe that new audio systems, including the predominant sound bar system, are unable to provide high levels of performance, especially in the surround-sound market. WiSA’s technology greatly simplifies the installation process of true surround-sound systems. This allows consumers to install a home theater system with the same amount of effort as a sound bar, but enjoy a far superior experience. We believe that an overwhelming majority of the content entering consumers’ homes through digital TV and streaming services is provided in a multi-channel format, which is why WiSA’s goal is to facilitate enjoyment of true surround sound for both the everyday consumer and audio enthusiast.

In addition to easy installation, WiSA modules provide consumers with a multitude of options, allowing customization of a home theater specific to each consumer, without being forced to stick with one brand of speaker. For example, our hope is that a consumer might start with a WiSA enabled sound bar for their TV and then add a WiSA enabled subwoofer. That same system can be easily upgraded to a variety of surround sound systems by simply adding more speakers. Our technology will allow consumers to upgrade an audio system or just one component of the system without the need to replace the entire system. Consumers can keep the original transmitter, sound bar, and subwoofer and integrate them seamlessly into a new system. Being able to outfit a home entertainment system with WiSA-enabled speakers and components gives consumers the ability to express their individual preference and needs and provides the assurance that the devices will interoperate, delivering what we believe is the highest standard in HD wireless surround sound.

#### Dissatisfaction with Bluetooth Performance and Quality

We believe that consumers want better performance and quality from their Bluetooth audio devices. For example, they may want headsets that stay connected over longer distances or products that offer better audio fidelity. By offering a solution that addresses these needs at a comparable price point to Bluetooth, we believe that we can build consumer demand for our technology.

#### Profitability of Audio Component Accessories

High-definition televisions (“HDTVs”) are getting thinner and it is becoming increasingly difficult to incorporate the latest electronic advances into such thin displays. Over two hundred million smart TVs are currently sold annually. We expect that eventually most of the electronics will be external to the display. We believe that the first physical feature to be removed from HDTVs will be the audio component, since there is very little room for quality speakers in today’s thin displays. We believe that HDTV manufacturers know that they need to provide an audio alternative. Additionally, since cost is a significant consideration, we believe that some manufacturers may offer external sound bars which will satisfy some consumers, but perhaps not the consumers who desire a high-quality audio alternative. We believe that these developments are creating an inflection point in the market, and manufacturers are looking to WiSA’s technology to create a standard for wireless audio interoperability that will support a long-term product strategy for the successful development of high quality, wireless audio products. By designing speaker systems that incorporate WiSA’s technology, consumer electronics companies will be able to sell easy-to-install surround sound audio solutions alongside TVs.

#### Enjoyment of improved audio on existing content

We believe that the growth in the number of video devices streaming multi-channel audio content, coupled with new 3D immersive sound experiences from Dolby’s Atmos and DTS’ DTS:X formats, will help propel the demand for wireless speakers well into the future.

#### Enjoyment of wireless audio without interference from other wireless signals

Having other devices nearby that also use the 5 GHz band should not affect the performance of a WiSA-enabled audio system, as WiSA’s technology can seamlessly switch to another frequency within the 5 GHz band. The 5 GHz U-NII spectrum utilized by WiSA technology has up to 24 channels available that are constantly monitored for interference using the Dynamic Frequency Selection sub-band between 5.2 and 5.8 GHz. When interference is detected, the next channel, having been monitored for over one minute and confirmed for accessibility, is ready to be accessed and WiSA-enabled devices switch seamlessly to that channel, without the user ever noticing or the audio experience being affected.

#### **What Distinguishes WiSA from its Competitors**

Both the proprietary technology and the adoption of the technology by leaders in consumer electronics are differentiating factors for WiSA. Our management believes that WiSA is one of the only companies with the technical capabilities of transmitting high resolution, low latency, and speaker synchronization of wireless audio capable of supporting up to eight channels. Premium consumer brands, like Bang & Olufsen, Harman International, a division of Samsung, and LG Electronics have begun to adopt our technology as a valued feature in performance products.

## Category Defining Wireless Audio

Our first generation wireless audio technology delivers industry leading eight channels of uncompressed audio directly to the speakers in 24 bit and up to 96 kHz sample rates. This means that a consumer can experience audio exactly as it was mastered in the studio. WiSA's technology supports surround sound systems up to 7.1 or 5.1.2 for Dolby Atmos® configurations.

Alternative technologies such as, Bluetooth and Wi-Fi standards were not designed to transmit fixed low latency audio that is synchronized to video. However, Bluetooth and Wi-Fi standards can work well for audio-only wireless transmission, when video is not a part of the listening experience. In audio-only applications, latency is less critical and audio data can be buffered in memory to ensure proper speaker synchronization even when data retransmissions are needed in today's congested wireless environments. In video applications, retransmissions add to latency. Standard Bluetooth and Wi-Fi standards have long variable latency that can exceed acceptable audio to video synchronization and make quality multichannel audio experience unachievable. A few custom silicon-based solutions exist today that improve on Bluetooth and Wi-Fi standards based performance, but compared to WiSA, such products have longer latencies, lower performing speaker synchronization, and are limited to 2-4 audio channels and often only support 16 bit CD quality audio.

WiSA's technology roadmap includes proprietary software that will enable standard Wi-Fi protocol to support multi-channel audio for video applications, while permitting WiSA to leverage Wi-Fi's lower chip and module cost structure. WiSA's first generation technology was designed for the mid to high end home theater market and offers a unique feature set that is expected to be included in new product designs for years. WiSA's new Wi-Fi strategy enables the Company to compete in the entry-level home theater market at Bluetooth price points, while delivering superior multi-channel performance for higher volume applications. The Company's recently announced Discovery module is the first product that integrates WiSA's new software which enables a transceiver module to keep up to four independent wireless audio channels synchronized in a room size up to 10 meters square. The Discovery modules is ideally suited for entry level home entertainment systems, including sound bars, TVs, subwoofers and Dolby Atmos® applications.

## WiSA Customers

WiSA currently sells wireless modules containing custom semiconductor chips to a growing list of consumer electronics customers, including major brands such as Bang & Olufsen, KEF, LG, Harman International, a division of Samsung, Savant, Skyworth and System Audio. We believe that the use of our products by well-known consumer electronics brands will provide an opportunity to create wireless audio products that are simple to install and perform at high levels. Brands such as Bang & Olufsen and Harman have chosen WiSA technology to drive their wireless home audio/theater product assortments. We believe that their leadership has brought credibility to the technology and paved the way at retail for other brands to follow.

## Our Strategy

Our goal is to establish and maintain a leadership position as the ubiquitous standard for hi-fidelity wireless, multichannel audio. To obtain and enhance our position as the leading standard in the audio space, we intend to:

- improve recognition of our WiSA Certification brand and the WiSA standard brand;
- provide excellent products and services to our customers and members;
- make sure our technology is accessible to many consumers by having our technology in consumer electronics devices that sell at a variety of price points;
- expand market awareness of wireless multi-channel hi-fidelity audio experience availability;
- reduce hardware costs;
- enhance and protect our IP portfolio;
- invest in highly qualified personnel; and
- build innovative products alongside the world's leading consumer electronics companies.

We currently sell our modules in relatively small quantities. As new customers introduce WiSA-enabled products and current customers introduce second and third-generation WiSA-enabled products, we expect that orders for our modules will increase proportionally. With larger orders, we believe that we can take advantage of economies of scale and improve gross margins on our modules.

### **Interoperability**

Interoperability is a key aspect of wireless technology. We believe that this is especially true with audio technology, where unique designs, price points, audio quality and capabilities as well as consumer brand loyalties are significant factors for the end consumer. Creating home theater and audio components that all work with an interoperable standard creates a high level of confidence in retailers and consumers in the functionality of the entire entertainment system. Interoperability also increases the opportunity for specialized brands to create new and innovative products knowing they can focus on their specific part of the market and rely on others to create the necessary cohort components.

### **Proprietary Software**

A significant amount of our time and resources are being allocated towards launching a software licensing part of our business. Customers will receive a license for our TX software, so that any of their devices with a suitable Wi-Fi radio can transmit audio compliant with our standard without having to purchase and integrate our TX module. We believe that this software will be well positioned for use by major consumer electronics companies in many devices including TVs, handsets, gaming consoles, and computers. Patent applications have been submitted for key technology innovations in this software.

### **Research and Development**

As of March 14, 2023, our research and development department consisted of 29 dedicated employees. WiSA's engineering team has a wide range of expertise, capable of developing all levels of product design, from Application Specific Integrated Circuits ("ASIC") to modules to finished products. WiSA research and development has and will continue developing trade secrets for Digital Signal Processing ("DSP"), RF design and testing of WiSA technologies.

WiSA has developed multiple ASICs and certified modules for integration into multiple wireless audio designs by ODMs which are currently shipping to consumers. The ASIC hardware solution uses a high-performance proprietary network protocol for transmission of multi-channel audio.

WiSA is also currently shipping and developing modules that are Wi-Fi compatible. The Software ("SW") solution enables multi-channel audio capabilities on off the shelf IoT modules running RTOS and future Linux/Android based multimedia systems. The software solution uses a Wi-Fi network for transmission of multi-channel audio. WiSA released to production a low cost 2.4GHz IoT module supporting (5) audio channels and in the process of porting our software to a 5GHz IoT module in 2023. We have engaged an Indian design center to focus on Android integration of the core SW for embedded TV applications.

### **Manufacturing, Logistics and Fulfillment**

Our modules are designed and developed in Oregon, and our manufacturing is outsourced to contract manufacturers located in China. Our manufacturing facilities have been ISO 9001 and ISO 14001 certified. We purchase components and fabricated parts from multiple suppliers; however, we rely on sole source suppliers for certain components used to manufacture our modules. Several key strategic parts are purchased from suppliers by us and then consigned to our manufacturers, while the vast majority of parts are procured directly by our contract manufacturers. Our operations team manages the pricing and supply of the key components of our modules and seeks to achieve competitive pricing on the largest value-add components, while leveraging our contract manufacturers' volume purchases for best pricing on common parts. We have strong relationships with our manufacturers, helping us meet our supply and support requirements. Our manufacturing partners procure components and assemble our devices in accordance with our purchase orders. Demand forecasts and manufacturing purchase orders are based upon customer orders, historical trends, and analysis from our sales and product management functions. We believe that our manufacturing capabilities are essential to maintaining and improving product quality and performance, and that using outsourced manufacturing enables greater scale and flexibility than establishing our own manufacturing facilities.

While some modules are delivered from our production facility in Oregon, we have a third-party warehouse and fulfillment center in Hong Kong that delivers the majority our modules.

## **Sales Channels and Customers**

WiSA sells modules and integrated circuits (“ICs”) directly to OEM brands worldwide which in turn, sell their system level products to end customers through a vast channel of retailers and dealer networks. Internationally known brands such as Bang & Olufsen, Harman International, a division of Samsung, LG, System Audio, KEF, and many others are among our current customers, with products aimed at the wireless home theater market. Most of these brands sell through retailers store fronts and online e-tail.

## **Marketing and Advertising**

Effective and consistent marketing and advertising is critical as we grow our wireless audio solutions. We have worked with multiple PR agencies on establishing effective messaging to face all segments within our category including press, brands, reviewers, retailers and consumers. Our focuses are ease of set-up, high quality performance, expandability and the benefits of a true multi-channel surround sound audio solutions.

## **Competition**

The semiconductor industry is intensely competitive and has been characterized by price erosion and rapid technological change. We compete with major domestic and international semiconductor companies, many of which have greater market recognition and greater financial, technical, marketing, distribution and other resources than we have with which to pursue engineering, manufacturing, marketing and distribution of their products. Competitive products include products that: (a) are resistant to interference, low latency, long-range, and able to stream uncompressed audio; (b) target applications in the PC accessory audio, iPod accessory audio, home theater, and consumer & enterprise voice markets; (c) enable smart TVs, computers and mobile devices to connect to their multiple peripherals wirelessly, and simultaneously from a single host, with the ability to mix-and-match peripherals; and (d) utilize Bluetooth technology as a means of transmission.

We believe that our technology competes favorably with our competitors for a variety of reasons, including, among others:

- Our technology transmits audio packets with fixed latency in a manner well-suited for multi-channel audio networks and video applications.
- Our technology contains WiFi compatible software which provides the following future key benefits:
  - WiFi is not inherently proficient for transporting low latency audio. WiSA has spent the last 5 years developing a protocol that can leverage off the shelf high volume low cost 2.4GHz and 5GHz IoT chips and modules and scale to higher audio channel counts. As chip technology performance improves so will our performance.
  - WiFi compatibility allows us to operate more efficiently in congested environments while delivering the performance the market demands.
  - A software solution will allow WiSA Technologies to pivot into new markets quicker than those making custom proprietary chip solutions.

There are many other factors that impact our ability to be competitive and may impact our success against both larger and emerging competitors.

## **Intellectual Property**

We have key IP assets, including patents and trade secrets developed based on our technical expertise. As of March 14, 2023, we had 13 issued and 10 pending U.S. patents covering our technology. Our currently issued patents expire at various times from September 25, 2027 through March 1, 2040.

IP is an important aspect of our business, and our practice is to seek protection for our IP as appropriate. A multi-channel audio for surround sound system has technical requirements not required by simple stereo only systems. Multi-channel systems require each audio channel to be precisely played in time to create a sound field that correlates to video being viewed by a consumer. WiSA has developed hardware and software core technologies that manage system network latency and speaker phase. WiSA’s patents are based on protecting our low latency network algorithms and multi receiver synchronization.

We pursue a general practice of filing patent applications for our technologies in the U.S. and occasionally in foreign countries where our customers manufacture, distribute, or sell licensed products. We actively pursue new applications to expand our patent portfolio to address new technological innovations. We have multiple patents covering aspects and improvements for many of our technologies.

Our trademarks cover our various products, technologies, improvements, and features, as well as the services that we provide. These trademarks are an integral part of our technology licensing program, and licensees typically elect to place our trademarks on their products to inform consumers that their products incorporate our technology and meet our quality specifications.

We protect our IP rights both domestically and internationally. From time to time, we may experience problems with OEMs of consumer entertainment products in emerging economies. In the event it becomes necessary, we will take all necessary steps to enforce our IP rights.

Moreover, we have relatively no issued patents outside the U.S. Growing our licensing revenue in developing countries may depend in part on our ability to obtain and maintain patent rights in these countries, which is uncertain. Further, because of the limitations of the legal systems in many countries, the effectiveness of patents obtained or that may in the future be obtained, if any, is uncertain.

## **Employees**

As of March 14, 2023, we had a total 49 employees working in the United States and internationally. In the United States, we had 46 employees, including 29 employees that work in our research and development department, 11 employees in our sales and marketing department, 1 employee that works in our manufacturing/logistics/fulfillment department and 5 employees that work in our general and administrative department. Additionally, we have one logistics employee and one sales employee in Taiwan. None of our employees are currently covered by a collective bargaining agreement, and we have experienced no work stoppages. We consider our relationship with our employees to be good.

## **Recent Developments**

On January 24, 2023, the Board approved a 1-for-100 reverse stock split (the “Reverse Stock Split”) of our outstanding shares of Common Stock and authorized the filing of a certificate of amendment to our Certificate of Incorporation with the Secretary of State of the State of Delaware (the “Certificate of Amendment”) to effect the Reverse Stock Split. On January 26, 2023, we filed the Certificate of Amendment to effect the Reverse Stock Split as of 5:00 p.m. Eastern Time on January 26, 2023. Our Common Stock began trading on Nasdaq on a split-adjusted basis at the start of trading on January 27, 2023. Unless otherwise indicated, the information presented in this Report gives effect to the Reverse Stock Split.

## **Our Corporate Information**

We were formed as a limited liability company in Delaware on July 23, 2010. We converted to a Delaware corporation, effective December 31, 2017. Effective as of March 11, 2022, the Company changed its name to “WiSA Technologies, Inc.” The address of our corporate headquarters is 15268 NW Greenbrier Pkwy, Beaverton, OR 97006. Our website address is [www.wisatechnologies.com](http://www.wisatechnologies.com). The information contained in or accessible through our website is not part of this Report and is intended for informational purposes only.

### **Item 1A. Risk Factors.**

As a smaller reporting company, the Company is not required to include the disclosure required under this Item 1A.

### **Item 1B. Unresolved Staff Comments.**

Not Applicable.

### **Item 2. Properties.**

#### **Facilities**

Our principal executive office is located at 15268 NW Greenbrier Pkwy, Beaverton, Oregon 97006, where our research and development, production and sales and marketing personnel operate. We entered into a lease for such office effective November 1, 2020 and pay approximately \$18,000 per month for approximately 10,500 square feet, with such lease scheduled to terminate on January 31,

2024. We designated our Beaverton, Oregon office our principal executive office in March 2022. We also rent approximately 2,000 square feet of office space in Campbell, California on a month-to-month basis for approximately \$2,500 per month.

We lease all of our facilities and do not own any real property. We may procure additional space as we add employees and expand geographically. We believe that our facilities are adequate to meet our needs for the immediate future and that should it be needed, suitable additional space will be available to accommodate expansion of our operations.

### **Item 3. Legal Proceedings.**

At the present time, we are not involved in any material litigation. However, from time to time we may become involved in legal proceedings or be subject to claims arising in the ordinary course of our business.

### **Item 4. Mine Safety Disclosures.**

Not applicable.

## **PART II**

### **Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.**

#### **Market Information**

Our common stock, par value \$0.0001 per share (the “Common Stock”), is currently listed on the Nasdaq Capital Market under the symbol “WISA.”

#### **Holders**

As of March 14, 2023, there were approximately 123 holders of record of our Common Stock. This number does not include shares of Common Stock held by brokerage clearing houses, depositories or others in unregistered form.

#### **Dividends**

We have never declared or paid any cash dividends on our Common Stock and do not intend to pay any cash dividends in the foreseeable future. We anticipate that we will retain all of our future earnings for use in the development of our business and for general corporate purposes. Any determination to pay dividends in the future will be at the discretion of our board of directors (the “Board”). Accordingly, investors must rely on sales of their common stock after price appreciation, which may never occur, as the only way to realize any future gains on their investments.

#### **Securities Authorized for Issuance under Equity Compensation Plans**

Reference is made to “*Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters—Securities Authorized for Issuance under Equity Compensation Plans*” for the information required by this item.

#### **Recent Sales of Unregistered Securities**

The share and per share information included in the descriptions of the below transactions have been adjusted to give effect to the 1-for-100 reverse split of the Company’s outstanding shares of common stock, effective on January 26, 2023 and which began trading on the Nasdaq Capital Market on a split-adjusted basis at the start of trading on January 27, 2023:

##### August 2022 Private Placement

On August 15, 2022, the Company completed a private placement (the “August 2022 Private Placement”) of a senior secured convertible instrument (the “August 2022 Note”) and a warrant (the “August 2022 Warrant”) to purchase 20,970 shares of Common Stock at an exercise price of \$99.70 per share. The August 2022 Note and August 2022 Warrant were issued pursuant to a securities purchase agreement (the “August 2022 Purchase Agreement”), entered into as of August 15, 2022, by and between the Company and an institutional investor (the “August 2022 Investor”). The August 2022 Private Placement resulted in gross proceeds of \$3,000,000, before fees and other expenses associated with the transaction, including but not limited to, a \$105,000 commitment fee payable to the

August 2022 Investor. Additionally, the Company agreed to issue to Maxim Group LLC, the placement agent for the August 2022 Private Placement, in consideration for \$100 in cash, a warrant to purchase up to an aggregate of 1,944 shares of Common Stock at an exercise price of \$99.70 per share, subject to adjustment.

Effective August 24, 2022, the Company and the August 2022 Investor agreed to amend Section 3.1(b) of the August 2022 Note to provide that the Conversion Price (as defined in the August 2022 Note) could not be lower than \$0.50 (the “Floor Price”) until stockholder approval has been obtained, after which stockholder approval for the Floor Price may be reduced to no lower than \$0.25, subject to adjustment pursuant to the terms of the August 2022 Note. The changes were effected by cancellation of the August 2022 Note and the issuance of a replacement senior secured convertible note (the “New Convertible Note”) to the August 2022 Investor. The New Convertible Note contains identical terms as the August 2022 Note, except for the amendment to the Section 3.1(b) of the August 2022 Note.

#### December 2022 Issuance of Additional Warrants

On November 28, 2022, the Company entered into a waiver of rights with the August 2022 Investor, pursuant to which the August 2022 Investor agreed to waive certain prohibitions under the August Purchase Agreement with respect to the December Public Offering in exchange for the issuance by the Company, on the closing date of the December Public Offering, of the Additional Warrants. On December 1, 2022, the Company issued 53,571 Series A Warrants and 53,571 Series B Warrants to the August 2022 Investor. The Company’s obligation to issue shares of Common Stock underlying the Additional Warrants was expressly conditioned upon stockholder approval of all of the transactions contemplated by the August 2022 Purchase Agreement, and the transaction documents related thereto. Such stockholder approval was obtained at the Company’s special meeting held on January 17, 2023.

Unless otherwise stated, the sale and the issuance of the foregoing notes, warrants and shares of Common Stock were offered and sold in reliance upon exemptions from registration pursuant to Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated under the Securities Act.

#### **Overview**

WiSA Technologies, Inc formerly known as Summit Wireless Technologies, Inc. (together with its subsidiaries also referred to herein as “we”, “us”, “our”, or the “Company”) was originally formed as a limited liability company in Delaware on July 23, 2010. Our business is to deliver the best-in-class immersive wireless sound technology for intelligent devices and next generation home entertainment systems through the sale of module components to audio companies as well as audio products to resellers and consumers.

The address of our corporate headquarters is 15268 NW Greenbrier Pkwy, Beaverton, OR 97006. Our website address is [www.wisatechnologies.com](http://www.wisatechnologies.com). The information contained in or accessible through our website is not part of this Report and is intended for informational purposes only.

We are an early stage technology company and our primary business focus is to enable mainstream consumers and audio enthusiasts to experience high quality wireless audio. We intend to continue selling our proprietary wireless modules to consumer electronics

companies while also expanding our focus to implement a lower cost solution by porting our software onto commercially available internet of things (“IoT”) modules with integrated Wi-Fi technology.

Our technology addresses some of the main issues that we perceive are hindering the growth of the home theater: complexity of installation and cost. We believe that consumers want to experience theater quality surround sound from the comfort of their homes. However, wired home theater systems often require expensive audio-visual (“AV”) receivers to decode the audio stream, leaving the consumer with the burden of concealing the wires. Hiring a professional to hide the wires into the walls or floor is invasive, complicated, costly and time consuming. Further, people who rent as opposed to own may not be able to install these systems as the installation construction needed may not be permitted under a lease agreement. Our first-generation wireless technology addresses these problems by transmitting wireless audio to each speaker at Blu-ray quality (uncompressed 24-bit audio up to 96 kHz sample rates) and emphasizing ease of setup. To our knowledge, our custom chips and modules technology is one of the few technologies available today that can stream up to eight (8) separate wireless audio channels with low latency, removing lip-sync issues between the audio and video sources. In addition, every speaker within a system that utilizes our technology can be synchronized to less than one microsecond, thus eliminating phase distortion between speakers. Our first-generation technology shows that wireless home theater systems are viable home audio solutions for the average consumer and audio enthusiast alike.

Current research and development investments focus on developing Wi-Fi compatible software for transmitting multichannel wireless audio for which patent applications have been submitted. A software solution enables smart devices that have Wi-Fi and video media to deliver surround sound audio and allows us to port our wireless audio technology to popular Wi-Fi based modules and systems on a chip (“SOC”) already shipping in volume. The WiSA Wireless “Discovery” module announced in January 2021 is the first IoT module solution with our embedded wireless audio software that supports up to four separate wireless audio channels and, we believe, reduces the cost per wireless channel by over 50% for soundbars and entry level home theater applications up to a 3.1 configuration. Our goal is to continue to commercialize and improve performance of a software based-solution, which other brands can integrate into their devices, that will (i) reduce integration costs for mass market use, (ii) utilize Wi-Fi for wireless connectivity, making it easy to integrate into today’s high volume, low cost SOC and modules, (iii) provide a low power consumption option to allow for use in battery powered devices, and (iv) provide compatibility with popular consumer electronic operating systems.

To date, our operations have been funded through sales of our common and preferred equity, proceeds from the exercise of warrants to purchase common stock, sale of debt instruments, and revenue from the sale of our products. Our consolidated financial statements contemplate the continuation of our business as a going concern. However, we are subject to the risks and uncertainties associated with an emerging business, as noted above we have no established source of capital, and we have incurred recurring losses from operations since inception.

### **Continuing Impacts of the Novel Coronavirus (“COVID-19”) on Our Business and Operations**

The COVID-19 pandemic represents a fluid situation that presents a wide range of potential impacts of varying durations for different global geographies, including locations where we have offices, employees, customers, vendors and other suppliers and business partners.

Given the fact that our products are sold through a variety of distribution channels, we have experienced and we continue to expect that our sales will experience some volatility as a result of the changing and less predictable operational needs of many customers as a result of the COVID -19 pandemic as well as supply chain disruptions and the impacts of inflation. To date, we have experienced shipment delays from our suppliers due to COVID -19, which have not had a material adverse impact on our operating results for the year ended December 31, 2022. Although we have not directly experienced a material supply interruption, our customers have experienced, and may continue to experience, disruptions in their operations and supply chains as a result of COVID-19, which have resulted, and may in the future result, in delayed, reduced or canceled orders, or collection risks, and which have had, and may in the future have, an adverse effect on our results of operations. There can be no assurance that we will not experience material supply delays or interruptions in the future due to COVID -19.

To date, travel restrictions and border closures have not materially impacted our ability to obtain inventory or manufacture or deliver products or services to customers. However, if such restrictions become more severe, they could negatively impact those activities in a way that would harm our business over the long term. Travel restrictions impacting people can restrain our ability to assist our customers and distributors as well as impact our ability to develop new distribution channels, but at present we do not expect these restrictions on personal travel to be material to our business operations or financial results.

## **Critical Accounting Policies**

The following discussion and analysis of financial condition and results of operations is based upon our consolidated financial statements, which have been prepared in conformity with accounting principles generally accepted in the United States of America. Certain accounting policies and estimates are particularly important to the understanding of our financial position and results of operations and require the application of significant judgment by our management or can be materially affected by changes from period to period in economic factors or conditions that are outside of our control. As a result, they are subject to an inherent degree of uncertainty. In applying these policies, our management uses their judgment to determine the appropriate assumptions to be used in the determination of certain estimates. Those estimates are based on our historical operations, our future business plans and projected financial results, our observance of trends in the industry and information available from other outside sources, as appropriate. Please see Note 1 of the Notes to the Consolidated Financial Statements for a more complete description of our significant accounting policies.

We utilize the extended transition period provided in Securities Act Section 7(a)(2)(B) as allowed by Section 107(b)(1) of the JOBS Act for the adoption of new or revised accounting standards as applicable to emerging growth companies. As part of the election, we will not be required to comply with any new or revised financial accounting standard until such time that a company that does not qualify as an “issuer” (as defined under Section 2(a) of the Sarbanes-Oxley Act of 2002) is required to comply with such new or revised accounting standards.

As an emerging growth company within the meaning of the rules under the Securities Act, and we will utilize certain exemptions from various reporting requirements that are applicable to public companies that are not emerging growth companies. For example, we will not have to provide an auditor’s attestation report on our internal control in future annual reports on Form 10-K as otherwise required by Section 404(b) of the Sarbanes-Oxley Act. In addition, Section 107 of the JOBS Act provides that an emerging growth company can utilize the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. Thus, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to utilize this extended transition period. Our consolidated financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards as they become applicable to public companies.

## **Comparison of the Years Ended December 31, 2022 and 2021**

### ***Revenue***

Revenue for the year ended December 31, 2022 was \$3,365,000, a decrease of \$3,176,000, or 49%, compared to the revenue of \$6,541,000 for the year ended December 31, 2021. The decrease was a result of lower Component revenue which decreased by \$3,189,000, compared to the year ended December 31, 2021, offset partially by Consumer Audio Product sales which increased by \$13,000, compared to the year ended December 31, 2021. The decrease in Component revenue was due in part to (i) a slow-down in consumer spending on consumer electronics which resulted in excess end product inventory at retailers and (ii) supply chain interruptions experienced by certain of our customers as a result of COVID-19, with their delaying orders to us until other components for their products could be obtained.

### ***Gross Profit and Operating Expenses***

#### **Gross Profit**

Gross profit for the year ended December 31, 2022 was \$395,000 a decrease of \$1,469,000 compared to \$1,864,000 gross profit for the year ended December 31, 2021. The decrease in gross profit is mainly attributable to low volumes of Component sales. The gross margin as a percent of sales was 11.7% for the year ended December 31, 2022 compared to 28.5% for the year ended December 31, 2021, a decrease of 16.8 points. The decrease in gross margin as a percent of sales was due in part to (i) reduced sales volumes in comparison to the fixed portion of costs included in our manufacturing and (ii) the Company’s fourth quarter 2022 price reductions of its consumer audio products in response to the slow down in consumer spending on consumer electronics.

#### **Research and Development**

Research and development expenses for the year ended December 31, 2022 were \$7,144,000, an increase of \$1,908,000, compared to expenses of \$5,236,000 for the year ended December 31, 2021. The increase in research and development expenses is primarily related to increased salary and benefit expense of \$874,000, increased stock-based compensation, professional and consulting expense and recruiting fees of \$106,000, \$783,000 and \$95,000, respectively.

## **Sales and Marketing**

Sales and marketing expenses for the year ended December 31, 2022 were \$6,140,000, an increase of \$2,017,000, compared to expenses of \$4,123,000 for the year ended December 31, 2021. The increase in sales and marketing expenses is primarily related increased salary and benefit expenses of \$336,000, increased stock-based compensation, professional and consulting expenses, advertising and public relation expenses and tradeshow expenses of \$286,000, \$283,000, \$808,000, \$69,000, respectively.

## **General and Administrative**

General and administrative expenses for the year ended December 31, 2022 were \$5,155,000, an increase of \$1,139,000, compared to expenses of \$4,016,000 for the year ended December 31, 2021. The increase in general and administrative expenses is primarily related to increased stock-based compensation, professional and consulting expenses and board fees of \$227,000, \$653,000 and \$85,000, respectively.

## **Interest Expense, net**

Interest expense, net for the year ended December 31, 2022 was \$898,000, compared to \$9,000 for the year ended December 31, 2021. The increase of \$889,000 in interest expense, net for the year ended December 31, 2022, was primarily due to the amortization of debt discounts associated with the senior secured convertible note in the principal amount of \$3,600,000 (the "Convertible Note") that the Company incurred in August 2022. Minimal interest expense, net for the year ended December 31, 2021, was primarily related to interest accrued on the Paycheck Protection Loan which was forgiven in the third quarter of 2021.

## **Change in Fair Value of Warrant Liability**

Change in fair value of warrant liability for the year ended December 31, 2022 was approximately \$2,852,000, compared to \$0 for the year ended December 31, 2021. The change in fair value of the warrant liability for the year ended December 31, 2022 was due to the issuance of warrants during December 2022 associated with our stock offering and the subsequent decrease in our common stock price at year end compared to the price of our stock on the date of the warrant issuance.

## **Change in Fair Value of Derivative Liability**

Change in fair value of derivative liability for the year ended December 31, 2022 was approximately \$47,000, compared to \$0 for the year ended December 31, 2021. The change in fair value of the derivative liability for the year ended December 31, 2022 was due to the decrease in our common stock price.

## **Gain on Forgiveness of Paycheck Protection Program Loan**

We recorded a gain of \$859,000 due to the forgiveness of the Paycheck Protection Loan for the year ended December 31, 2021. No such forgiveness occurred during the year ended December 31, 2022.

## **Warrant Inducement Expense**

Warrant inducement expense was \$1,146,000 for the year ended December 31, 2021. Such warrant inducement expense represents the fair value of warrants issued to warrant holders in connection with a solicitation of such warrant holders to exercise their outstanding warrants during the year ended December 31, 2021. No such inducement expense occurred during the year ended December 31, 2022.

## **Deemed Dividend on Exchange of Convertible Preferred Stock for Common Stock**

During the year ended December 31, 2021, the Company recorded a deemed dividend of \$1,192,000 in connection with the exchange of all 250,000 shares of preferred stock for 250,000 shares of common stock and warrants to purchase up to 187,500 shares of common stock, which warrants were subsequently fully exercised on a cashless basis for 79,244 shares of common stock. No such deemed dividend occurred the year ended December 31, 2022.

## Liquidity and Capital Resources

Cash and cash equivalents as of December 31, 2022 were \$2,897,000, compared to \$13,108,000 as of December 31, 2021.

We used net cash in operating activities of \$17,514,000 for the year ended December 31, 2022. For the year ended December 31, 2021, we used net cash in operating activities of \$11,508,000. Excluding the net loss and non-cash adjustments, the increase in the use of net cash from operating activities during the year ended December 31, 2022, was primarily related to the increase in inventories, partially offset by an increase in accounts payable.

On August 15, 2022, the Company entered into a Securities Purchase Agreement (the “Purchase Agreement”), by and between the Company and an institutional investor (the “Investor”), pursuant to which the Company agreed to issue to the Investor the Convertible Note and a warrant (the “Warrant”) to purchase up to 20,970 shares of the Company’s common stock, at an exercise price of \$99.70 per share (the “Exercise Price”), in consideration for \$3,000,000. Pursuant to the Purchase Agreement, upon the closing of the private placement of the Convertible Note and Warrant, pursuant to which Maxim acted as placement agent (the “Private Placement”), the Company received gross proceeds of \$3,000,000. After the deduction of banker fees, commitment fees and other expenses associated with the transaction, the Company received net proceeds of \$2,483,000.

On August 24, 2022, the Company and the Investor agreed to amend Section 3.1(b) of the Convertible Note to provide that the Conversion Price (as defined in the Convertible Note) could not be lower than \$0.50 (the “Floor Price”) until stockholder approval had been obtained, after which stockholder approval the Floor Price may be reduced to no lower than \$0.25, subject to adjustment pursuant to the terms of the August 2022 Note. The changes were effected by cancellation of the Convertible Note and the issuance of a replacement senior secured convertible note (the “New Convertible Note”) to the Investor. The New Convertible Note contains identical terms as the Convertible Note, except for the amendment to the Section 3.1(b).

The Convertible Note matures on August 15, 2024, does not bear interest and ranks senior to the Company’s existing and future indebtedness and is secured to the extent and as provided in the security agreements entered into between the Investor and the Company. The Convertible Note is convertible in whole or in part at the option of the Investor into shares of Common Stock (the “Conversion Shares”) at the Conversion Price (as defined in the Convertible Note) at any time following the date of issuance of the Convertible Note. As of December 31, 2022, the Convertible Note had an outstanding principal amount of \$2,089,000.

On December 1, 2022, WiSA consummated a public offering (the “Offering”) of an aggregate of 504,000 units (the “Units”) and 36,000 pre-funded units (the “Pre-Funded Units”) at an effective public offering price of \$14.00 per Unit, resulting in aggregate gross proceeds of approximately \$7.6 million. Each Unit consisted of (i) one share (the “Shares”) of common stock, par value \$0.0001 per share (“Common Stock”), (ii) one Series A Warrant (the “Series A Warrants”), and (iii) one Series B Warrant (the “Series B Warrants” and, together with the Series A Warrants, the “Warrants”), each such Warrant being exercisable from time to time for one Share at an exercise price of \$14.00 per share. Each Pre-Funded Unit consisted of (i) one pre-funded warrant (the “Pre-Funded Warrants”), each such Pre-Funded Warrant being exercisable from time to time for one Share, (ii) one Series A Warrant and (iii) one Series B Warrant. The Warrants are immediately exercisable for one Share at an exercise price of \$14.00 per share, and will expire five (5) years after the date of issuance. The Pre-Funded Warrants were immediately exercisable for one Share at an exercise price of \$0.10 per share, and as of December 31, 2022 were exercised in full with no Pre-Funded Warrants remaining outstanding. We raised approximately \$6.4 million in net proceeds from the Offering.

## Going Concern

Our consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business. We have incurred net operating losses each year since inception. As of December 31, 2022, we had cash and cash equivalents of \$2.9 million and reported net cash used in operations of \$17.5 million during the year ended December 31, 2022. In September 2022, we entered into the ATM Program. As of December 31, 2022, the Company has not sold any shares of common stock under the ATM Program and the ATM Program was subsequently terminated in January 2023 (See Note 11 – Subsequent Events for additional information). We expect operating losses to continue in the foreseeable future because of additional costs and expenses related to research and development activities, plans to expand our product portfolio, and increase our market share. Our ability to transition to attaining profitable operations is dependent upon achieving a level of revenues adequate to support our cost structure.

Based on current operating levels, we will need to raise additional funds during the next 12 months by selling additional equity or incurring debt (See Note 11 – Subsequent Events for additional information). To date, we have funded our operations primarily through sales of its securities in public markets, proceeds from the exercise of warrants to purchase common stock and the sale of convertible

notes. Additionally, future capital requirements will depend on many factors, including the rate of revenue growth, the selling price of our products, the expansion of sales and marketing activities, the timing and extent of spending on research and development efforts and the continuing market acceptance of our products. These factors raise substantial doubt about our ability to continue as a going concern.

Management intends to raise additional funds through the issuance of equity securities or debt. There can be no assurance that, in the event we require additional financing, such financing will be available at terms acceptable to us, if at all. Failure to generate sufficient cash flows from operations, raise additional capital and reduce discretionary spending could have a material adverse effect on our ability to achieve our intended business objectives. As a result, the substantial doubt about our ability to continue as a going concern has not been alleviated. The accompanying consolidated financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

### **Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements.

### **Item 7A. Quantitative and Qualitative Disclosures about Market Risk.**

We are not required to provide the information required by this Item as we are a smaller reporting company.

### **Item 8. Financial Statements and Supplementary Data.**

The consolidated financial statements, notes to the consolidated financial statements and the respective report of the Company's independent registered public accounting firm required to be filed in response to this Item 8 begin on page F-1.

### **Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.**

None.

### **Item 9A. Controls and Procedures**

#### **Evaluation of Disclosure Controls and Procedures**

As required by Rule 13a-15 under the Exchange Act, we have carried out an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Report. This evaluation was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based on their evaluation as of December 31, 2022, the end of the period covered by this Report, our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were effective at a reasonable assurance level to ensure that the information required to be disclosed in reports filed or submitted under the Exchange Act, including this Report, was recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and was accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

#### **Management's Report on Internal Control Over Financial Reporting**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting for the Company. Internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) includes those policies and procedures that: (i) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management (with the participation of the CEO and CFO) conducted an evaluation of the effectiveness of Company's internal control over financial reporting based on criteria established in the 2013 Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on this evaluation, management concluded that Company's internal control over financial reporting was effective as of December 31, 2022. This Report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm because as a smaller reporting company we are not subject to Section 404(b) of the Sarbanes-Oxley Act of 2002.

#### **Changes in Internal Control over Financial Reporting**

There were no changes in our internal controls over financial reporting during the three months ended December 31, 2022 that have materially affected, or are reasonably likely to materially affect our internal controls over financial reporting.

#### **Item 9B. Other Information**

None.

#### **Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections**

Not applicable.

## Directors

**Lisa Cummins.** Lisa Cummins has been a member of the Board since June 2019. Ms. Cummins currently serves as Chief Financial Officer for Ayar Labs, a venture backed startup that is developing an optical based "chiptlet" to provide high speed, high density & low power to replace traditional electrical based input/output. She joined Ayar Labs in January 2019 after overseeing a successful sale of Penguin Computing, a private equity backed company, to Smart Global Holdings in June 2018. Prior to that, from May 2007 to October 2012, she served as Chief Financial Officer at Adept Technology, a Nasdaq publicly traded global robotics company, where she oversaw investor relations, led the Sarbanes-Oxley Act of 2002, as amended, compliance, completed multiple acquisitions, and secured bank and equity financing including a secondary public offering. Ms. Cummins is a certified public accountant, inactive, earned a Business Economics degree from the University of California Santa Barbara and a Masters in Business Administration from St. Mary's College. The Company believes that Ms. Cummins is qualified to serve on the Board because of her over 25 years of experience as a growth-oriented financial executive in global high-tech organizations.

**Dr. Jeffrey M. Gilbert.** Dr. Gilbert has been a member of the Board since April 2015. Dr. Gilbert has been working in the Research and Machine Intelligence and Project Loon teams at Google, Inc. since March 2014, and from January 2014 to March 2014, Dr. Gilbert worked for Transformational Technology Insights LLC, a consulting company, where he served as the sole principal. Previously, from May 2011 to December 2013, Dr. Gilbert was chief technology officer of Silicon Image, Inc., a leading provider of wired and wireless connectivity solutions. Dr. Gilbert was responsible for Silicon Image Inc.'s technology vision, advanced technology, and standards initiatives. Prior to joining Silicon Image Inc., Dr. Gilbert was chief technical officer of SiBEAM Inc., a fabless semiconductor company pioneering the development of intelligent millimeter wave silicon solutions for wireless communications, from May 2005 to May 2011. Before SiBEAM Inc., Dr. Gilbert served as director of algorithms and architecture and other engineering and management positions at Atheros Communications, a semiconductor developer, from May 2000 to May 2005, where he led the development of that company's 802.11n, 802.11g, eXtended Range ("XR"), and Smart Antenna technologies. Dr. Gilbert received a Ph.D. in Electrical Engineering from the University of California Berkeley, an M.Phil. in Computer Speech and Language Processing from Cambridge University, and a B.A. in Computer Science from Harvard College. The Company believes that Dr. Gilbert is qualified to serve on the Board to advise the Company on technology developments and management based on his long-standing experience in the wireless and technology industries.

**David Howitt.** David Howitt has been a member of the Board since December 2021. Since March 2004, Mr. Howitt has served as the founder and CEO of Meriwether Group LLC, a strategic consulting firm that works with disruptive consumer brands by integrating their visions, developing growth strategies, scaling their brands, and increasing revenue in order to build enterprise value ("Meriwether"). Prior to founding Meriwether, between 1997 to 2008 Mr. Howitt worked in various positions at Adidas US, including managing Licensing and Business Development and as corporate counsel from 1997 to 2001. Mr. Howitt serves as Member Of The Board Of Advisors, Bloch International. Mr. Howitt earned his bachelor's degree, political science/philosophy at Denison University and his JD, environmental and natural resources law at Lewis & Clark Law School. The Company believes that Mr. Howitt is qualified to serve on the Board because of his experience as a growth-oriented leader in a multitude of organizations.

**Helge Kristensen.** Helge Kristensen has been a member of the Board since August 2010. Mr. Kristensen has held high level management positions in technology companies for the last 25 years and for the last 18 years, he has served as vice president of Hansong Technology, an original device manufacturer of audio products based in China, and as president of Platin Gate Technology (Nanjing) Co. Ltd, a

company with focus on service-branding in lifestyle products as well as pro line products based in China. Since August 2015, Mr. Kristensen has served as co-founder and director of Inizio Capital, an investment company based in the Cayman Islands. Mr. Kristensen has been involved in the audio and technology industries for more than 25 years. His expertise is centered on understanding and applying new and innovative technologies. He holds a master's degree in Engineering and an HD-R, a graduate diploma, in Business Administration (Financial and Management Accounting) from Alborg University in Denmark. The Company believes that Mr. Kristensen is qualified to serve on the Board because of his technology and managerial experience as well as his knowledge of the audio industry.

**Sriram Peruvemba.** Sriram Peruvemba has been a member of the Board since June 2020. He is the CEO of Marketer International Inc., a marketing services firm, a position he has held since July 2014. He is also a board member of Visionect d.o.o, an electronics hardware company in Slovenia, since September 2017. He previously served as board member and chair of marketing for the Society for Information Display from August 2014 to July 2020. He was also a director of Quantum Materials Corp. from October 2015 to December 2016 and the CEO of the company from June 2016 to December 2016. Mr. Peruvemba was previously the Chief Marketing Officer at E Ink Holdings, where he played a major role in transforming the startup to a global company with a high valuation. With over 30 years of experience in the technology industry, Mr. Peruvemba has been an influential advocate in the advancement of electronic hardware technologies. Based in Silicon Valley, Mr. Peruvemba advises high tech firms in the US, Canada, and Europe. He received a bachelor's degree in Engineering from Bangalore University, an MBA degree from Wichita State University and a post-graduate diploma in management from Indira Gandhi National Open University. The Company believes that Mr. Peruvemba is qualified to serve on the Board because of such experience and because he is an acknowledged expert on electronic displays, haptics, touch screens, electronic materials and related technologies. He also consults, writes and presents on those subjects globally.

**Robert Tobias.** Robert Tobias has been a member of the Board since February 2020 and has served as CEO, Chairman and President of HDMI Licensing Administrator Inc. since January 2017, where he has been the strategic force behind the licensing, enforcement, compliance and growth of HDMI® technology around the world. Mr. Tobias leads efforts to promote the HDMI specification as the premier digital and audio interface to the consumer electronics, mobile, PC and entertainment industries. In addition, he oversees IP enforcement with 1700 HDMI licensees and partners responsible for the release of almost nine billion HDMI products worldwide, and as such brings a recognized level of expertise working with foreign regulatory channels, customs authorities, standards development organizations, media companies, etc., to grow the business and protect the HDMI brand. Prior to joining HDMI Licensing Administrator Inc., Mr. Tobias served as President of HDMI Licensing LLC, a wholly owned subsidiary of Lattice Semiconductor, from September 2015 to December 2016, where he led the marketing, licensing and compliance teams promoting and licensing the HDMI intellectual property, and prior to that, he held the roles of President at MHL and Senior Director of Strategic Product Marketing and Business Development at Silicon Image. Mr. Tobias earned a Bachelor's degree in Electrical Engineering from UC Davis, an MBA from Santa Clara University and sits on the UC Davis Engineering Faculty Dean's Executive Committee. The Company believes that Mr. Tobias is qualified to serve on the Board based on his experience and leadership in the consumer electronics industry as well as his strong relationships with top consumer electronics brands in Asia.

**Wendy Wilson.** Wendy Wilson has been a member of the Board since May 2021. Ms. Wilson has served as Vice President of Marketing at ChargePoint, Inc. since August 2017, a leading electric vehicle charging network provider, where she has profit and loss responsibilities for the company's home business unit, helps run go-to-market functions for such company's SaaS businesses and helps expand operations into European markets with scalable localization, web, and marketing processes. Previously, Ms. Wilson served as Vice President of Marketing at Jive Software, a communication software company, from August 2014 to July 2017, where she led demand generation, field and web teams, and has held leadership roles in small venture capital funded startups and publicly traded firms, including Yahoo! Inc. and The Walt Disney Company ("Disney"). In her leadership role at Infoseek, which was acquired by Disney in 1998, she was responsible for cross-disciplinary teams from ESPN, Go.com (ABC News), Mr. Showbiz and Infoseek brands. At Yahoo, she was responsible for both the monetization and editorial strategy for the Yahoo front page, known then as the world's homepage. Ms. Wilson is a graduate of Northwestern University with a bachelor's degree in English. The Company believes that Ms. Wilson is qualified to serve on the Board based on her expertise in digital marketing and go-to-market strategies for companies with "business to consumer" and "business to business to consumer" commerce models.

## **Family Relationships**

There are no family relationships among any of our directors or executive officers.

## **Involvement in Certain Legal Proceedings**

In 2015, Quantum3D, Inc. (“Quantum3D”), a company of which Mr. Williams had been serving as chief financial officer, as a result of his prior experience in corporate restructuring, was placed into an assignment for the benefit of creditors. Mr. Williams continued to serve as chief financial officer during Quantum3D’s restructuring and negotiated sale in September 2016.

On October 29, 2019, DionyMed Brands Inc., a British Columbia company which Mr. Moyer had been serving as a director, was placed in receivership and Mr. Moyer resigned.

Other than the foregoing, to the best of our knowledge, none of our directors or executive officers has, during the past ten (10) years:

- been convicted in a criminal proceeding or been subject to a pending criminal proceeding (excluding traffic violations and other minor offenses);
- had any bankruptcy petition filed by or against the business or property of the person, or of any partnership, corporation or business association of which he was a general partner or executive officer, either at the time of the bankruptcy filing or within two (2) years prior to that time;
- been subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction or federal or state authority, permanently or temporarily enjoining, barring, suspending or otherwise limiting, his involvement in any type of business, securities, futures, commodities, investment, banking, savings and loan, or insurance activities, or his association with persons engaged in any such activity;
- been found by a court of competent jurisdiction in a civil action or by the SEC or the Commodity Futures Trading Commission to have violated a federal or state securities or commodities law, and the judgment has not been reversed, suspended, or vacated;
- been the subject of, or a party to, any federal or state judicial or administrative order, judgment, decree, or finding, not subsequently reversed, suspended or vacated (not including any settlement of a civil proceeding among private litigants), relating to an alleged violation of any federal or state securities or commodities law or regulation, any law or regulation respecting financial institutions or insurance companies including, but not limited to, a temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or permanent cease-and-desist order, or removal or prohibition order, or any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or
- been the subject of, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act), any registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act), or any equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons associated with a member.

## **CORPORATE GOVERNANCE**

### **Board of Directors**

The Board oversees our business affairs and monitors the performance of our management. In accordance with our corporate governance principles, the Board does not involve itself in day-to-day operations. The Company’s directors keep themselves informed through discussions with the Chief Executive Officer, other key executives and by reading the reports and other materials sent to them and by participating in Board and committee meetings. Our directors hold office until the next annual meeting of stockholders and until their respective successors are elected and qualified or until their earlier resignation or removal, or if for some other reason they are unable to serve in the capacity of director.

Our Board currently consists of eight (8) members: Brett Moyer, Lisa Cummins, David Howitt, Dr. Jeffrey M. Gilbert, Helge Kristensen, Sriram Peruvemba, Robert Tobias and Wendy Wilson. All of our directors will serve until our next annual meeting of stockholders and until their successors are duly elected and qualified or until their earlier resignation or removal.

## **Director Independence**

As our Common Stock is listed on the Nasdaq Capital Market, our determination of the independence of directors is made using the definition of “independent director” contained in Nasdaq Listing Rule 5605(a)(2). As of March 9, 2022, our Board has affirmatively determined that Lisa Cummins, Dr. Jeffrey M. Gilbert, Sriram Peruvemba, Robert Tobias and Wendy Wilson are “independent directors,” as that term is defined in the Nasdaq rules. Under the Nasdaq rules, our Board must be composed of a majority of “independent directors.” Additionally, subject to certain limited exceptions, our Board’s audit, compensation, and nominating and corporate governance committees also must be composed of all independent directors.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Under the rules of Nasdaq, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

To be considered to be independent for purposes of Rule 10A-3 of the Exchange Act, a member of an audit committee of a listed company may not, other than in his capacity as a member of our audit committee, our board of directors, or any other committee of our board of directors: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board has determined that the following members of our Board have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director: Brett Moyer, Helge Kristensen, David Howitt and that other than such directors, each of our directors is “independent” as that term is defined under the listing requirements and rules of Nasdaq. In making this determination, our Board considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our Common Stock by each non-employee director.

## **Board Meetings and Attendance**

During fiscal year 2022, the Board held 5 physical/telephonic meetings. No incumbent director attended, either in person or via telephone, fewer than 75% of the aggregate of all meetings of the Board and the committees of the Board, for which at the time of the meeting they were a member of the Board. The Board also approved certain actions by unanimous written consent.

## **Annual Meeting Attendance**

The Company held its 2022 Annual Meeting of Stockholders on August 19, 2022, which was attended in person by Brett Moyer.

## **Stockholder Communications with the Board**

Stockholders wishing to communicate with the Board, the non-management directors, or with an individual Board member may do so by writing to the Board, to the non-management directors, or to the particular Board member, and mailing the correspondence to: c/o Brett Moyer, Chief Executive Officer, WiSA Technologies, Inc., 15268 NW Greenbrier Pkwy, Beaverton, OR 97006. The envelope should indicate that it contains a stockholder communication. All such stockholder communications will be forwarded to the director or directors to whom the communications are addressed.

## **Board Committees**

Our Board has an audit committee, a compensation committee and a nominating and corporate governance committee. Each Board committee has a charter, which is available on our website at <https://ir.wisatechnologies.com/governance-docs>. Information contained on our website is not incorporated herein by reference. Each of the Board committees has the composition and responsibilities described below. As of March 14, 2023, the members of such committees are:

Audit Committee – Lisa Cummins<sup>\*(1)</sup>, Sriram Peruvemba and Wendy Wilson

Compensation Committee – Sriram Peruvemba\*, Dr. Jeffrey M. Gilbert and Robert Tobias

Nominating and Corporate Governance Committee – Robert Tobias\*, Lisa Cummins and Dr. Jeffrey M. Gilbert.

<sup>(1)</sup> Indicates Audit Committee Financial Expert

#### *Audit Committee*

Our Board's audit committee ("Audit Committee") has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. The members of our Audit Committee are Lisa Cummins, Sriram Peruvemba and Wendy Wilson. Ms. Cummins, Mr. Peruvemba and Ms. Wilson are "independent" within the meaning of Rule 10A-3 under the Exchange Act and the Nasdaq rules. Our Board has determined that Ms. Cummins shall serve as the "audit committee financial expert," as such term is defined in Item 407(d)(5) of Regulation S-K. In addition, Ms. Cummins serves as the Chairperson of the Audit Committee.

The Audit Committee oversees our corporate accounting and financial reporting process and oversees the audit of our financial statements and the effectiveness of our internal control over financial reporting. The responsibilities of the Audit Committee include, among other matters:

- selecting a qualified firm to serve as the independent registered public accounting firm to audit our consolidated financial statements;
- helping to ensure the independence and performance of the independent registered public accounting firm;
- discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and the independent registered public accounting firm, our interim and year-end operating results;
- developing procedures for employees to submit concerns anonymously about questionable accounting or audit matters;
- reviewing our policies on risk assessment and risk management;
- reviewing related party transactions;
- obtaining and reviewing a report by the independent registered public accounting firm at least annually, that describes our internal control procedures, any material weaknesses with such procedures, and any steps taken to deal with such material weaknesses when required by applicable law; and
- approving (or, as permitted, pre-approving) all audit and all permissible non-audit services, other than de minimis non-audit services, to be performed by the independent registered public accounting firm.

During 2022, the Audit Committee held four (4) virtual meetings to enable members of the then current Audit Committee to review and approve the filing of the Company's Annual and Quarterly Reports.

The Audit Committee operates under a written charter adopted by the Board that satisfies the applicable standards of Nasdaq.

#### *Compensation Committee*

The members of our Board's compensation committee (the "Compensation Committee") are Sriram Peruvemba, Dr. Jeffrey M. Gilbert and Robert Tobias. Dr. Gilbert and Messrs. Peruvemba and Tobias are "independent" within the meaning of the Nasdaq rules. In addition, each member of our Compensation Committee qualifies as a "non-employee director" under Rule 16b-3 of the Exchange Act. Our Compensation Committee assists the Board in the discharge of its responsibilities relating to the compensation of the members of the Board and our executive officers. Mr. Peruvemba serves as the Chairman of our Compensation Committee.

The Compensation Committee's compensation-related responsibilities include, among other matters:

- reviewing and approving, or recommending that our board of directors approve, the compensation of our executive officers;
- reviewing and recommending to our Board the compensation of our directors;

- reviewing and approving, or recommending that our Board approve, the terms of compensatory arrangements with our executive officers;
- administering our stock and equity incentive plans;
- reviewing and approving, or recommending that our Board approve, incentive compensation and equity plans; and
- reviewing and establishing general policies relating to compensation and benefits of our employees and reviewing our overall compensation philosophy

In 2022, the Compensation Committee did not hold any meetings but approved various matters, where appropriate, by unanimous written consent.

#### *Nominating and Corporate Governance Committee*

The members of our Nominating and Corporate Governance Committee are Dr. Jeffrey M. Gilbert, Lisa Cummins and Robert Tobias. Dr. Gilbert, Ms. Cummins and Mr. Tobias are “independent” within the meaning of the Nasdaq rules. In addition, each member of our Nominating and Corporate Governance Committee qualifies as a “non-employee director” under Rule 16b-3 of the Exchange Act. The purpose of the Nominating and Corporate Governance Committee is to recommend to the Board nominees for election as directors and persons to be elected to fill any vacancies on the Board, develop and recommend a set of corporate governance principles and oversee the performance of the Board. Mr. Tobias serves as Chairman of our Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee’s responsibilities include, among other things:

- identifying, evaluating and selecting, or recommending that our Board approve, nominees for election to our Board and its committees;
- evaluating the performance of our Board and of individual directors;
- considering and making recommendations to our Board regarding the composition of our Board and its committees;
- reviewing developments in corporate governance practices;
- evaluating the adequacy of our corporate governance practices and reporting;
- developing and making recommendations to our Board regarding corporate governance guidelines and matters; and
- overseeing an annual evaluation of the Board’s performance.

In 2022, the Nominating and Corporate Governance Committee did not hold any meetings but approved various matters, where appropriate, by unanimous written consent.

#### **Director Nomination Procedures**

There have been no material changes to the procedures by which security holders may recommend nominees to the Board.

#### **Code of Business Conduct and Ethics**

We have adopted a code of business conduct and ethics that applies to all of our employees and officers, including those officers responsible for financial reporting. We have also adopted a code of business conduct and ethics that applies to our directors. Both codes of business conduct and ethics are available on our website at <https://ir.wisatechnologies.com/governance-docs>. The information contained in or accessible through the foregoing website is not incorporated herein by reference and is intended for informational purposes only. We intend to disclose any amendments to such codes, or any waivers of its requirements, on our website to the extent required by applicable SEC rules and Nasdaq requirements.

### Executive Employment Agreements and Arrangements

#### *Brett Moyer*

We are party to an employment agreement with Brett Moyer, which we assumed on or about August 1, 2010 and which was amended in 2011. Pursuant to such agreement, Mr. Moyer agreed to serve as our Chief Executive Officer and President in consideration for an annual cash salary, which was set at \$385,000 for the year ended December 31, 2021. Additionally, Mr. Moyer’s target bonus was \$38,500 for the fiscal year ended December 31, 2021.

Effective August 24, 2022, the Company entered into a new employment agreement with Mr. Moyer (the “Moyer Agreement”). Pursuant to the Moyer Agreement, Mr. Moyer’s initial annual base salary will be \$404,250, which is subject to adjustment approved by the Board. The Moyer Agreement has an unspecified term and Mr. Moyer will serve in his position on an at-will basis, subject to the payment of severance in certain circumstances as set forth in the Moyer Agreement. Pursuant to the Moyer Agreement, if Mr. Moyer is terminated without cause or resigns with good reason, he is entitled to receive twelve (12) months of salary. Mr. Moyer is also entitled to continue to receive the employer subsidy under group health, dental and vision coverage for the period of severance, which is twelve (12) months, a pro rata bonus for the year of termination and the acceleration of vesting with respect to all unvested equity awards. Additionally, in the event of a Change in Control (as defined in each of the Moyer Agreement), all unvested equity awards held by such executive officer shall immediately vest and become exercisable, provided that subject to any exceptions in any award agreement entered into with such executive officer, no exercise may occur more than six (6) months after such termination and in no event after the expiration of such award. Mr. Moyer is also entitled to be made whole for income, employment and excise taxes in the event that payments, benefits and

distributions, including the effects of accelerated vesting of equity, would result in the application of the “golden parachute” excise tax under Internal Revenue Code Section 4999.

#### *George Oliva*

In connection with his appointment as the Company’s Chief Financial Officer and Secretary, the Company and Mr. Oliva executed an amended and restated offer letter, dated October 4, 2019 (the “Offer Letter”), setting forth the terms of Mr. Oliva’s employment with the Company. The Offer Letter does not provide for a specified term of employment and Mr. Oliva’s employment is on an at-will basis, subject to the payment of severance in certain circumstances as described below. Mr. Oliva’s annual cash salary was set at \$275,000 for the year ended December 31, 2021. For additional information on the amounts paid to Mr. Oliva during such period, refer to the footnotes of the Summary Compensation Table above. Additionally, Mr. Oliva’s target bonus was \$27,500 for the fiscal year ended December 31, 2021.

Effective August 24, 2022, the Company entered into a new employment agreement with Mr. Oliva (the “Oliva Agreement”). Pursuant to the Oliva Agreement, Mr. Oliva’s initial annual base salary will be \$288,750, which is subject to adjustment approved by the Board. The Oliva Agreement has an unspecified term and Mr. Oliva will serve in his position on an at-will basis, subject to the payment of severance in certain circumstances as set forth in the Oliva Agreement. Pursuant to the Oliva Agreement, if Mr. Oliva is terminated without cause or resigns with good reason, he is entitled to receive twelve (12) months of salary. Mr. Oliva is also entitled to continue to receive the employer subsidy under group health, dental and vision coverage for the period of severance, which is twelve (12) months, a pro rata bonus for the year of termination and the acceleration of vesting with respect to all unvested equity awards. Additionally, in the event of a Change in Control (as defined in each of the Oliva Agreement), all unvested equity awards held by such executive officer shall immediately vest and become exercisable, provided that subject to any exceptions in any award agreement entered into with such executive officer, no exercise may occur more than six months after such termination and in no event after the expiration of such award. Mr. Oliva is also entitled to be made whole for income, employment and excise taxes in the event that payments, benefits and distributions, including the effects of accelerated vesting of equity, would result in the application of the “golden parachute” excise tax under Internal Revenue Code Section 4999.

#### *Gary Williams*

We are party to an employment agreement with Gary Williams, which we assumed on or about August 1, 2010 and which was amended in 2011 and 2019. Pursuant to such agreement, Mr. Williams agreed to serve as our Executive Vice President of Finance and Chief Financial Officer in consideration for an annual cash salary, which was set at \$250,000 for the year ended December 31, 2021. Additionally, Mr. Williams’ target bonus was \$25,000 for the fiscal year ended December 31, 2021. For additional information on the amounts paid to Mr. Williams during such period, refer to the footnotes of the Summary Compensation Table above.

Effective August 24, 2022, the Company entered into a new employment agreement with Mr. Williams (the “Williams Agreement”). Pursuant to the Williams Agreement, Mr. Williams’ initial annual base salary will be \$262,495, which is subject to adjustment approved by the Board. The Williams Agreement has an unspecified term and Mr. Williams will serve in his position on an at-will basis, subject to the payment of severance in certain circumstances as set forth in the Williams Agreement. Pursuant to the Williams Agreement, if Mr. Williams is terminated without cause or resigns with good reason, he is entitled to receive six (6) months of salary. Mr. Williams is also entitled to continue to receive the employer subsidy under group health, dental and vision coverage for the period of severance, which is six (6) months, a pro rata bonus for the year of termination and the acceleration of vesting with respect to all unvested equity awards.

Additionally, in the event of a Change in Control (as defined in each of the Williams Agreement), all unvested equity awards held by such executive officer shall immediately vest and become exercisable, provided that subject to any exceptions in any award agreement entered into with such executive officer, no exercise may occur more than six (6) months after such termination and in no event after the expiration of such award.

#### **Other Compensation**

Other than as described above, there were no post-employment compensation, pension or nonqualified deferred compensation benefits earned by our Named Executive Officers during the years ended December 31, 2022 and 2021. We do not have any retirement, pension or profit-sharing programs for the benefit of our directors, officers or other employees. The Board may recommend adoption of one or more such programs in the future.

## **2022 Management Team Retention Bonus Plan**

On September 1, 2022, the Board approved the establishment of the Management Team Retention Bonus Plan (the “Retention Plan”). The Retention Plan incentivizes certain management level employees to remain intact through and shortly following a potential “Change of Control” (as defined in the Retention Plan).

The Retention Plan provides that certain managers are eligible to receive a lump sum cash amount under the Retention Plan, subject to applicable income and employment tax withholding, with such amount to be determined by the Committee in its sole discretion (the “Retention Bonus Amount”). Each Manager’s Retention Bonus Amount is payable (if at all) on the earlier of the six-month anniversary of the date of a Change of Control or at the time of such Manager’s involuntary termination other than for “Cause” (as defined in the Retention Plan) or termination for “Good Reason” (as defined in the Retention Plan). The Retention Plan will terminate upon the earlier of June 30, 2023 if a Change of Control has not occurred by such date or upon the payment of all Retention Bonus Amounts.

Pursuant to such authority and the Retention Plan, on September 1, 2022, the Committee also approved aggregate Retention Bonus Amounts of \$1,250,000. Among the managers deemed by the Committee to be eligible for such payments, the Committee approved Retention Bonus Amounts for the following Company named executive officers: Brett Moyer, Chief Executive Officer, \$300,000; George Oliva, Chief Financial Officer, \$200,000; and Gary Williams, Chief Accounting Officer and Vice President of Finance, \$75,000.

## **Equity Incentive Plans**

### ***2018 Long-Term Stock Incentive Plan of the Company (the “LTIP”)***

On January 30, 2018, the Board approved the establishment of the LTIP. The LTIP is intended to enable the Company to continue to attract able directors, employees, and consultants and to provide a means whereby those individuals upon whom the responsibilities rest for successful administration and management of the Company, and whose present and potential contributions are of importance, can acquire and maintain Common Stock ownership, thereby strengthening their concern for the Company’s welfare. The aggregate maximum number of shares of Common Stock (including shares underlying options) that may be issued under the LTIP pursuant to awards of Restricted Shares or Options will be limited to 15% of the outstanding shares of Common Stock, which calculation shall be made on the first trading day of each new fiscal year; provided that, in any year no more than 8% of the Common Stock or derivative securitization with Common Stock underlying 8% of the Common Stock may be issued in any fiscal year. For fiscal year 2022, up to 108,373 shares of Common Stock were available for participants under the LTIP. For fiscal year 2021, up to 23,746 shares of Common Stock were initially available for participants under the LTIP. The number of shares of Common Stock that are the subject of awards under the LTIP which are forfeited or terminated, are settled in cash in lieu of shares of Common Stock or in a manner such that all or some of the shares covered by an award are not issued to a participant or are exchanged for awards that do not involve shares will again

immediately become available to be issued pursuant to awards granted under the LTIP. If shares of Common Stock are withheld from payment of an award to satisfy tax obligations with respect to the award, those shares of Common Stock will be treated as shares that have been issued under the LTIP and will not again be available for issuance under the LTIP.

The January 2018 Restricted Stock Grant and the LTIP were approved by a majority of the Company's stockholders on January 31, 2018.

At a special meeting of our stockholders held on January 24, 2023, our stockholders approved certain amendments to the LTIP to: (i) increase the annual share limit of Common Stock that may be issued in any single fiscal year only for the 2023 fiscal year under the LTIP from 8% of the shares of Common Stock outstanding to 15% of the shares of Common Stock outstanding (which amount equates to the maximum amount that may be issued in the aggregate under the LTIP); and (ii) permit immediately quarterly calculations based on the number of shares of Common Stock outstanding as of the first trading day of each fiscal quarter, rather than solely as of the first trading day of the fiscal year.

#### ***2020 Stock Incentive Plan (the "2020 Plan")***

On July 27, 2020, the Board approved the establishment of the 2020 Plan and the reservation of an aggregate of 650,000 shares of Common Stock authorized for issuance under the 2020 Plan, subject to stockholder approval, which was obtained on October 20, 2020. The 2020 Plan authorizes the grant of equity-based compensation to the Company's senior managers, employees, directors, consultants, professionals and service providers in the form of stock options, restricted stock and RSUs. All options granted under the 2020 Plan will be considered non-qualified stock options. The purpose of the 2020 Plan is to attract and retain senior managers, employees, directors, consultants, professionals and service providers who provide services to the Company, provided that such services are bona fide services that are not of a capital-raising nature during this period of unprecedented uncertainty and volatility in the COVID-19 environment and its impact on the value of the Company's equity and grants. As of December 31, 2022, no options or restricted stock awards have been granted under the 2020 Plan while an aggregate of 121 RSUs have been issued under the 2020 Plan of which 2,161 remained unvested at December 31, 2022.

#### ***Technical Team Retention Plan of 2022 (the "2022 Plan")***

On June 21, 2022, the Board of Directors adopted the Company's Technical Team Retention Plan of 2022 (the "2022 Plan") and the reservation of an aggregate of 5,000 shares of the Company's common stock authorized for issuance under the 2022 Plan, subject to stockholder approval. The 2022 Plan authorizes the grant of equity-based compensation, to the Company's key managers, employees, consultants who provide technical and engineering and related services to the Company, in the form of restricted stock and restricted stock units. On August 19, 2022, the Company held the 2022 Annual Meeting of Stockholders and approved the adoption of the 2022 Plan and the reservation of an aggregate of 5,000 shares of the Company's common stock. On September 19, 2022, the Company granted, an aggregate of 3,700 restricted stock units to managers, employees, consultants. Each restricted stock unit represents the right to receive one share of the Company's common stock under the 2022 Plan. As of December 31, 2022, no options or restricted stock awards have been granted under the 2022 Plan while an aggregate of 3,700 RSUs have been issued under the 2022 Plan of which 3,700 remained unvested at December 31, 2022.

### Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth, as of March 14, 2023, information regarding beneficial ownership of our capital stock by:

- each person, or group of affiliated persons, who is known by us to beneficially own more than 5% of our voting equity securities;

- each of our named executive officers;
- each of our directors; and
- all of our executive officers and directors as a group.

The percentage ownership information shown in the table is based upon 1,967,878 shares of Common Stock outstanding as of March 14, 2023. The percentage ownership information shown in the table excludes (i) shares of Common Stock to be issued upon exercise of warrants and pre-funded warrants to purchase an aggregate of up to 1,260,367 shares of Common Stock as of March 14, 2023 and (ii) 5,861 RSUs that have been issued but have not vested.

Beneficial ownership is determined according to the rules of the SEC and generally means that a person has beneficial ownership of a security if he, she or it possesses sole or shared voting or investment power of that security, including securities that are exercisable for or convertible into shares of Common Stock within sixty (60) days of March 14, 2023. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of Common Stock shown that they beneficially own, subject to community property laws where applicable.

For purposes of computing the percentage of outstanding shares of our Common Stock held by each person or group of persons named above, any shares of Common Stock that such person or persons has the right to acquire within sixty (60) days of March 14, 2023 is deemed to be outstanding, but is not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. The inclusion herein of any shares of Common Stock listed as beneficially owned does not constitute an admission of beneficial ownership.

Except as otherwise noted below, the address for persons listed in the table is c/o WiSA Technologies, Inc., 15268 NW Greenbrier Pkwy, Beaverton, OR 97006.

At December 31, 2022 and 2021, the Company owed Hansong Technology approximately \$874,000 and \$790,000, respectively.

As of December 31, 2022 and 2021, affiliates of Mr. Kristensen owned less than 1.0% of the outstanding shares of the Company’s Common Stock.

#### **David Howitt**

Mr. Howitt has served as a member of our Board since December 2021. Mr. Howitt is founder and CEO of Meriwether Group LLC, (“Meriwether”), a strategic consulting firm that works with disruptive consumer brands. Meriwether is the manager of Meriwether Accelerators LLC (“Meriwether Accelerators”).

The Company is a party to a professional services agreement with Meriwether Accelerators, dated as of January 15, 2022, pursuant to which, the Company has agreed to pay Meriwether Accelerators: (i) \$7,500 per month for a period of six months; and (ii) issue 100 shares of Common Stock for each partnership brought to fruition as a result of Meriwether Accelerators’ services and introduction, for up to 400 shares of Common Stock, which shares will have piggyback registration rights, in consideration for certain licensing services and strategic partnership collaborations to be provided by Meriwether Accelerators as set forth in such agreement. For the year ended December 31, 2022, the Company paid Meriwether Accelerators \$45,000. As of December 31, 2022, the professional services agreement with Meriwether Accelerators has concluded and the Company did not issued any shares of Common Stock to Meriwether Accelerators under this agreement nor did it recorded any compensation expense related to the issuance of Common Stock.

As of December 31, 2022 and December 31, 2021, Mr. Howitt owned less than 1.0% of the outstanding shares of the Company’s Common Stock.

#### **Significant Stockholders**

On June 4, 2021, the Company and Lisa Walsh, then a significant stockholder of the Company, entered into an exchange agreement pursuant to which the Company and Ms. Walsh agreed to exchange 250,000 shares of Series A Preferred Stock held by Ms. Walsh,

which were all of the outstanding shares of Series A Preferred Stock at the time, for 2,500 shares of Common Stock and a warrant to purchase up to 1,875 shares of Common Stock exercisable at \$300.00 per share. On June 4, 2021, Ms. Walsh fully exercised such warrant on a cashless basis and received 793 shares of Common Stock. Ms. Walsh is no longer considered a significant stockholder.

### **Outstanding Equity Grants to Directors and Executive Officers**

We have granted warrants and restricted shares to our certain of our directors and executive officers. For more information regarding the warrants and stock awards granted to our directors and named executive officers, see “*Executive Compensation—Outstanding Equity Awards as of December 31, 2022.*”

### **Indemnification Agreements**

We have entered into indemnification agreements with each of our directors and executive officers. Such indemnification agreements require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

### **Related Person Transaction Policy**

Our Audit Committee considers and approves or disapproves any related person transaction as required by Nasdaq regulations. The Company’s written policies and procedures on related party transactions cover any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which: (i) the Company (or any subsidiary) is a participant; (ii) any related party has or will have a direct or indirect interest; and (iii) the aggregate amount involved (including any interest payable with respect to indebtedness) will or may be expected to exceed \$120,000, except that there is no \$120,000 threshold for members of the Audit Committee. A related party is any: (i) person who is or was (since the beginning of the two fiscal years preceding the last fiscal year, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director; (ii) greater than five percent (5%) beneficial owner of the Company’s common stock or any other class of the Company’s voting equity securities; or (iii) immediate family member of any of the foregoing. An immediate family member includes a person’s spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and any person (other than a tenant or employee) sharing the same household as such person.

In determining whether to approve or ratify a related party transaction, the Audit Committee, or disinterested directors, as applicable, will take into account, among other factors it deems appropriate: (i) whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances; (ii) the nature and extent of the related party’s interest in the transaction; (iii) the material terms of the transactions; (iv) the importance of the transaction both to the Company and to the related party; (v) in the case of a transaction involving an executive officer or director, whether the transaction would interfere with the performance of such person’s duties to the Company; and (vi) in the case of a transaction involving a non-employee director or a nominee for election as a non-employee director (or their immediate family member), whether the transaction would disqualify the director or nominee from being deemed an “independent” director, as defined by Nasdaq, and whether the transaction would disqualify the individual from serving on the Audit Committee or the Compensation Committee or other committees of the Board under applicable Nasdaq and other regulatory requirements.

The Audit Committee only approves those related party transactions that are on terms comparable to, or more beneficial to us than, those that could be obtained in arm’s length dealings with an unrelated third party.

## Director Independence

See “Corporate Governance—Director Independence.”

### Item 14. Principal Accountant Fees and Services.

BPM LLP is our independent registered public accounting firm and performed the audits of our consolidated financial statements for the years ended December 31, 2022 and 2021. The following table sets forth all fees billed or to be billed for such periods:

	<u>2022</u>	<u>2021</u>
Audit fees (1)	\$ 414,768	\$ 330,860
Audit-related fees (2)		—
Tax fees (3)	23,542	23,300
All other fees		—
Total	<u>\$ 438,310</u>	<u>\$ 354,160</u>

- (1) “Audit fees” include fees for professional services rendered in connection with the audit of our annual consolidated financial statements, review of our quarterly consolidated financial statements and advisory services on accounting matters that were addressed during the annual audit and quarterly review. This category also includes fees for services that were incurred in connection with statutory and regulatory filings or engagements, such as consents and review of documents filed with the SEC.
- (2) “Audit-related fees” include fees billed for professional services rendered that are reasonably related to the performance of the audit or review of our consolidated financial statements including subscription for the online library of accounting research literature and are not reported under “Audit Fees”.
- (3) “Tax fees” include fees for tax compliance. Tax compliance fees encompass a variety of permissible services, including technical tax compliance related to federal and state income tax matters, and assistance with tax audits.

### Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our audit committee chairman pre-approves all audit and non-audit services provided by the independent registered public accounting firm prior to the engagement of the independent registered public accounting firm with respect to such services. The chairman of our audit committee has been delegated the authority by such committee to pre-approve all services by the independent registered public accounting firm. The chairman of our audit committee will report all such pre-approvals to the entire audit committee at the next committee meeting.

## PART IV

### Item 15. Exhibits and Financial Statement Schedules.

(a) The following documents are filed as part of this Report:

(1) Financial Statements:

The audited consolidated balance sheets of the Company as of December 31, 2022 and 2021, the related consolidated statements of operations, comprehensive loss, convertible preferred stock and stockholders' equity and cash flows for each of the two years in the period ended December 31, 2022, the footnotes thereto, and the respective report of BPM LLP, an independent registered public accounting firm, are filed herewith.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of  
WiSA Technologies, Inc.

### Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of WiSA Technologies, Inc. (a Delaware corporation) and its subsidiaries (the “Company”) as of December 31, 2022 and 2021, the related consolidated statements of operations, convertible preferred stock and stockholders’ equity(deficit), and cash flows for each of the two years in the period ended December 31, 2022, and the related notes (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2022 and 2021, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

### Going Concern Uncertainty

The accompanying consolidated financial statements have been prepared assuming that WiSA Technologies, Inc. and its subsidiaries will continue as a going concern. As discussed in Note 2 to the consolidated financial statements, the Company’s recurring losses from operations, a net capital deficiency, available cash and cash used in operations raise substantial doubt about its ability to continue as a going concern. Management’s plans in regard to these matters are also described in Note 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

### Basis for Opinion

These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s consolidated financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Company’s auditor since 2016.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies

WiSA Technologies, Inc formerly known as Summit Wireless Technologies, Inc. (together with its subsidiaries also referred to herein as “we”, “us”, “our”, or the “Company”) was originally formed as a limited liability company in Delaware on July 23, 2010. Our business is to deliver the best-in-class immersive wireless sound technology for intelligent devices and next generation home entertainment systems through the sale of module components to audio companies as well as audio products to resellers and consumers.

#### NASDAQ Notifications

On June 23, 2022, the Company received a written notification (the “Notice”) from the Listing Qualifications Department of the Nasdaq Stock Market LLC (“Nasdaq”) notifying the Company that it was not in compliance with the minimum bid price requirement for continued listing on the Nasdaq Capital Market, as set forth under Nasdaq Listing Rule 5550(a)(2) (the “Minimum Bid Price Requirement”), because the closing bid price of the Company’s common stock was below \$1.00 per share for the previous thirty (30) consecutive business days.

Pursuant to Nasdaq Listing Rule 5810(c)(3)(A), the Company was granted 180 calendar days from the date of the Notice, or until December 20, 2022 (the “Compliance Period”), to regain compliance with the Minimum Bid Price Requirement.

The Company’s Common Stock failed to regain compliance with the Minimum Bid Price Requirement as of December 20, 2022. On December 19, 2022, the Company requested an extension of an additional 180 days in which to regain compliance with the Minimum Bid Price Requirement.

On December 21, 2022, the Company received notice (the “Second Notice”) from Nasdaq indicating that, while the Company has not regained compliance with the Minimum Bid Price Requirement, Staff has determined that the Company is eligible for an additional 180-day period, or until June 20, 2023 (the “Second Compliance Period”), to regain compliance.

On January 18, 2023, the Company received notice (the “January 18 Letter”) from the Nasdaq that it had determined that as of January 18, 2023, the Company’s Common Stock had a closing bid price of \$0.10 or less for ten consecutive trading days triggering application of Listing Rule 5810(c)(3)(A)(iii) (the “Low Priced Stocks Rule”).

On February 13, 2023, the Company received notice (the “February 13 Letter”) from Nasdaq that it had determined that the Company had cured its bid price deficiency and now complies with the Minimum Bid Price Requirement, as the closing bid price of the Company’s common stock was at least \$1.00 per share for at least a minimum of 10 consecutive business days. The Company also believes that it is also in compliance with the Low Priced Stocks Rule.

On December 21, 2022, the Company received a letter from Nasdaq notifying the Company that it had determined that the Company did not comply with Listing Rule 5635(d) because the Company’s December 2022 public offering did not meet Nasdaq’s definition of a public offering under Listing Rule IM-5635-3. Nasdaq’s determination was based on the significant discount to the “Minimum Price,” as defined in Nasdaq rules.

The Company had requested a hearing before a Nasdaq panel to appeal the January 18 Letter and to address all outstanding matters, including compliance with the Minimum Bid Price Requirement, the Low Priced Stocks Rule and Nasdaq Listing Rule 5635(d), which hearing is scheduled for March 9, 2023. As a result of the February 13 Letter, the Company only need to address its compliance with the Nasdaq Listing Rule 5635(d) in the hearing. While the appeal process is pending, the suspension of trading of the Company’s Common Stock will be stayed and our Common Stock will continue to trade on Nasdaq until the hearing process concludes and the Panel issues a written decision.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

#### Strategic Advisor

During the third quarter of 2022, the Company retained a strategic advisor to explore strategic opportunities specifically involving the Company's intellectual property. Potential strategic opportunities that may be explored or evaluated as part of this process include the potential for capital raising transactions, an acquisition, sale of assets, including substantially all of the Company's assets, merger, business combination, partnership, joint venture, licensing and/or another strategic alternative. Despite the Company's efforts to identify and evaluate potential strategic transactions, the process may not result in any definitive offer to consummate a strategic transaction, or, if we receive such a definitive offer, the terms may not be as favorable as anticipated or may not result in the execution or approval of a definitive agreement.

#### Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and include all adjustments necessary for the fair presentation of the Company's financial position, results of operations and cash flows for the periods presented. The consolidated financial statements reflect the accounts of WISA Technologies, Inc. and its wholly-owned subsidiaries, WISA Technologies Korea, LTD, a Korean limited company, which was established in September 2022, and WiSA, LLC, a Delaware limited liability company. All intercompany balances and transactions are eliminated.

#### Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### Reclassification

Certain reclassifications have been made to prior periods' consolidated financial statements to conform to the current period presentation. These reclassifications did not result in any change in previously reported net loss, total assets or stockholders' equity.

#### Concentration of Credit Risk and Other Risks and Uncertainties

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist primarily of cash and cash equivalents and accounts receivable. Cash and cash equivalents are deposited in demand and money market accounts at one financial institution. At times, such deposits may be in excess of insured limits. The Company has not experienced any losses on its deposits of cash and cash equivalents.

The Company's accounts receivable are derived from revenue earned from customers located throughout the world. The Company performs credit evaluations of its customers' financial condition and may, in certain circumstances, require full or partial payment in advance of shipping. As of December 31, 2022 and December 31, 2021, there was no allowance for doubtful accounts. As of December 31, 2022, the Company had two customers accounting for 62% and 12% of accounts receivable. As of December 31, 2021, the Company had two customers accounting for 35% and 27% of accounts receivable. The Company had four customers accounting for 19%, 18%, 11% and 10% of its net revenue for the year ended December 31, 2022. The Company had three customers accounting for 27%, 17% and 14% of its net revenue for the year ended December 31, 2021.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

The Company's future results of operations involve a number of risks and uncertainties. Factors that could affect the Company's future operating results and cause actual results to vary materially from expectations include, but are not limited to, rapid technological change, continued acceptance of the Company's products, competition from substitute products and larger companies, protection of proprietary technology, strategic relationships and dependence on key individuals.

The Company relies on sole-source suppliers to manufacture some of the components used in its product. The Company's manufacturers and suppliers may encounter problems during manufacturing due to a variety of reasons, any of which could delay or impede their ability to meet demand. The Company is heavily dependent on a single contractor in China for assembly and testing of its products, a single contractor in Japan for the production of its transmit semiconductor chip and a single contractor in China for the production of its receive semiconductor chip.

#### Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

#### Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoice amount and are generally not interest bearing. The Company reviews its trade receivables aging to identify specific customers with known disputes or collection issues. The Company exercises judgment when determining the adequacy of these reserves as it evaluates historical bad debt trends and changes to customers' financial conditions. Uncollectible receivables are recorded as bad debt expense when all efforts to collect have been exhausted and recoveries are recognized when they are received. As of December 31, 2022 and 2021, there was no allowance for doubtful accounts.

#### Fair Value of Financial Instruments

Carrying amounts of certain of the Company's financial instruments, including cash and cash equivalents, accounts receivable, prepaid expenses and other current assets, accounts payable and accrued liabilities approximate fair value due to their relatively short maturities. The carrying value of the Company's borrowings and capital lease liabilities approximates fair value based upon borrowing rates currently available to the Company for loans and capital leases with similar terms. The Company's Warrant liability and Derivative liability are the only financial instruments that are adjusted to fair value on a recurring basis.

#### Inventories

Inventories, principally purchased components, are stated at the lower of cost or net realizable value. Cost is determined using an average cost, which approximates actual cost on a first-in, first-out basis. Inventory in excess of salable amounts and inventory which is considered obsolete based upon changes in existing technology is written off. At the point of loss recognition, a new lower cost basis for that inventory is established and subsequent changes in facts and circumstances do not result in the restoration or increase in the new cost basis.

#### Deferred Offering Costs

Deferred offering costs, consisting of legal, accounting and filing fees relating to public offerings, are capitalized. The deferred offering costs will be offset against public offering proceeds upon the effectiveness of an offering. In the event that an offering is terminated, deferred offering costs will be expensed. As of December 31, 2022 and 2021, the Company had capitalized \$206,000 and \$83,000, respectively, of deferred offering costs in prepaid expenses and other current assets on the consolidated balance sheet.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

#### Property and Equipment, Net

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation of property and equipment is computed using the straight-line method over their estimated useful lives of two to five years. Leasehold improvements and assets acquired under capital lease are amortized on a straight-line basis over the shorter of the useful life or term of the lease. Upon retirement or sale, the cost and related accumulated depreciation are removed from the balance sheet and the resulting gain or loss is reflected in operations. Maintenance and repairs are charged to operations as incurred.

#### Intangible Assets

Intangible assets consisted of trademarks and are presented at cost, net of accumulated amortization. The intangible assets are amortized using the straight-line method over their estimated useful lives of three years, which approximates the economic benefit. If our underlying assumptions regarding the estimated useful life of an intangible asset change, then the amortization period, amortization expense and the carrying value for such asset would be adjusted accordingly.

#### Impairment of Long-Lived Assets

The Company evaluates its long-lived assets for indicators of possible impairment by comparison of the carrying amounts to future net undiscounted cash flows expected to be generated by such assets when events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. Should an impairment exist, the impairment loss would be measured based on the excess carrying value of the asset over the asset's fair value or discounted estimates of future cash flows. The Company has not identified any such impairment losses to date.

#### Convertible Financial Instruments

The Company bifurcates conversion options and warrants from their host instruments and accounts for them as freestanding derivative financial instruments if certain criteria are met. The criteria include circumstances in which (a) the economic characteristics and risks of the embedded derivative instrument are not clearly and closely related to the economic characteristics and risks of the host contract, (b) the hybrid instrument that embodies both the embedded derivative instrument and the host contract is not re-measured at fair value under otherwise applicable generally accepted accounting principles with changes in fair value reported in earnings as they occur and (c) a separate instrument with the same terms as the embedded derivative instrument would be considered a derivative instrument. An exception to this rule is when the host instrument is deemed to be conventional, as that term is described under applicable U.S. GAAP.

When the Company has determined that the embedded conversion options and warrants should be bifurcated from their host instruments, discounts are recorded for the intrinsic value of conversion options embedded in the instruments based upon the differences between the fair value of the underlying common stock at the commitment date of the transaction and the effective conversion price embedded in the instrument.

Debt discounts under these arrangements are amortized to interest expense using the interest method over the earlier of the term of the related debt or their earliest date of redemption.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

#### Warrants for Common Shares and Derivative Financial Instruments

Warrants for our shares of common stock and other derivative financial instruments are classified as equity if the contracts (1) require physical settlement or net-share settlement or (2) give the Company a choice of net-cash settlement or settlement in its own shares (physical settlement or net-share settlement). Contracts which (1) require net-cash settlement (including a requirement to net cash settle the contract if an event occurs and if that event is outside the control of the Company), (2) give the counterparty a choice of net-cash settlement or settlement in shares (physical settlement or net-share settlement), or (3) that contain reset provisions that do not qualify for the scope exception are classified as equity or liabilities. The Company assesses classification of its warrants for shares of common stock and other derivatives at each reporting date to determine whether a change in classification between equity and liabilities is required.

In an equity-classified freestanding financial instrument, as of the date that a down round feature is triggered, the Company measures the fair value of the instrument without the down round feature (that is, before the strike price is reduced) and the fair value of the financial instrument with a strike price that reflects the adjustment from the down round. The incremental difference in the fair value is recorded a deemed dividend. As the Company has an accumulated deficit, the deemed dividend is recorded as a reduction of additional paid-in capital in the consolidated balance sheet. The Company increases the net loss available to common stockholders by the amount of the deemed dividend.

#### Product Warranty

The Company's products are generally subject to a one year warranty, which provides for the repair, rework, or replacement of products (at the Company's option) that fail to perform within the stated specification. The Company has assessed its historical claims and, to date, product warranty claims have not been significant. The Company will continue to assess if there should be a warranty accrual going forward.

#### Revenue Recognition

The Company generates revenue primarily from two product categories which include the sale of Consumer Audio Products as well as the sale of Components. The Company applies the following five steps: (1) identify the contract with a customer, (2) identify the performance obligations in the contract, (3) determine the transaction price, (4) allocate the transaction price to the performance obligations in the contract, and (5) recognize revenue when a performance obligation is satisfied. The Company considers customer purchase orders to be the contracts with a customer. Revenues, net of expected discounts, are recognized when the performance obligations of the contract with the customer are satisfied and when control of the promised goods are transferred to the customer, typically when products, which have been determined to be the only distinct performance obligations, are shipped to the customer. Expected costs of assurance warranties and claims are recognized as expense.

Taxes assessed by a governmental authority that are both imposed on and concurrent with a specific revenue-producing transaction, that are collected by us from a customer and deposited with the relevant government authority, are excluded from revenue. Our revenue arrangements do not contain significant financing components.

Sales to certain distributors are made under arrangements which provide the distributors with price adjustments, price protection, stock rotation and other allowances under certain circumstances. The Company does not provide its customers with a contractual right of return. However, the Company accepts limited returns on a case-by-case basis. These returns, adjustments and other allowances are accounted for as variable consideration. We estimate these amounts based on the expected amount to be provided to customers and reduce revenue recognized. We believe that there will not be significant changes to our estimates of variable consideration.

If a customer pays consideration, or the Company has a right to an amount of consideration that is unconditional before we transfer a good or service to the customer, those amounts are classified as contract liabilities which are included in other current liabilities when the payment is made or it is due, whichever is earlier.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

During the years ended December 31, 2022 and 2021, net revenue consisted of the following:

(in thousands)	For The Year Ended December 31,	
	2022	2021
Components	\$ 2,315	\$ 5,504
Consumer Audio Products	1,050	1,037
Total	\$ 3,365	\$ 6,541

#### Contract Balances

We receive payments from customers based on a billing schedule as established in our contracts to partially offset prepayments required by our vendors on long lead time materials. Amounts collected prior to the fulfillment of the performance obligation are considered contract liabilities and classified as customer advances within accrued liabilities on the consolidated balance sheets. Contract assets are recorded when we have a conditional right to consideration for our completed performance under the contracts. Accounts receivables are recorded when the right to this consideration becomes unconditional. We do not have any material contract assets as of December 31, 2022 and 2021.

(in thousands)	December 31,	December 31,
	2022	2021
Contract liabilities	\$ 44	\$ —

#### Revenue by Geographic Area

In general, revenue disaggregated by geography (See Note 10) is aligned according to the nature and economic characteristics of our business and provides meaningful disaggregation of our results of operations. Since we operate in one segment, all financial segment and product line information can be found in the consolidated financial statements.

#### Practical Expedients and Exemptions

As part of our adoption of Accounting Standards Codification Topic 606, Revenue from Contracts with Customers, we elected to use the following practical expedients: (i) not to adjust the promised amount of consideration for the effects of a significant financing component when we expect, at contract inception, that the period between our transfer of a promised product or service to a customer and when the customer pays for that product or service will be one year or less; (ii) to expense costs as incurred for costs to obtain a contract when the amortization period would have been one year or less; (iii) not to assess whether promised goods or services are performance obligations if they are immaterial in the context of the contract with the customer.

In addition, we do not disclose the value of unsatisfied performance obligations for contracts with an original expected length of one year or less.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

#### Stock-Based Compensation

The Company measures and recognizes the compensation expense for restricted stock units and restricted stock awards granted to employees and directors based on the fair value of the award on the grant date.

Restricted stock units give an employee an interest in Company stock but they have no tangible value until vesting is complete. Restricted stock units and restricted stock awards are equity classified and measured at the fair market value of the underlying stock at the grant date and recognized as expense over the related service or performance period. The Company elected to account for forfeitures as they occur. The fair value of stock awards is based on the quoted price of our common stock on the grant date. Compensation cost for restricted stock units and restricted stock awards is recognized using the straight-line method over the requisite service period.

#### Research and Development

Research and development costs are charged to operations as incurred and includes salaries, consulting expenses and an allocation of facility costs.

#### Advertising Costs

Advertising costs are charged to sales and marketing expenses as incurred. Advertising costs for the years ended December 31, 2022 and 2021 are \$1,440,000 and \$688,000, respectively.

#### Comprehensive Loss

Comprehensive loss represents the changes in equity of an enterprise, other than those resulting from stockholder transactions. Accordingly, comprehensive loss may include certain changes in equity that are excluded from net loss. For the years ended December 31, 2022 and 2021, the Company's comprehensive loss is the same as its net loss.

#### Foreign Currency

The financial position and results of operations of the Company's foreign operations are measured using currencies other than the U.S. dollar as their functional currencies. Accordingly, for these operations all assets and liabilities are translated into U.S. dollars at the current exchange rates as of the respective balance sheet date. Expense items are translated using the weighted average exchange rates prevailing during the period. Cumulative gains and losses from the translation of these operations' financial statements are reported as a separate component of stockholders' equity, while foreign currency transaction gains or losses, resulting from re-measuring local currency to the U.S. dollar are recorded in the consolidated statements of operations in other expense, net and were not material for the years ended December 31, 2022 and 2021.

#### Reverse Stock Split

On January 26, 2023 the Company announced that its Board of Directors had approved a 1-for-100 reverse split (the "Reverse Stock Split") of its common stock that became effective that date. The common stock began trading on a split-adjusted basis on January 27, 2023 under the new CUSIP number 86633R302. All common stock share numbers, warrants to purchase common stock, prices and exercise prices have been retroactively adjusted to reflect the Reverse Stock Split. The par value of the common stock was not adjusted for the Reverse Stock Split.

#### Net Loss per Common Share

Basic and diluted net loss per common share is presented in conformity with the two-class method required for participating securities. The Company considers all series of convertible preferred stock to be participating securities. Under the two-class method, the net loss attributable to common stockholders is not allocated to the convertible preferred stock as the holders of the convertible preferred stock do not have a contractual obligation to share in the losses of the Company. Under the two-class method, net income would be attributed to common stockholders and participating securities based on their participation rights.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the years ended December 31, 2022 and 2021

### 1. Business and Summary of Significant Accounting Policies, continued

Basic net loss per common share is calculated by dividing the net loss attributable to common stockholders by the weighted average number of shares of common stock outstanding during the period, without consideration for potentially dilutive securities. Diluted net loss per common share is computed by dividing the net loss attributable to common stockholders by the weighted average number of common shares and potentially dilutive common share equivalents outstanding for the period determined using the treasury-stock and if-converted methods. For purposes of the diluted net loss per common share calculation, Series A 8% Senior Convertible Preferred Stock, (“Series A Preferred Stock”), warrants exercisable for common stock, restricted stock units and shares issuable upon the conversion of convertible notes payable are considered to be potentially dilutive securities.

For the year ended December 31, 2022, warrants to purchase 1,253,115 shares of common stock, 14,107 shares of restricted stock, 2,778 shares of restricted stock issued under an inducement grant and 5,861 shares underlying restricted stock units have been excluded from the calculation of net loss per common share because the inclusion would be antidilutive.

#### Income Taxes

Deferred taxes are provided on the liability method whereby deferred tax assets are recognized for deductible temporary differences, and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is “more-likely-than-not” that some portion or all of the deferred tax assets will not be realized. The Company has recognized valuation allowances against its deferred tax assets as of December 31, 2022 and 2021. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The Company uses a comprehensive model for recognizing, measuring, presenting, and disclosing in the consolidated financial statements tax positions taken or expected to be taken on a tax return. A tax position is recognized as a benefit only if it is “more-likely-than-not” that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the “more-likely-than-not” test, no tax benefit is recorded. The Company recognizes interest accrued and penalties related to unrecognized tax benefits in tax expense. During the years ended December 31, 2022 and 2021, the Company recognized no interest and penalties.

#### Recently Adopted Accounting Pronouncements

##### *Adoption of Accounting Standards Codification (“ASC”) 842*

The Company adopted Financial Accounting Standards Board’s (“FASB”) Accounting Standards Update (“ASU”) No. 2016-02, Leases (“Topic 842”), as of January 1, 2022, using the modified retrospective approach. The modified retrospective approach provides a method for recording existing leases at the beginning of the period of adoption. In addition, the Company elected the package of practical expedients permitted under the transition guidance within the new standard, which among other things, allowed us to carry forward the historical lease classification and the Company elected the hindsight practical expedient to determine the lease term for existing leases. Adoption of the new standard resulted in the recording of operating lease right-of-use assets of \$212,000 and lease liabilities of \$327,000, as of January 1, 2022. In addition, the new standard resulted in the recording of an additional \$90,000 of property and equipment and the reversal of \$58,000 of deferred rent and lease incentive and an increase in shareholders’ equity of \$33,000 as required under the new standard. The standard did not have an impact on our consolidated results of operations or cash flows. The comparative information has not been restated and continues to be reported under the accounting standards in effect for those periods.

### Recently Issued and Not Yet Adopted Accounting Pronouncements

In August 2020, the FASB issued ASU 2020-06 “Debt - Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging - Contracts in Entity’s Own Equity (Subtopic 815-40): Accounting for Convertible Instruments and Contracts in an Entity’s Own Equity”. This ASU simplifies accounting for convertible instruments by removing major separation models required under current U.S. GAAP. Consequently, more convertible debt instruments will be reported as a single liability instrument and more convertible preferred stock as a single equity instrument with no separate accounting for embedded conversion features. The ASU removes certain settlement conditions that are required for equity contracts to qualify for the derivative scope exception, which will permit more equity contracts to qualify for the exception. The ASU also simplifies the diluted earnings per share (EPS) calculation in certain areas. As an emerging growth company, the Company is allowed to adopt the accounting pronouncement at the same time as non-public business entities. As a result, the Company will adopt the update for its fiscal year beginning after December 15, 2023. The Company is evaluating the impact of this standard on its consolidated financial statements.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments-Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended, which requires the early recognition of credit losses on financing receivables and other financial assets in scope. ASU 2016-13 requires the use of a transition model that will result in the earlier recognition of allowances for losses. The new standard is effective for fiscal years beginning after December 15, 2022. Management is currently evaluating the new standard and its possible impact on the Company’s consolidated financial statements.

We have reviewed other recent accounting pronouncements and concluded they are either not applicable to the business, or no material effect is expected on the consolidated financial statements as a result of future adoption.

### 2. Going Concern

The consolidated financial statements of the Company have been prepared on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business. The Company has incurred net operating losses each year since inception. As of December 31, 2022, the Company had cash and cash equivalents of \$2.9 million and reported net cash used in operations of \$17.5 million during the year ended December 31, 2022. The Company expects operating losses to continue in the foreseeable future because of additional costs and expenses related to research and development activities, plans to expand its product portfolio, and increase its market share. The Company's ability to transition to attaining profitable operations is dependent upon achieving a level of revenues adequate to support its cost structure.

Based on current operating levels, the Company will need to raise additional funds in the next 12 months by selling additional equity or incurring debt. To date, the Company has funded its operations primarily through sales of its securities in public markets, proceeds from the exercise of warrants to purchase common stock and the sale of convertible notes. Additionally, future capital requirements will depend on many factors, including the rate of revenue growth, the selling price of the Company's products, the expansion of sales and marketing activities, the timing and extent of spending on research and development efforts and the continuing market acceptance of the Company's products. These factors raise substantial doubt about the Company's ability to continue as a going concern for the twelve months from the date of this report.

Management of the Company intends to raise additional funds through the issuance of equity securities or debt. There can be no assurance that, in the event the Company requires additional financing, such financing will be available at terms acceptable to the Company, if at all. Failure to generate sufficient cash flows from operations, raise additional capital and reduce discretionary spending could have a material adverse effect on the Company's ability to achieve its intended business objectives. As a result, the substantial doubt about the Company's ability to continue as a going concern has not been alleviated. The accompanying consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

### 4. Borrowings

#### Convertible Promissory Note

On August 15, 2022, the Company entered into a Securities Purchase Agreement (the “August Purchase Agreement”), by and between the Company and an institutional investor (the “Investor”), pursuant to which the Company agreed to issue to the Investor a senior secured convertible note in the principal amount of \$3,600,000 (the “Convertible Note”) and a warrant (the “August Warrant”) to purchase up to 20,970 shares of the Company’s common stock, at an exercise price of \$99.70 per share (the “Exercise Price”), in consideration for \$3,000,000. Pursuant to the August Purchase Agreement, upon the closing of the private placement, pursuant to which Maxim Group LLC (“Maxim”) acted as placement agent (the “Private Placement”), the Company received gross proceeds of \$3,000,000. After the deduction of banker fees, commitment fees and other expenses associated with the transaction, the Company received net proceeds of \$2,483,000. The Company used the net proceeds primarily for working capital and general corporate purposes.

### 4. Borrowings, continued

The Convertible Note matures on August 15, 2024, does not bear interest and ranks senior to the Company's existing and future indebtedness and is secured to the extent and as provided in the Security Agreements. The Convertible Note is convertible in whole or in part at the option of the Convertible Note Investor into shares of Common stock (the "Conversion Shares") at the Conversion Price (as defined below) at any time following the date of issuance of the Convertible Note. The Convertible Note defines "Conversion Price" as equal to the lesser of (a) 90% of the average of the five lowest daily VWAPs (as defined in the Convertible Note) during the previous twenty trading days prior to delivery to the Company of the Convertible Note Investor's applicable notice of conversion (the "Conversion Notice") and (b) \$92.60 (the "Base Conversion Price"). The Base Conversion Price is subject to full ratchet antidilution protection, subject to a floor conversion price of \$0.50 per share (the "Floor Price"), a limitation required by the rules and regulations of Nasdaq, and certain exceptions upon any subsequent transaction at a price lower than the Base Conversion Price then in effect and standard adjustments in the event of stock dividends, stock splits, combinations or similar events; provided that in the event the Conversion Price equals the Floor Price, the Company is required to pay the Convertible Note Investor a cash amount determined pursuant to a formula in the Convertible Note, and provided further that the Floor Price will not apply in the event that the Company obtains Stockholder Approval (as defined in the August Purchase Agreement) in accordance with Nasdaq rules. At any time after the closing date of the Private Placement, in the event that the Company issues or sells any shares of common stock or common stock Equivalents (as defined in the Convertible Note), subject to certain exceptions, at an effective price per share lower than the Base Conversion Price then in effect or without consideration, then the Base Conversion Price shall be reduced to the price per share paid for such shares of common stock or common stock Equivalents. Additionally, upon three days' written notice to the holder after receipt of a Conversion Notice, in lieu of delivering Conversion Shares, the Company has the right to pay the Convertible Note Investor in cash an amount equal to 105% of the portion of the outstanding principal amount stated in such Conversion Notice. Further, at the Convertible Note Investor's option, the Convertible Note is convertible into shares of common stock or redeemable for 103% of the portion of the outstanding principal amount to be converted in the event that any transaction causes the Conversion Price to be lower than the Floor Price. Subject to certain exceptions, commencing on the Conversion Trigger Date and for a nine-month period after such date, the Convertible Note Investor may convert only up to an aggregate of \$250,000 in outstanding principal amount during any calendar month, provided, that if Stockholder Approval has been obtained, the Convertible Note is in default at the time or the Company meets certain capitalization conditions, such conversion limitation would not apply.

The obligations and performance of the Company under the Convertible Note and the August Purchase Agreement are secured by: (a) a senior lien granted pursuant to security agreements between the Convertible Note Investor and the Company, on (a) all of the assets of the Company (b) a senior lien granted pursuant to trademark security agreements between the Convertible Note Investor and the Company; (c) a senior lien granted pursuant to a patent security agreement between the Convertible Note Investor and the Company on all of the patent assets of the Company; and (d) a pledge of certain securities pursuant to a pledge agreement between the Convertible Note Investor, the Company (such agreements listed in (a)-(d) above, collectively, the "Security Agreements"). The payment and performance obligations of the Company under the Convertible Note and the August Purchase Agreement are guaranteed pursuant to a guaranty by the Company in favor of the Convertible Note Investor.

In connection with the Private Placement, the Company issued warrants to the Convertible Note Investor and Maxim to purchase common shares of 20,970 and 1,944, respectively (see Note 6 – Fair Value Measurements). The sum of the fair value of the warrants, the original issue discount for interest, issuance costs and the derivative liability for the embedded conversion feature for the August 2022 Notes were recorded as debt discounts totaling \$2,509,000 to be amortized to interest expense over the respective term using the effective interest method. During the year ended December 31, 2022, the Company recognized \$879,000 of interest expense from the amortization of debt discounts. As of December 31, 2022 the net unamortized debt discounts totaled \$1,630,000, and the net carrying value of the convertible note payable was \$457,000.

In connection with the Private Placement, the Company entered into a placement agency agreement with Maxim (the "Placement Agency Agreement"), and agreed to issue to Maxim, a warrant to purchase up to an aggregate of 1,944 shares of Common Stock (the "Maxim Warrant") at an exercise price of \$99.70 per share, which is exercisable at any time on or after the six-month anniversary of the closing date of the Private Placement and will expire on the fifth (5<sup>th</sup>) anniversary of its date of issuance.

### 4. Borrowings, continued

Effective August 24, 2022, the Company and the Investor agreed to amend Section 3.1(b) of the Convertible Note to provide that the Conversion Price could not be lower than the Floor Price until stockholder approval has been obtained, after which stockholder approval the Floor Price may be reduced to no lower than \$0.25, subject to adjustment pursuant to the terms of the August 2022 Note. The changes were effected by cancellation of the Convertible Note and the issuance of a replacement senior secured convertible note (the “New Convertible Note”) to the Investor. The New Convertible Note contains identical terms as the Convertible Note, except for the amendment to the Section 3.1(b).

On November 21, 2022, the Company and Maxim entered into an agreement to amend the Maxim Warrant (the “Maxim Warrant Amendment”). Specifically, the Maxim Warrant Amendment sets forth certain circumstances in which the lock up restrictions to which the Maxim Warrant is subject would not apply. The Maxim Warrant Amendment also clarifies certain limitations with respect to demand registration rights, and provides that Maxim’s piggy-back registration rights expire on the fifth (5th) anniversary of the Maxim Warrant’s date of issuance.

	Convertible Promissory Note

Convertible note payable	\$ 2,089	\$ —
Debt discount	(1,632)	—
Net total	\$ 457	\$ —

The August 2022 Note contains several embedded conversion features. The Company concluded that those conversion features require bifurcation from the Convertible Note and subsequent accounting in the same manner as a freestanding derivative. The Company recognized a derivative liability of \$286,000 upon execution of the note agreement and such amount was included in the \$2,509,000 of debt discounts noted above. Subsequent changes in the fair value of these conversion features are measured at each reporting period and recognized in the consolidated statement of operations. The Company recognized expense of \$47,000 as the change in the fair value of the derivative liability during the year ended December 31, 2022, and the balance of the derivative liability as of December 31, 2022 is \$333,000.

On November 28, 2022, the Company entered into a waiver of rights (the “Waiver”) with the Convertible Note Investor, pursuant to which the Convertible Note Investor agreed to waive certain prohibitions under the August Purchase Agreement with respect to the offering of units in December 2022 in exchange for the issuance by the Company, on the closing date of such offering, of an additional number of Series A Warrants and an additional number of Series B Warrants equal to the quotient obtained by dividing \$750,000 by the public offering price for the units sold in the offering (such Warrants, the “Waiver Warrants”).

In connection with the public offering the Company consummated on December 1, 2022 (“December 2022 Offering”), the Company issued 53,572 Series A Warrants and 53,572 Series B Warrants to the Convertible Note Investor (See Note 6). The Company’s obligation to issue shares of common stock underlying the Waiver Warrants is expressly conditioned upon stockholder approval of all of the transactions contemplated by the August Purchase Agreement (See Note 11 – Subsequent Events for additional information.)

Additionally, as a result of the December 2022 Offering, the Base Conversion Price was adjusted to the Floor Price.

#### Payroll Protection Program Note Agreement

On May 3, 2020, we received a loan (the “PPP Loan”) from Wells Fargo Bank, National Association in the aggregate amount of \$847,000, pursuant to the Paycheck Protection Program (the “PPP”) under Division A, Title I of the Coronavirus Aid, Relief, and Economic Security Act, which was enacted on March 27, 2020. The PPP Loan was funded on May 7, 2020. The PPP Loan, which is in the form of a PPP promissory note and agreement, dated May 3, 2020 (the “PPP Note Agreement”), had a maturity date of May 3, 2022 and bore interest at a rate of 1.00% per annum. Pursuant to a change in guidance by the U.S. Small Business Administration, the initial monthly payment date of the PPP Note Agreement was deferred from November 1, 2020 to August 18, 2021. The PPP Loan could be prepaid by us at any time prior to maturity with no prepayment penalties. During the third quarter of 2021, the Company received full loan forgiveness for obligations related to the PPP Loan. The Company accounted for the PPP Loan as debt, and the loan forgiveness was accounted for as a debt extinguishment. The amount of loan and interest forgiven totaling \$859,000, was recognized as a gain upon debt extinguishment and was reported in the accompanying consolidated statements of operations for the year ended December 31, 2021.

### 5. Fair Value Measurements

The Company measures the fair value of financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. Each level of input has different levels of subjectivity and difficulty involved in determining fair value.

- Level 1 – Inputs used to measure fair value are unadjusted quoted prices that are available in active markets for the identical assets or liabilities as of the reporting date. Therefore, determining fair value for Level 1 investments generally does not require significant judgment, and the estimation is not difficult.
- Level 2 – Pricing is provided by third-party sources of market information obtained through investment advisors. The Company does not adjust for or apply any additional assumptions or estimates to the pricing information received from its advisors.
- Level 3 – Inputs used to measure fair value are unobservable inputs that are supported by little or no market activity and reflect the use of significant management judgment. These values are generally determined using pricing models for which the assumptions utilize management’s estimates of market participant assumptions. The determination of fair value for Level 3 instruments involves the most management judgment and subjectivity.

The Company’s financial assets and liabilities that are measured at fair value on a recurring basis as of December 31, 2022 and 2021 by level within the fair value hierarchy, are as follows:

(in thousands)	December 31, 2022		
	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

Derivative liability	\$ —	\$ —	\$ 333

There were no transfers between Level 1, 2 or 3 during the years ended December 31, 2022 or 2021.

Derivative Liability

As described previously in Note 4, the conversion provisions embedded in the Convertible Note require bifurcation and measurement at fair value as a derivative. The fair value was calculated using a Monte Carlo simulation to create a distribution of potential market capitalizations and share prices for the Company on a weekly basis over the assumed period, given the various scenarios. The average value of the Convertible Note was discounted to the valuation date to determine a calibrated discount rate so that the fair value of the Convertible Note was \$3 million. The value of the Convertible Note was compared with the value of a hypothetical note with no conversion rights in order to determine the fair value of the conversion feature.

As of December 31, 2021, the Company did not have a derivative liability. The Series A Preferred Stock was exchanged for common stock and warrants during the year ended December 31, 2021, thereby eliminating the conversion feature which gave rise to the derivative. Prior to the exchange, the Company had measured the fair value of the derivative by estimating the fair value of the Series A Preferred Stock as if conversion occurred at the end of the reporting period. The Company calculated the value of the conversion feature using the Fixed Conversion Price of the Series A Preferred Stock, as adjusted to 95% of the volume weighted average price of the common stock for the previous ten trading days constrained by the specified floor price of \$30.00. The changes in the fair value of the derivative liability for the years ended December 31, 2022 and 2021 were as follows:

The changes in fair value of the derivative liability are recorded in change in fair value of derivative liability in the consolidated statements of operations.

### 6. Convertible Preferred Stock and Stockholders' Equity

#### **Series A 8% Senior Convertible Preferred Stock**

On April 18, 2019, we entered into a Securities Purchase Agreement, dated as of April 18, 2019, with an investor (the "Preferred Investor") (the "Preferred SPA"), pursuant to which we issued 250,000 shares of our Series A 8% Senior Convertible Preferred Stock, par value \$0.0001 per share (the "Series A Preferred Stock"). In connection with the Preferred SPA, the Company also issued to the Preferred Investor a warrant to purchase 128 shares of our common stock.

On June 4, 2021, the Company and the Preferred Investor entered into an exchange agreement pursuant to which the Company exchanged with the Preferred Investor, all outstanding shares of Series A Preferred Stock, for 250,000 shares of common stock and warrants to purchase up to 1,875 shares of common stock. In connection with exchange agreement the Company recorded a deemed dividend of \$1,192,000. Immediately following the exchange, the Company no longer had a derivative liability or any preferred stock outstanding.

On August 31, 2022, the Company filed an Elimination of Certificate of Designations of the Preferences, Rights and Limitations of the Series A 8% Senior Convertible Preferred Stock (the "Series A Elimination Certificate") in order to eliminate and cancel all designations, rights, preferences and limitations of the shares of the Series A 8% Preferred Stock. Prior to the filing of the Series A Elimination Certificate, none of the 1,250,000 authorized shares of Series A Preferred Stock were issued and outstanding, and no shares of Series A Preferred Stock were to be issued subject to the Series A Certificate of Designations. The Series A Elimination Certificate became effective upon its filing with the Secretary of State of the State of Delaware.

As of December 31, 2022, there are no shares of preferred stock issued or outstanding.

#### **Common Stock**

##### Carve-Out Plan

For the three months ended March 31, 2021, 352 shares of restricted stock issued under the Carve-Out Plan (the "Carve-Out Plan"), were released with an intrinsic value of approximately \$2,000. No shares were subsequently issued under the Plan.

##### 2018 Long Term Stock Incentive Plan

On January 30, 2018, the Company's board of directors approved the establishment of the Company's 2018 Long-Term Stock Incentive Plan (the "LTIP") and termination of its Carve-Out Plan. Under the LTIP, the aggregate maximum number of shares of common stock (including shares underlying options) that may be issued under the LTIP pursuant to awards of Restricted Shares or Options will be limited to 15% of the outstanding shares of common stock, which calculation shall be made on the first trading day of each new fiscal year; provided that, in any year no more than 8% of the common stock or derivative securitization with common stock underlying 8% of the common stock may be issued in any fiscal year. Thereafter, the 15% evergreen provision governs the LTIP. For fiscal year 2023, up to 108,373 shares of common stock are available for participants under the LTIP as of January 1, 2023. (See Note 11 regarding the amendments to the LTIP.)

#### December 2022 Best-Efforts Offering

In connection with the consummation of the December 2022 Offering, the Company issued an aggregate of 504,000 units (the "Units") and 36,000 pre-funded units (the "Pre-Funded Units") at an effective public offering price of \$14.00 per Unit, resulting in net proceeds of approximately \$6.4 million. Each Unit consists of (i) one share (the "Shares") of common stock, par value \$0.0001 per share ("Common Stock"), (ii) one Series A Warrant (the "Series A Warrants"), and (iii) one Series B Warrant (the "Series B Warrants" and, together with the Series A Warrants, the "Warrants"), each such Warrant being exercisable from time to time for one Share of the Company's common stock at an exercise price of \$14.00 per share. Each Pre-Funded Unit consists of (i) one pre-funded warrant (the "Pre-Funded Warrants"), each such Pre-Funded Warrant being exercisable from time to time for one Share of the Company's common stock, (ii) one Series A Warrant and (iii) one Series B Warrant. The Warrants are immediately exercisable for one Share at an exercise price of \$14.00 per share, and will expire five (5) years after the date of issuance. The Pre-Funded Warrants were immediately exercisable for one Share at an exercise price of \$0.10 per share. The Pre-Funded Warrants were exercised immediately upon the closing of the December 2022 Offering, resulting in the issuance of 36,000 shares of common stock and additional proceeds of \$3,600 to the Company.

The Share and accompanying Warrants included in each Unit were issued separately, and the Pre-Funded Warrant and the accompanying Warrants included in each Pre-Funded Unit were issued separately. The Units and Pre-Funded Units have no stand-alone rights and were not issued or certificated.

Subject to certain exemptions outlined in the Warrants, if the Company sells, enters into an agreement to sell, or grants any option to purchase, or sells, enters into an agreement to sell, or grants any right to reprice, or otherwise disposes of or issues (or announces any offer, sale, grant or any option to purchase or other disposition) any shares of Common Stock or any other securities that are at any time convertible into, or exercisable or exchangeable for, or otherwise entitle the holder thereof to receive, Common Stock, at an effective price per share less than the exercise price of the Warrant then in effect, the exercise price of the Warrants will be reduced to equal the effective price per share in such dilutive issuance. The Warrants contain a one-time reset of the exercise price to a price equal to the lesser of (i) the then exercise price and (ii) 100% of the five-day volume weighted average prices for the five (5) trading days immediately preceding the date that is sixty days after issuance of such Warrants. The Warrants are subject to certain call features and, in certain circumstances, may be exercised on a cashless basis.

In connection with the December 2022 Offering, on November 29, 2022, the Company entered into a securities purchase agreement (the "December Purchase Agreement") with certain institutional investors. Under the December Purchase Agreement, subject to certain exemptions, the Company is prohibited, until ninety (90) days after the closing of the offering, from issuing, entering into any agreement to issue or announcing the issuance or proposed issuance of any shares of common stock or common stock equivalents (as defined in the December Purchase Agreement) or (ii) filing any registration statement or amendment or supplement thereto under the Securities Act of 1933, as amended (the "Securities Act").

Also in connection with the December 2022 Offering, on November 29, 2022, the Company entered into a placement agency agreement (the "Placement Agency Agreement") with Maxim Group LLC (the "Placement Agent"), pursuant to which the Placement Agent agreed to act as placement agent on a "best efforts" basis in connection with the offering. The Company paid the Placement Agent an aggregate fee equal to 8.0% of the gross proceeds raised in the December 2022 Offering, and a non-accountable expense allowance equal to 1.0% of such gross proceeds. The Company reimbursed the Placement Agent \$100,000 for expenses in connection with the December 2022 Offering.

A registration statement on Form S-1 (the "Registration Statement") relating to the Offering (File No. 333-268085) was initially filed with U.S. Securities and Exchange Commission (the "SEC") on November 1, 2022, and was declared effective by the SEC on November 29, 2022. The December 2022 Offering was made by means of a prospectus forming a part of the effective Registration Statement.

#### Warrants for Common Shares

The Company has issued warrants to purchase common shares to employees and consultants as compensation for services rendered, as well as, in conjunction with the purchase of common shares in equity and debt transactions. A summary of the warrant activity and related information for the years ended December 31, 2022 and 2021 is provided as follows.

In January 2021, pursuant to the Company's solicitation of certain warrant holders, such warrant holders agreed to exercise warrants to purchase an aggregate of 12,217 shares of common stock for net proceeds of approximately \$2.9 million. In consideration for their exercise of these warrants, for cash, the exercising holders were issued new warrants to purchase up to an aggregate of 385 shares of common stock, at an exercise price of \$420.00 per share, which are exercisable for a period of five years. The grant date fair value of those warrants was \$567,000, which was recorded as warrant inducement expense and an increase to additional paid-in capital on the accompanying consolidated balance sheet. The fair value of such warrants was determined using the Black-Scholes Model based on the following weighted average assumptions: common stock price on date of grant of \$385.00; expected dividend yield of 0.0%; expected volatility of 60.1%; risk-free interest rate of 0.45% and expected life of 5.0 years.

On April 18, 2019, the Company entered into a Securities Purchase Agreement with the Preferred Investor, pursuant to which the Company issued 250,000 shares of our Series A 8% Convertible Preferred Stock (the "Original Securities"). On June 4, 2021, the Company and the Preferred Investor entered into that an exchange agreement pursuant to which the Company exchanged with the Preferred Investor the Original Securities held by the investor for: (i) 2,500 shares of common stock and (ii) warrants to purchase up to 1,875 shares of Common Stock. The warrants will be exercisable for a period of five (5) years and four (4) months. The exercise price with respect to the warrants is \$300.00 per share. The exercise price and the number of shares of common stock issuable upon exercise of the warrants are subject to adjustment upon certain events, such as stock splits, combinations, dividends, distributions, reclassifications, mergers or other corporate change and dilutive issuances. The grant date fair value of those warrants was \$570,000, which was recorded as loss on exchange of preferred stock and an increase to additional paid-in capital on the accompanying consolidated balance sheets. The fair value of such warrants was determined using the Black-Scholes Model based on the following weighted average assumptions: common stock price on date of grant of \$477.00; expected dividend yield of 0.0%; expected volatility of 60.7%; risk-free interest rate of 0.78% and expected life of 5.4 years.

In June 2021, pursuant to the Company's solicitation of certain warrant holders, such warrant holders agreed to exercise warrants to purchase an aggregate of 10,000 shares of common stock for net proceeds of approximately \$2.3 million. In consideration for their exercise of these warrants, for cash, the exercising holders were issued new warrants to purchase up to an aggregate of 2,500 shares of common stock, at an exercise price of \$446.00 per share, which are exercisable for a period of five years. The grant date fair value of those warrants was \$579,000, which was recorded as warrant inducement expense and an increase to additional paid-in capital on the accompanying consolidated balance sheet. The fair value of such warrants was determined using the Black-Scholes Model based on the following weighted average assumptions: common stock price on date of grant of \$450.00; expected dividend yield of 0.0%; expected volatility of 60.7%; risk-free interest rate of 0.77% and expected life of 5.0 years.

In December 2021, the Company granted a warrant to purchase up to 250 shares of common stock to Lippert/Heilshorn Associates Inc. The warrant has an exercise price of \$152.00 per share and are fully vested. The fair value of the warrant at issuance was \$21,000. The fair value of the warrant was estimated using the Black-Scholes Model based on the following weighted average assumptions: common share price on date of grant \$149.00, expected dividend yield 0%, expected volatility 67%, risk-free interest rate 1.19% and expected life of 5.0 years. The fair value was recorded as professional services with the offset to additional paid-in capital.

In December 2021, the Company granted a warrant to purchase up to 150 shares of common stock to Marketing by Design LLC. The warrant has an exercise price of \$152.00 per share and are fully vested. The fair value of the warrant at issuance was \$12,000. The fair value of the warrant was estimated using the Black-Scholes Model based on the following weighted average assumptions: common share price on date of grant \$149.00, expected dividend yield 0%, expected volatility 67%, risk-free interest rate 1.19% and expected life of 5.0 years. The fair value was recorded as professional services with the offset to additional paid-in capital.

### 6. Convertible Preferred Stock and Stockholders' Equity, continued

In connection with the issuance of the Convertible Note, the Company issued a warrant ("Convertible Note Warrant") to the investor to purchase up to 20,970 shares of the Company's common stock, at an exercise price of \$99.70 per share (see Note 4 – Borrowings). The Warrant is exercisable immediately and will expire on the fifth (5th) anniversary of its date of issuance and may be exercised on a cashless basis in the event of a fundamental transaction involving the Company or if the resale of the shares of common stock underlying the Warrant is not covered by a registration statement. The Exercise Price is subject to full ratchet antidilution protection, subject to certain price limitations required by Nasdaq rules and regulations and certain exceptions, upon any subsequent transaction at a price lower than the Exercise Price then in effect and standard adjustments in the event of certain events, such as stock splits, combinations, dividends, distributions, reclassifications, mergers or other corporate changes.

The grant date fair value of the Convertible Note Warrant was \$985,000, which was recorded as debt discount with the offset recorded to warrant liability on the consolidated balance sheets. The Convertible Note Warrant was recorded as a liability due to the potential variability of its exercise price. The fair value of such warrants was determined using the Black-Scholes Model based on the following weighted average assumptions: common stock price on date of grant of \$77.00; expected dividend yield of 0.0%; expected volatility of 80.3%; risk-free interest rate of 2.91% and expected life of 5 years.

In connection with the December 2022 Offering, under which warrants to purchase common stock were issued with an exercise price of \$14.00 per share, the exercise price of the Convertible Note Warrant was reduced from \$99.70 per share to the Floor Price of \$50.00 per share as a result of the full ratchet antidilution protection clause in the Convertible Note Warrant.

At December 31, 2022, the fair value of the Convertible Note Warrant was \$151,000. The Company determined the fair value of the warrant using the Black-Scholes Model based on the following weighted average assumptions: common stock price on revaluation date of \$11.00 ; expected dividend yield of 0.0%; expected volatility of 89%; risk-free interest rate of 3.99% and expected life of 4.7 years. The change in the fair value of the warrant liability was recorded to other income on the consolidated statements of operations.

In connection with the Convertible Note, the Company issued a warrant to Maxim to purchase up to 1,944 shares of the Company's common stock, at an exercise price of \$99.70 per share (see Note 4 – Borrowings). The grant date fair value of such warrants was \$91,000, which was recorded as debt discount with the offset recorded to additional paid-in capital on the consolidated balance sheets. The fair value of such warrants was determined using the Black-Scholes Model based on the following weighted average assumptions: common stock price on date of grant of 77.00; expected dividend yield of 0.0%; expected volatility of 80.3%; risk-free interest rate of 2.91% and expected life of 5 years. The Warrant is exercisable at any time on or after the six-month anniversary of the closing date of the Private Placement and will expire on the fifth (5th) anniversary of its date of issuance and may be exercised on a cashless basis in the event that the shares of common stock underlying the warrant are not covered by a registration statement. In addition, the warrant includes a registration rights provision granting Maxim the same registration rights granted to the Convertible Note investor pursuant to the August Purchase Agreement. The exercise price is subject to adjustment upon certain events, such as stock splits, combinations, dividends, distributions, reclassifications, mergers or other corporate changes.

In connection with the December 2022 Offering, the Company issued Series A warrants to the December 2022 investors to purchase up to 540,000 shares of the Company's common stock, at an exercise price of \$14.00 per share. The grant date fair value of such warrants was \$4,914,000, which was recorded as a liability with the offset recorded to additional paid-in capital on the consolidated balance sheets. The fair value of such warrants at issuance was determined using the Black-Scholes Model based on the following weighted average assumption: common stock price on date of grant of \$11.00; expected dividend yield of 0.0%; expected volatility of 89%; risk-free interest rate of 3.68% and expected life of 5 years.

In connection with the December 2022 Offering, the Company issued Series B warrants to the December 2022 investors to purchase up to 540,000 shares of the Company's common stock, at an exercise price of \$14.00 per share. Right-of-use assets	(33)	—
Other	(15)	—
Total deferred tax liabilities	(110)	(62)
Net deferred tax assets	\$ —	\$ —

The Company’s accounting for deferred taxes involves the evaluation of a number of factors concerning the realizability of the Company’s net deferred tax assets. The Company primarily considered such factors as the Company’s history of operating losses; the nature of the Company’s deferred tax assets and the timing, likelihood and amount, if any, of future taxable income during the periods in which those temporary differences and carryforwards become deductible. At present, the Company does not believe that it is “more-likely-than-not” that the deferred tax assets will be realized; accordingly, a full valuation allowance was maintained, and no deferred tax assets were shown in the accompanying consolidated balance sheets. The valuation allowance increased by \$5,198,000 and \$3,115,000 during the years ended December 31, 2022 and 2021, respectively.

On March 27, 2020, the U.S. enacted the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”). The CARES Act includes provisions relating to refundable payroll tax credits, net operating loss carryback periods, alternative minimum tax credit refunds, modifications to the net interest deduction limitations and technical corrections to the tax depreciation methods for qualified improvement property. On December 21, 2020, the U.S. Congress passed the Consolidation Appropriations Act, 2021 (the “CAA Act”). The tax provisions under the CARES Act and CAA Act, do not have a material impact on the consolidated financial statements given the existence of a full valuation allowance.

The CARES Act established the Paycheck Protection Program (the “PPP Loan”). Under the terms of the CARES Act, PPP loan recipients can apply for and be granted forgiveness for all or a portion of the loan granted under the PPP Loan. On May 3, 2020, the Company received the PPP loan from Wells Fargo Bank. During the third quarter of 2021, the full amount of the PPP Loan was forgiven. The CARES Act specifically requires taxpayers to exclude canceled indebtedness from gross income, and, accordingly, the debt forgiveness amount was treated as nontaxable.

On June 29, 2020, California Assembly Bill 85 (“AB 85”) was signed into law, which suspends the use of California net operating losses and limits the use of California research tax credits for tax years beginning in 2020 and before 2023. However, on February 9, 2022 California Senate Bill 113 (“SB 113”) was signed into law and removed the limitation on the net operating losses and credits for the 2022 year and allows, after taxable years beginning on or after January 1, 2022, the ability to utilize net operating losses and credits. These changes did not have a significant impact on the consolidated financial statements.

### 7. Income Taxes, continued

As of December 31, 2022, the Company had federal net operating loss carryforwards of \$61,968,000. The federal net operating loss carryforwards will carryforward indefinitely but are subject to the 80% taxable income limitation.

As of December 31, 2022, the Company had state net operating loss carryforwards of \$60,756,000 which will begin to expire in 2038.

Utilization of the Company's net operating losses and credit carryforwards may be subject to annual limitations in the event of a Section 382 ownership change. Such future limitations could result in the expiration of net operating losses and credit carryforwards before utilization as a result of such an ownership change.

Provision for income taxes for the years ended December 31, 2022 and 2021 differed from the amounts computed by applying the statutory federal income tax rate of 21% to the loss before provision for income taxes as a result of the following:

	Year Ended December 31,	
	2022	2021
Effective tax rate reconciliation:		
Income tax provision at statutory rate	21.0 %	21.0 %
State taxes, net of federal benefit	—	—
Other permanent differences	3.5	(8.0)
Change in valuation allowance	(24.5)	(20.2)
Provision for income taxes	— %	— %

Tax positions are evaluated in a two-step process. The Company first determines whether it is "more-likely-than-not" that a tax position will be sustained upon examination. If a tax position meets the "more-likely-than-not" recognition threshold it is then measured to determine the amount of benefit to recognize in the consolidated financial statements. The tax position is measured as the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement. The aggregate changes in the balance of gross unrecognized tax benefits, which excludes interest and penalties, for the years ended December 31, 2022 and 2021 is zero.

The Company has not incurred any material tax interest or penalties as of December 31, 2022. The Company does not anticipate any significant change within 12 months of this reporting date of its uncertain tax positions. The Company is subject to taxation in the United States and various state jurisdictions. There are no ongoing examinations by taxing authorities at this time. The Company's various tax years 2018 through 2022 remain open for examination by the federal and state authorities for three and four years, respectively, from the date of utilization of any net operating loss carryforwards.

The Company recognizes interest and penalties related to uncertain tax positions in the provision for income taxes. As of December 31, 2022 and 2021, the Company has not accrued any penalties or interest related to uncertain tax positions.

### 8. Commitments and Contingencies

#### Operating Leases

The Company leases office space under a non-cancellable operating lease that expires in January 2024 and has an option to renew this lease, with renewal rates to be negotiated. Operating lease rentals are expensed on a straight-line basis over the life of the lease beginning on the date we take possession of the property. At lease inception, we determine the lease term by assuming the exercise of those renewal options that are reasonably assured. The exercise of lease renewal options is at our sole discretion. The lease term is used to determine whether a lease is financing or operating and is used to calculate straight-line rent expense. Additionally, the depreciable life of leasehold improvements is limited by the expected lease term. Leases with an initial term of 12 months or less are not recorded on the consolidated balance sheets; we recognize lease expense for these leases on a straight-line basis over the lease term.

#### Management Team Retention Bonus

On September 1, 2022, the “Company adopted its Management Team Retention Bonus Plan (the “Retention Plan”), to incentivize certain management level employees (the “Managers”) to remain intact through and shortly following a potential “Change of Control” (as defined in the Retention Plan). The aggregate Retention Plan bonus amounts for all Managers is \$1,250,000.

The Retention Plan provides that each Manager is eligible to receive a lump sum cash amount under the Retention Plan, on the earlier of the six-month anniversary of the date of a Change of Control or at the time of such Manager’s involuntary termination other than for “Cause” (as defined in the Retention Plan) or termination for “Good Reason” (as defined in the Retention Plan). The Retention Plan will terminate upon the earlier of June 30, 2023 if a Change of Control has not occurred by such date or upon the payment of all Retention Bonus Amounts. As of December 31, 2022, no accrual has been made under the Retention Plan.

#### Contingencies

In the normal course of business, the Company may become involved in legal proceedings. The Company will accrue a liability for such matters when it is probable that a liability has been incurred and the amount can be reasonably estimated. When only a range of a possible loss can be established, the most probable amount in the range is accrued. If no amount within this range is a better estimate than any other amount within the range, the minimum amount in the range is accrued. The accrual for a litigation loss contingency might include, for example, estimates of potential damages, outside legal fees and other directly related costs expected to be incurred.

The Company’s management does not believe that any such matters, individually or in the aggregate, will have a materially adverse effect on the Company’s consolidated financial statements.

#### NASDAQ Notifications

On January 18, 2023, the Company received notice (the “January 18 Letter”) that Nasdaq had determined that as of January 18, 2023, the Company’s securities had a closing bid price of \$0.10 or less for ten consecutive trading days triggering application of Listing Rule 5810(c)(3)(A)(iii) which states in part: if during any compliance period specified in Rule 5810(c)(3)(A), a company’s security has a closing bid price of \$0.10 or less for ten consecutive trading days, the Listing Qualifications Department shall issue a Staff Delisting Determination under Rule 5810 with respect to that security (the “Low Priced Stocks Rule”). As a result, the Staff determined to delist the Company’s securities from Nasdaq, unless the Company timely requests an appeal of the Staff’s determination to a Hearings Panel (the “Panel”), pursuant to the procedures set forth in the Nasdaq Listing Rule 5800 Series.

The Company requested a hearing before the Panel to appeal the January 18 Letter and to address all outstanding matters, including compliance with the Rule, the Low Priced Stocks Rule and Nasdaq Listing Rule 5635(d). While the appeal process is pending, the suspension of trading of the Company’s common stock will be stayed.

On February 13, 2023, the Company received notice (the “February 13 Letter”) from Nasdaq that it had determined that the Company had cured its bid price deficiency and now complies with the Minimum Bid Price Requirement, as the closing bid price of the Company’s common stock was at least \$1.00 per share for at least a minimum of 10 consecutive business days. The Company also believes that it is also in compliance with the Low Priced Stocks Rule.

As a result of the February 13 Letter, the Company now only needs to address the matter concerning the December 2022 Offering and Nasdaq Listing Rule 5635(d) at a hearing before the Panel.

The Company attended a hearing before the Nasdaq panel on March 9, 2023 and is currently waiting for Nasdaq to render a decision.

#### Approval of Reverse Stock Split

On January 24, 2023, the Company’s stockholders approved an amendment to the Company’s certificate of incorporation, as amended, to effect a reverse stock split of all outstanding shares of common stock by a ratio in the range of one-for-five to one-for-one hundred, to be determined in the sole discretion of the Board of Directors of the Company. On January 24, 2023, the Company’s Board of Directors approved a one-for-one hundred reverse stock split of all outstanding shares of common stock.

On January 26, 2023, the Company announced that its Board of Directors had approved the Reverse Stock Split and it became effective on that date. The common stock began trading on a split-adjusted basis on January 27, 2023.
